Date: 27 November 2014

---

Dear Sir/Madam

**Planning Act 2008 (as amended) and The Infrastructure Planning (Examination Procedure) Rules 2010 (as amended) (EPR) – Rule 17 and Rule 8(3)**

**Application by Tidal Lagoon (Swansea Bay) Plc for an Order Granting Development Consent for the Tidal Lagoon Swansea Bay**

**Notification of deadline for comments on responses received for deadline VI of the examination timetable and request for further information**

The Examining Authority (ExA) has reviewed the responses submitted for deadline VI of the examination on 25 November 2014. It is apparent that some information contained within these submissions builds upon that previously submitted and raised through the examination.

Particular attention is drawn to the representations submitted by Welsh Government, Natural Resources Wales (e.g. its objection to the disapplication of the Salmon and Freshwater Fisheries Act requirement for the provision of screens) and the applicant's comments on the ExA's consultation draft Development Consent Order.

The ExA has concluded that all interested parties should be given an opportunity to comment upon all representations submitted for deadline VI.

Documents submitted for deadline VI have been published and can be accessed through the project page on the Planning Portal National Infrastructure pages: <http://infrastructure.planningportal.gov.uk/projects/wales/tidal-lagoon-swansea-bay/>

**At this stage of the examination, the ExA is not inviting the submission of new representations or new material; comments should be restricted to the deadline VI representations.**

The deadline for submission of comments is **Thursday 4 December**.

In addition to this, the ExA requests **that all outstanding s106 agreements should be completed and submitted by this deadline.**

**Important**

This is the final deadline for submissions in the timetable for examination of this application.

The ExA will complete and close its examination of the application as soon as it has considered the submissions, and may do so before 10 December 2014, which is the latest date by which the examination must be completed.

All interested parties should therefore ensure that their responses are received by 4 December. **Submissions received after the close of the examination cannot be taken into account by the ExA.**

Yours Faithfully,

*Simon Gibbs*

**Simon Gibbs**  
**Lead Member of the Panel of Examining Inspectors**

Annex A: Tidal Lagoon (Swansea Bay) amended timetable

Advice may be given about applying for an order granting development consent or making representations about an application (or a proposed application). This communication does not however constitute legal advice upon which you can rely and you should obtain your own legal advice and professional advice as required.

A record of the advice which is provided will be recorded on the Planning Inspectorate website together with the name of the person or organisation who asked for the advice. The privacy of any other personal information will be protected in accordance with our Information Charter which you should view before sending information to the Planning Inspectorate.
