	East Halton, East Halton Village Hall	Thursday 3 <sup>rd</sup> July

The table below provides a summary of representations that were received from Parish Councils during the pre-application consultation, and the Applicant's response at that time.

**Table 4: Pre-application consultation responses from the Parish Councils**

Consultation Stage	Parish Council	Points Raised	SMW Response
Phase One Consultation	Brigsley Parish Council	Would like the following information to be considered when the ES being prepared: <ul style="list-style-type: none"><li>• That there is minimal impact on the village especially whilst cable is being laid.</li><li>• To ensure Government Regulatory Guidelines are followed at all times.</li><li>• SMart Wind to continually accommodate concerns raised re magnetic field of cable.</li></ul>	These concerns are noted and will be addressed within the draft ES.
	Saltfleet Haven Parish Council	Councillors request information in the ES to confirm that onshore cabling would be underground.	All aspects of the onshore grid connection route will be laid underground.
Phase Two Consultation	Holton-Le-Clay Parish Council	Request clarification about consultation venues.	Clarification provided.
	North Thoresby Parish Council	Request additional information about the transportation of equipment through North Thoresby to the Hornsea site.	Additional information provided.
	Waltham Parish Council	Concerns about compound locations.	Further information provided and offer to meet to discuss the planned

Consultation Stage	Parish Council	Points Raised	SMW Response
			compounds.
	Tetney Parish Council	Request additional information about temporary buildings.	Further information provided about the temporary construction compounds and offer to meet to discuss the planned compounds.

In addition to the above the Applicant attended Parish Meetings with the following Parish Councils post Phase 2 consultation North Coates, Waltham and Tetney Parish Councils.

**Table 5: Meetings with Parish Councils**

Date of Meeting	Parish Council	Subject/Discussion	SMW Actions
15 <sup>th</sup> September 2014	North Coates Parish Council (NCPC)	Project Two update and discussion including confirmation that no permanent above ground structures will be constructed at the landfall and NCPC requested further details on the changes from the Phase 2 Consultation in reference to construction compounds and traffic.	SMW provided information on the locations of construction compounds and traffic details in the areas within NCPC boundary
2 <sup>nd</sup> December 2014	Waltham Parish Council (WPC)	Project Two update and discussion particularly in relation to the Bradley Road access. WPC noted that they had concerns over the Bradley Road access.	SMW reviewed the Bradley Road access and confirmed that they would remove the access at the next available PINS submission. SMW submitted the reduced the Order Limits at the April Submission.
4 <sup>th</sup>	Tetney Parish	Project Two update	SMW provided

Date of Meeting	Parish Council	Subject/Discussion	SMW Actions
15 <sup>th</sup> September 2014	North Coates Parish Council (NCPC)	Project Two update and discussion including confirmation that no permanent above ground structures will be constructed at the landfall and NCPC requested further details on the changes from the Phase 2 Consultation in reference to construction compounds and traffic.	SMW provided information on the locations of construction compounds and traffic details in the areas within NCPC boundary
February 2015	Council (TPC)	and discussion regarding construction compound locations and traffic movements	information on the locations of construction compounds and traffic details in the areas within TPC boundary

None of the Parish Councils submitted relevant representations and, to date, none of the Parish Councils have indicated they intend to submit Written Representations in response to the Ex. A's first Deadline of 15 July 2015.

The Applicant is committed to facilitating ongoing engagement with all stakeholders and is, where necessary, progressing SoCGs with a number of parties. Based on the discussions that have taken place to date, and since there are no unresolved issues that have been raised by the Parish Councils the Applicant has not progressed SoCGs with them. The Applicant will continue to invite the feedback of Parish Councils regarding the Project and will respond to any further questions should any be raised.
