1.0 INTRODUCTION

- 1.1 This document has been prepared in respect of Capture Power Limited's (the 'Applicant's') application (the 'Application') submitted, pursuant to Section 37 of The Planning Act 2008, for a Development Consent Order ('DCO') for the White Rose Carbon Capture and Storage ('CCS') Project (the 'Project') to the Secretary of State c/o The Planning Inspectorate ('PINS') on 21 November 2014. The Application was accepted for Examination on 17 December 2014.
- 1.2 The Project comprises the construction, operation and maintenance of a new thermal generating station (an ultra-supercritical oxy-fuel coal-fired power plant of up to 448 megawatts gross with the ability to co-fire biomass) that will be fitted with CCS technology in addition to associated development, on land within and adjacent to the existing Drax Power Station site, Drax, near Selby, North Yorkshire, YO8 8PH, within the administrative areas of North Yorkshire County Council and Selby District Council.
- 1.3 The document sets out the Applicant's responses to the Examining Authority's ('ExA's') procedural decision at point 4 of Annex G to the Rule 6 letter dated 30 April 2015 which stated:

"The applicant is requested to provide schedules of statutory undertakers' interests (s127) and apparatus interest (s138) PA 2008 identifying in each case which undertaker or body is involved. Each interest should be referenced by plot numbers. In addition, the applicant should set out against each plot and interest what steps have been taken to obtain the appropriate undertaker consent or agreement in principle or otherwise and how the applicant intends to satisfy s127 and s138 PA 2008. The deadline for the provision of the Annex is Wednesday 20 May 2015."
- 1.4 The Applicant's response to the procedural decision is provided in Section 2.

2.0 APPLICANT'S RESPONSE TO PROCEDURAL DECISION IN RELATION TO INTERESTS OF STATUTORY UNDERTAKERS

- 2.1 The Applicant's response to the ExA's procedural decision requesting details of statutory undertakers' interests in land and apparatus is set out in Table 2.1 on the following pages of this document.
- 2.2 Table 2.1 includes the statutory undertaker's name, relevant plots (within the Order limits, and as shown on the Land Plans, Document Ref. 4.2), whether it has submitted a Relevant Representation and the Applicant's update on the position in relation to the statutory undertaker.
- 2.3 As indicated in the Applicant's Response to the ExA's First Written Questions (Document Ref. 9.1, also submitted for Deadline 1, see the Applicant's Response to Question 1.6) the Applicant will submit an updated Book of Reference ('BoR') to take account of the necessary changes during the Examination. It will also submit further versions of this Schedule of Statutory Undertakers to provide updates on the position for those statutory undertakers who are relevant to the Project.
