Subject: Comments regarding consultation: EN010051

Hello,

I wish to offer comments regarding the Dogger Bank A & B / Sofia Offshore wind farm.

Having reviewed the proposal I support it in general terms. While being no expert, I am a resident of Redcar and live close to the proposed cable route so have been sent material as part of the consultation process.

I believe that besides supplying an extended area with clean, cheap and reliable electrical power, this project will bring much needed revenue into the local area with minimal impact.

The siting of the on-shore cabling as proposed seems very sensible in my non-expert opinion in whatever form it takes ultimately.
