Subject: Hornsea Offshore Wind Farm (Zone 4) - Project Two - EN010053

Response from the Humber Local Enterprise Partnership on relevant question from Second Round

SE10 – LEP - Will the Humber Local Enterprise Partnership (LEP) please advise on the scope for local recruitment to the Hornsea Project 2?

The HumberLEP has already had positive engagement with DONG Energy regarding integration with School, Sixth Form and Further Education College programmes, in order to promote career opportunities and future recruitment needs within the industry as a whole and specifically for DONG's pipeline of projects. In addition, an Employment and Skills plan has been worked up between DONG Energy and HumberLEP. We are also working with DONG Energy on specific careers events.

We would be keen to further develop programmes and projects which would further promote local employment, for example, further integration into the National College for Wind Energy project, Careers and Enterprise Company, Careers Education Information Advice and Guidance programmes, Springboard 18-24 yr old NEETs programme and the Skills Pledge campaign. We would also encourage DONG Energy to register as part of our Skills Network and appropriate working groups.

Emma Toulson

Sector Development Manager at the Humber Local Enterprise Partnership
On secondment from Parsons Brinckerhoff
