Date: 22 July 2015

Dear Sir/Madam

**Planning Act 2008 (as amended) and Rule 8(3) of the Infrastructure
Planning (Examination Procedure) Rules 2010 (as amended)**

**Application by Capture Power Limited for an Order Granting Development
Consent for the White Rose Carbon Capture and Storage Project**

**Examining Authority's second written questions and notification of variation
to the examination timetable**

Further to the procedural decision and timetable enclosed with my letter of 29 April 2015, I am writing to inform you about my second written questions and decision to vary the examination timetable.

1. Second Written Questions

I would like to thank those parties who provided responses to my first written questions. In light of those responses, other written submissions and matters raised at hearings, I have decided to ask a number of second written questions.

The questions are directed, in the first instance, to the applicant and/or another named party. However, I invite interested parties to respond where they have relevant information to contribute. Where it is helpful to refer to documents already submitted please provide the relevant reference as categorised within the examination library, together with the page and/or paragraph number. The link to the White Rose Carbon Capture Storage project examination library is provided below:

<http://infrastructure.planninginspectorate.gov.uk/wp-content/ipc/uploads/projects/EN010048/0.%20Project%20Management/Document%20Library.pdf>

However, it should be assumed that my questions are being asked in order to seek additional information or clarification on the raised matter. I am seeking to ensure that there is sufficient evidence to support a soundly reasoned recommendation.

The questions are set out under subject headings and it would be helpful if responses could follow this format and include the reference number of the questions being answered.

These questions can be seen on our website of the White Rose Carbon Capture Storage project page:

<http://infrastructure.planningportal.gov.uk/document/3309472>

Responses to these questions must be received on or before **Wednesday 5 August 2015**.

2. Variation to the Examination timetable

In the light of the content of the written submissions received from the interested parties to date, together with the oral submissions made at the recent hearings, I have decided to deal with the outstanding matters before me by way of a written procedure rather than by way of any further hearings.

On this basis it will not be necessary to take up the 'reserve' accompanied site inspection (ASI) or hearing dates of 2 and 3 September 2015 which were set aside in the examination timetable to cater for the eventuality that further ASI's and Issue Specific Hearings might be needed.

Further to the examination timetable contained in Annex B of my letter of 29 April 2015 ('the Rule 8 letter'), a variation of the timetable has been made under Rule 8(3) and this is contained in **Annex A** of this letter at item 13, 14, 16, 17, 18 and 19.

If you have any further queries, please do not hesitate to contact the case team.

Yours faithfully

Elizabeth Hill

Elizabeth Hill
Examining Authority

Annex A: Amended Examination Timetable

Advice may be given about applying for an order granting development consent or making representations about an application (or a proposed application). This communication does not however constitute legal advice upon which you can rely and you should obtain your own legal advice and professional advice as required.

A record of the advice which is provided will be recorded on the Planning Inspectorate website together with the name of the person or organisation who asked for the advice. The privacy of any other personal information will be protected in accordance with our Information Charter which you should view before sending information to the Planning Inspectorate.

Amended Examination Timetable (at item 13, 14, 16, 17, 18 and 19)

Item	Matters	Due Dates
