

SECTION 153 OF THE PLANNING ACT 2008

REGULATION 6 OF THE INFRASTRUCTURE PLANNING (CHANGES TO, AND REVOCATION OF, DEVELOPMENT CONSENT ORDERS) REGULATIONS 2011

NOTICE OF APPLICATION TO MAKE A NON-MATERIAL CHANGE TO THE FOLLOWING DEVELOPMENT CONSENT ORDER:

THE DOGGER BANK TEESSIDE A AND B OFFSHORE WIND FARM ORDER 2015 (SI 2015/1592) AS AMENDED BY THE DOGGER BANK TEESSIDE A AND B OFFSHORE WIND FARM AMENDMENT ORDER 2019 (SI 2019/699)

- 1 An application has been made by Sofia Offshore Wind Farm Limited to the Secretary of State for Business, Energy and Industrial Strategy to make a non-material change to the above mentioned Development Consent Order (the DCO).
- 2 The DCO granted development consent to Doggerbank Project 2 Bizco Limited for 'Project A' and Doggerbank Project 3 Bizco Limited for 'Project B' – two offshore wind turbine generating stations each comprising up to 200 wind turbine generators (WTGs) and associated development in the Dogger Bank Zone and the Borough of Redcar and Cleveland. Doggerbank Project 2 Bizco Limited has been renamed at Companies House as Doggerbank Offshore Wind Farm Project 3 Projco Limited and Doggerbank Project 3 Bizco Limited has been renamed at Companies House as Sofia Offshore Wind Farm Limited (SOWFL). SOWFL has renamed Project B to Sofia Offshore Wind Farm (Sofia). The Applicant therefore has the benefit of development consent for Sofia.
- 3 The application seeks to make non-material changes to the consented Sofia offshore works including: increasing the maximum hammer energy used for monopole installation for the WTGs and the offshore convertor platform (OCP) from 3,000kJ to 4,000kJ; consent to lay cables between the WTG and the OCP; increasing the number of fibre optic cables within the HVDC cables to two; and corrections to ensure consistency in cross-referencing with the previously varied deemed marine licences. No changes are sought in this application to Project A.
- 4 The application documents are available for inspection on the National Infrastructure Planning Portal (Dogger Bank Teesside A and B Offshore Wind Farm page) here: <https://infrastructure.planninginspectorate.gov.uk/projects/yorkshire-and-the-humber/dogger-bank-teesside-a-sofia-offshore-wind-farm-formerly-dogger-bank-teesside-b-project-previously-known-as-dogger-bank-teesside-ab/?ipcsection=docs>. Click on the Documents tab and then click on Decided in the documents navigation area. They are also available on the Sofia project website at www.sofiawindfarm.com.
- 5 A free digital or paper copy of the application documents can also be obtained from the Applicant using the following contact details:

Sofia Offshore Wind Farm Limited, Windmill Hill Business Park, Whitehill Way, Swindon, Wiltshire, England, SN5 6PB or at comms_sofia@innogy.com or on +44 (0)330 122 9670

- 6 Please send any representations about the application by email to the Planning Inspectorate at DBTeessideAB@pins.gsi.gov.uk or in writing to: **Major Applications & Plans, The Planning Inspectorate, Temple Quay House, Temple Quay, Bristol BS1 6PN**. Please quote reference EN010051 on any correspondence. advice

Redcar
& Cleveland

Since the very beginning, Citizens Advice has been at the forefront of providing free, confidential, independent advice.

As a charity we started giving advice the day after World War Two started, in 200 locations on 4 September 1939. More than 80 years on we have continued our advice services even during COVID-19.

Life can be tough for everyone at times and at Redcar and Cleveland Citizens Advice we

have persevered through many national crises to support the local community. The need for advice and support on any subject matter in the year ahead will be more important than ever. We have entered a year of uncertainty, complexity and change.

Managing money, family and health worries and understanding consumer and legal rights are just some of the issues that many people will face on a daily basis over

the next 12 months. And it's likely that these will be made even more complicated by the COVID-19 pandemic and uncertain economic times we are experiencing.

In the face of this new challenge COVID-19 has presented, we have along with other charities had no choice but to close our face to face appointment service to the public. However, our volunteers and staff have worked tirelessly to deliver a telephone service to Redcar and Cleveland residents. We want to ensure all Redcar and Cleveland residents that we are still here to support and advise you. No matter how big or small your issue, we have fully trained volunteers and staff ready to take your call. Please contact us today for full advice and support. Please don't bury your head in the sand, we can help you today.

Zoe's Place
Baby Hospice

Zoe's Place Baby Hospice's three hospices have joined together for the first time to take part in the 2.6 challenge in conjunction with Save the UK's Charities Campaign.

Launched in response to the thousands of fundraising events that have been mandatorily postponed or cancelled in accordance with lockdown enforcement, the 2.6 Challenge involves volunteers coming up with an activity to suit their own individual skills based around the numbers 2.6 or 26 - following which they can donate to the charity of their choice.

Part of the fundraising Campaign to Save the UK's Charities, the 2.6 Challenge asks volunteers to complete their chosen activity on or from Sunday 26th April.

There are no additional rules except to ensure that any organised activity outside sits in line with governmental guidelines - and mostly importantly to have fun.

COVID-19 has had an unprecedented impact on the charity sector, with recent reports suggesting that an estimated £4 billion has been lost due to the loss of income from vital fundraising events that act as the lifeblood of charities such as Zoe's Place.

With hospices in Coventry, Liverpool and Middlesbrough, Zoe's Place provides palliative end of life care to babies and infants across the UK suffering from life-limiting or life-threatening conditions as well as offering much

needed respite for their families.

Unfortunately due to COVID-19 the hospices have had to shut their doors to protect the children, staff and families.

However, when open, the three hospices require a combined revenue of £4.5 million. The loss in revenue from the cancelled or postponed events which accounts for over 80 percent of their income, has come as a blow to the hospice.

Almost entirely reliant on donations, Zoe's Place faces a constant uphill battle to ensure it remains open to children and their families 24/7, 365 days per year.

Executive Trustee Joan Stainsby commented: "This has been a hugely challenging time for countless charities across the UK. The impact of COVID-19 on the sector has been unprecedented and has unfortunately resulted in all events being postponed or cancelled for the foreseeable future."

"This has left a huge financial hole that needs filling. Fortunately, national campaigns such as the 2.6 Challenge to Save the UK's Charities will help begin the process of providing the necessary support that organisations such as Zoe's Place desperately need in order to maintain their services."

"Fundraising campaigns are the lifeblood of Zoe's Place, accounting for around £3.6 million per year across all three hospices. Under usual circumstances this money would have been devoted to the vital care services and facilities that offer children from 0-5 and their families the

Zoe's Place Baby Hospice bands together to join nationwide 2.6 challenge fundraising campaign

much-needed support and care that is required 24/7, 365 days a year.

"For many charities, 26th April would have been one of the biggest fundraising days of the year thanks to the London Marathon - the world's biggest fundraising event which raised

£66.4 million for charities in 2019.

"From challenging yourself to 26 press-ups to undertaking a 2.6-minute sponsored silence, this challenge offers something for everyone as it benefits from being totally diverse and suits those with a broad range of individual talents."

THE DOGGER BANK TEESSIDE A AND B OFFSHORE WIND
FARM AMENDMENT ORDER 2019 (SI 2019/699)**

1. An application has been made by Sofia Offshore Wind Farm Limited and Doggerbank Offshore Wind Farm Project 3 Projco Limited to the Secretary of State for Business, Energy and Industrial Strategy to make a non-material change to the above mentioned Development Consent Order (the DCO).
2. The DCO granted development consent to Doggerbank Project 2 Bizco Limited for 'Project A' and Doggerbank Project 3 Bizco Limited for 'Project B' - two offshore wind turbine generating stations each comprising up to 200 wind turbine generators (WTGs) and associated development in the Dogger Bank Zone and the Borough of Redcar and Cleveland. Doggerbank Project 2 Bizco Limited has been renamed at Companies House as Doggerbank Offshore Wind Farm Project 3 Projco Limited (Project 3 Projco) and Doggerbank Project 3 Bizco Limited has been renamed at Companies House as Sofia Offshore Wind Farm Limited (SOWFL). SOWFL has renamed Project B to Sofia Offshore Wind Farm (Sofia). Together the Applicants therefore have the benefit of development consent for both Project A and Sofia.
3. The application seeks to make non-material changes to the drafting of the DCO to reflect the Project A and Sofia projects being taken forward by separate project companies. The changes are principally to the requirements of the Order to facilitate delivery of the projects and clarify project responsibilities. Further information regarding the proposed changes is set out in the Explanatory Note that is submitted with the application.

REGULATION 6 OF THE INFRASTRUCTURE PLANNING (CHANGES TO, AND REVOCATION OF, DEVELOPMENT CONSENT ORDERS) REGULATIONS 2011

NOTICE OF APPLICATION TO MAKE A NON-MATERIAL CHANGE TO THE FOLLOWING DEVELOPMENT CONSENT ORDER:

THE DOGGER BANK TESSIDE A AND B OFFSHORE WIND FARM ORDER 2015 (SI 2015/1592) AS AMENDED BY THE DOGGER BANK TESSIDE A AND B OFFSHORE WIND FARM AMENDMENT ORDER 2019 (SI 2019/699)

- An application has been made by Soffa Offshore Wind Farm Limited to the Secretary of State for Business, Energy and Industrial Strategy to make a non-material change to the above mentioned Development Consent Order (the DCO).
- The DCO granted development consent to Doggerbank Project 2 Bico Limited for Project A and Doggerbank Project 3 Bico Limited for Project B - two offshore wind turbine generating stations each comprising up to 200 wind turbine generators (WTGs) and associated development in the Dogger Bank Zone and the Borough of Redcar and Cleveland. Doggerbank Project 2 Bico Limited has been renamed at Companies House as Doggerbank Offshore Wind Farm Project 2 Bico Limited and Doggerbank Project 3 Bico Limited has been renamed at Companies House as Soffa Offshore Wind Farm Limited (SOWFL). SOWFL has renamed Project B to Soffa Offshore Wind Farm (Soffa). The Applicant therefore has the benefit of development consent for Soffa.
- The application seeks to make non-material changes to the consented Soffa offshore works including: increasing the maximum hammer energy used for monopile installation for the WTGs and the offshore concrete platform (OCP) from 1,000k to 4,000k J; consent to lay cables between the WTGs and the OCP; increasing the number of fibre optic cables within the HVX cables in huts and connections to ensure consistency in cross-referencing with the previously varied deemed marine licences. No changes are sought in this application to Project A.
- The application documents are available for inspection on the National Infrastructure Planning Portal (Dogger Bank Teesside A and B Offshore Wind Farm page) here: <https://infrastructure.planninginspectorate.gov.uk/projects/yorkshire-and-the-humber/dogger-bank-teesside-a-offshore-wind-farm-formerly-dogger-bank-teesside-a-project-previously-known-as-dogger-bank-teesside-a-b/infrastructure> link on the Documents tab and then click on Document 1 in the documents navigation area. They are also available on the Soffa project website at www.soffawindfarm.com.
- A free digital or paper copy of the application documents can also be obtained from the Applicant using the following contact details:

- An application has been made by Soffa Offshore Wind Farm Limited and Doggerbank Offshore Wind Farm Project 3 Bico Limited to the Secretary of State for Business, Energy and Industrial Strategy to make a non-material change to the above mentioned Development Consent Order (the DCO).
- The DCO granted development consent to Doggerbank Project 2 Bico Limited for Project A and Doggerbank Project 3 Bico Limited for Project B - two offshore wind turbine generating stations each comprising up to 200 wind turbine generators (WTGs) and associated development in the Dogger Bank Zone and the Borough of Redcar and Cleveland. Doggerbank Project 2 Bico Limited has been renamed at Companies House as Doggerbank Offshore Wind Farm Project 2 Bico Limited and Doggerbank Project 3 Bico Limited has been renamed at Companies House as Soffa Offshore Wind Farm Limited (SOWFL). SOWFL has renamed Project B to Soffa Offshore Wind Farm (Soffa). Together the Applicants therefore have the benefit of development consent for both Project A and Soffa.
- The application seeks to make non-material changes to the drafting of the DCO to reflect the Project A and Soffa projects being taken forward by separate project companies. The changes are primarily to the requirements of the Order to facilitate delivery of the projects and clarify project responsibility. Further information regarding the proposed changes is set out in the Explanatory Note that is submitted with the application.
- The application documents are available for inspection on the National Infrastructure Planning Portal (Dogger Bank Teesside A and B Offshore Wind Farm page) here: [https://infrastructure.planninginspectorate.gov.uk/projects/yorkshire-and-the-humber/dogger-bank-teesside-a-offshore-wind-farm-formerly-dogger-bank-teesside-a-project-previously-known-as-dogger-bank-teesside-a-b/infrastructure](https://infrastructure.planninginspectorate.gov.uk/projects/yorkshire-and-the-humber/dogger-bank-teesside-a-offshore-wind-farm-formerly-dogger-bank-teesside-a-project-previously-known-as-dogger-bank-teesside-a-b/) link on the Documents tab and then click on Document 1 in the documents navigation area. They are also available on the project website at www.soffawindfarm.com and <http://doggerbank.com>.
- A free digital or paper copy of the application documents can also be obtained from either of the Applicants using the following contact details:

Soffa Offshore Wind Farm Limited, Windmill Hill Business Park, Whitwell Way, Swindon, Wiltshire, England, SN5 6PS or at correns_soffa@energy.com or +44 (0)330 1229670

- Please send any representations about the application by email to the Planning Inspectorate at: infrastructure@planninginspectorate.gov.uk or in writing to: Major Applications & Plans, The Planning Inspectorate, Temple Quay House, Temple Quay, Bristol BS1 6PN. Please quote reference BH/1967 in any correspondence. Please note that any representations received by the Planning Inspectorate in response to the consultation will be handled in compliance with the European Union's General Data Protection Regulation and published on the Planning Inspectorate's Infrastructure Planning Portal (<https://infrastructure.planninginspectorate.gov.uk>) with all personal information removed.
- The deadline for receipt of representations is 2 July 2020.

THE ENERGY ACT 2004

NOTICE OF APPLICATION FOR SAFETY ZONE SCHEME DURING CONSTRUCTION AND MAJOR MAINTENANCE OF THE HORNSEA PROJECT TWO OFFSHORE WIND FARM (THE ELECTRICITY (OFFSHORE GENERATING STATIONS) (SAFETY ZONES) (APPLICATION PROCEDURES AND CONTROL OF ACCESS) REGULATIONS 2007 - STATUTORY INSTRUMENT 2007 NO 1948)

Notice is hereby given that Optimum Wind Limited, Bresco Limited, Soundmark Wind Limited and Sevensmye Wind Limited (The Project Two Undertakers) (company numbers 07882284, 07885217, 10721881, 10722625, respectively), with its registered offices at 5 Howick Place, Westminster, London, SW1P 1WG have applied for consent from the Secretary of State for Business, Energy and Industrial Strategy (SEIS) as set out in the Energy Act 2004 and the Electricity (Offshore Generating Stations) (Safety Zones) (Application Procedures and Control of Access) Regulations 2007 (SI No 2007/1948) for safety zones as detailed below, for the consented Hornsea Project Two Offshore Wind Farm, during construction and periods of major maintenance.

- The following safety zones will be applied for:
- 500 metre (m) "rolling" safety zones around any wind turbine or offshore substation (including any associated or partially constructed infrastructure, e.g., foundations) whilst work is underway at that structure, as indicated by the presence of construction vessels.
 - 30m pre-commissioning zones around any wind turbine or offshore substation where construction work is not ongoing prior to final commissioning.
 - 300m safety zones around any wind turbine, offshore substation or reactive compensation substation where major maintenance is being undertaken during the operational phase (before major maintenance is defined under the Electricity Regulations 2007 (SI No 2007/1948)).
- Details of the safety zones will be provided via Notice to Mariners prior to the commencement of any construction and major maintenance operations. Further details are provided in the safety zone scheme, which may be downloaded at <https://hornseaprojects.co.uk/hornsea-project-two/application-for-consent>, or alternatively a request can be made for a copy by email to NATLD@postnet.co.uk inferring Hornsea Two Safety Zone Application in the subject line.
- Any person wishing to make representations to the Secretary of State about the application should do so by email to the Secretary of State, Energy Infrastructure Planning Team, Department for Business, Energy and Industrial Strategy at beis@beis.gov.uk stating the name of the proposal and nature of their representation, not later than 28 days from the date of or latest date of publication of the notice.

Sofia Offshore Wind Farm – Non-material change application to the Dogger Bank Teesside A and B Offshore Wind Farm Order 2015 (as amended)

Dear Consultee

Sofia Offshore Wind Farm is a consented offshore wind farm in the Dogger Bank area of the North Sea with an electricity generating capacity of up to 1.4 gigawatts (GW). It is one of the two projects previously known together as Dogger Bank Teesside and was developed by Forewind, a consortium comprising four leading energy companies. The Sofia project was formally known as Dogger Bank Teesside B.

The Project company, Sofia Offshore Wind Farm Limited (“SOWFL”), is wholly owned by Innogy Renewables UK Limited. Innogy (formally RWE), was one of the original members of the Forewind consortium. A DCO was granted for two individual wind farms (Teesside A and Teesside B) in August 2015. The Dogger Bank Teesside A and B Development Consent Order 2015 (“the DCO”) awarded consent for all elements of the two wind farms (onshore and offshore).

For information, SSE and Equinor now own 50% each of Dogger Bank Teesside A (“Teesside A”) under a new consortium, Dogger Bank Offshore Wind Farm Project 3 Projco Limited (“Project 3 Projco”). Project 3 Projco and SOWFL will collaborate as necessary to ensure that any obligations and requirements under the DCO are met, for example in relation to the shared works consented by the DCO.

SOWFL has been reviewing the parameters of the consented Sofia (Teesside B) offshore wind farm in relation to up to date and projected wind turbine and construction technology. As a result, some amendments are required to the DCO which would allow for the use of the most up to date technology and also to provide clarification for the interpretation of the consent. In order to secure the necessary changes SOWFL has submitted a non-material change application (“NMC Application”) to the Department for Business, Energy and Industrial Strategy (“BEIS”) and a parallel application to amend the relevant Deemed Marine Licences (dMLs) to the Marine Management Organisation.

The changes in the Applications include increasing the maximum hammer energy used for monopole installation for the Wind Turbine Generators and the Offshore Converter Platform from 3,000kJ to 4,000kJ;

consent to lay cables between the Wind Turbine Generators and the Offshore Converter Platform; increasing the number of fibre optic cables within the High Voltage Direct Current export cables to two; and corrections to ensure consistency in cross-referencing with the previously varied deemed marine licences.

SOWFL considers that these amendments will comprise “non-material amendments” as defined in the Planning Act 2008 and The Infrastructure Planning (Changes to, and Revocation of, Development Consent Orders) Regulations 2011 (as amended).

Please find enclosed formal notice of SOWFL’s NMC Application, which provides details about how and when to view the application documents, how to make a representation and the deadline for doing so.

You are being formally consulted by SOWFL on the DCO changes as you are an individual or organisation that was previously consulted about the original DCO application and you may have an interest in the marine environment where the wind farm array will be located.

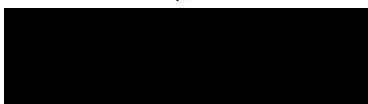

The NMC Application documents are available for inspection on the National Infrastructure Planning Portal (Dogger Bank Teesside A and B Offshore Wind Farm page) here: <https://infrastructure.planninginspectorate.gov.uk/projects/yorkshire-and-the-humber/dogger-bank-teesside-a-sofia-offshore-wind-farm-for-merly-dogger-bank-teesside-b-project-previously-known-as-dogger-bank-teesside-ab/>. Click on the Documents tab and then click on Decided in the documents navigation area. They are also available on the Sofia project website at www.sofiawindfarm.com.

A free digital or paper copy of the application documents can also be obtained from the Applicant using the following contact details:

Sofia Offshore Wind Farm Limited, Windmill Hill Business Park, Whitehill Way, Swindon, Wiltshire, England, SN5 6PB or at comms_sofia@innogy.com or on +44 (0)330 122 9670

I hope that the information contained within this letter is useful. If you have any queries, please do not hesitate to contact me.

Yours sincerely,
