25 August 2015

Dear Mrs King,

**Application by Smart Wind Ltd for an Order Granting Development Consent for Hornsea (Round 3, Zone 4) Offshore Wind Farm: Project Two (Planning Inspectorate Reference EN010053)
Notice of change of ownership**

We write to inform the Planning Inspectorate and Examining Authority in relation to the above project that [DONG Energy Power (UK) Limited ("DONG Energy"), a company incorporated in England and Wales, with number 4984787, has today acquired the entire share capital of the following companies SMart Wind Limited ("SMart Wind"), Optimus Wind Limited and Breesea Limited (together, the "Project Companies"). Therefore, DONG Energy is now the sole owner of those companies.

The application was submitted by Chris Jenner of SMart Wind as agent for the Project Companies and this arrangement will continue under DONG Energy's ownership, however the named individual (not agent) on the application should continue to be Sophie Hartfield who will remain on this Project (the Planning Inspectorate were updated on this as per the Smart Wind Errata submission on the 27th April).

We have reviewed the application and concluded that section 3 of the Statement of Reasons dated January 2015 (Doc Ref: 6.1) will need to be amended to reflect the change of ownership of the Project Companies and, similarly, the Funding Statement dated January 2015 (Doc Ref: 6.2) will need to be replaced. Information in this regard is being prepared and will be ready for submission shortly.

DONG Energy would be happy to answer queries in relation to the change of ownership at the upcoming Hearings in September.

DONG Energy looks forward to working with you in respect of this application.

Yours sincerely

Sophie Hartfield
