Dear Sirs

We act for National Grid Electricity Transmission plc and National Grid Gas plc (together "National Grid").

By way of update prior to the compulsory acquisition hearings, National Grid and the Applicant still anticipate entering in to a confidential commercial agreement to govern their relationship and which will include the form of agreed protective provisions. The parties are continuing to make good progress, and negotiations are at an advanced stage although it has not been possible to enter in to an agreement on all terms in advance of tomorrow's hearing. There is a continuing and constructive dialogue such that both parties expect that agreement can be reached prior to the next deadline.

I hope this assists and if we can be of further assistance please let us know.

Regards

Yohanna Weber | Senior Associate | Planning and Infrastructure Consenting
