By email and by hand

Dear Sirs

Proposed Knottingley Power Plant Order (EN10050)

We are writing to update on some of the matters which remain outstanding in relation to this application.

Applicant's comments on CRT submissions to Deadline 8 (KPL/Ex/25)

Having received a copy of the deadline 8 submissions from Canal & River Trust the Applicant feels that it is necessary to address the points raised by them. The enclosed document contains the Applicant's comments which we would be grateful if they could please be paced before the ExA for consideration.

Deposit locations for certified plans and book of reference (Draft DCO - Explanatory Notes)

The Examining Authority will be aware that the Applicant submitted their final revision of the draft DCO to the Examination on Friday 15 August 2014. At this time, it was not yet finalised where the certified plans and book of reference would be made available for inspection. The Applicant has now agreed that the certified plans and the book of reference will be put on deposit at: Knottingley Library; and the offices of Wakefield Metropolitan District Council, North Yorkshire County Council, and Selby District Council. Accordingly, the second paragraph of the Explanatory Notes at the end of the draft DCO should read as follows:

"A copy of the plans and book of reference referred to in the Order and certified in accordance with article 34 (certification of plans, etc) of this Order may be inspected free of charge at Knottingley Library at Knottingley Sports Centre, Hill Top, Pontefract Road, Knottingley, WF11 8EE, and at the offices of Wakefield Council at Wakefield One, Burton Street, Wakefield, WF1 2EB, North Yorkshire County Council at County Hall, Northallerton, North Yorkshire, DL7 8AD, and Selby District Council at Access Selby, 8-10 Market Cross, Selby, YO8 4JS."

Other outstanding matters

National Grid - The form of protective provisions between the Applicant and National Grid Gas Plc and National Grid Electricity Transmission Plc have been circulated for execution and completion of the agreements is expected very shortly.

Land Plans - The Land Plans have had drawing numbers added and will be reissued shortly along with an updated definition of "land plans" in the draft DCO.

The Applicant will update the Examining Authority on the resolution of these issues as soon as they are able to do so.

Please do let us know if you have any queries.

Yours faithfully

Bond Dickinson LLP
