Dear Madam

Your help would be appreciated with the following:-

I am trying to find out if it is intended to access the gas pipeline construction from the A19 at Chapel Haddlesey crossroads and then west along Millfield Lane, over Tankards Bridge through West Haddlesey.

Our previous submissions have underlined the dangers of this route.

If this route is to be closed to construction traffic then we do not need to trouble the enquiry.

I hope you can help clarify this issue.

Yours sincerely,

**Bryan Metcalf**
