11 December 2015

Dear Ms King

**Hornsea Offshore Wind Farm Project Two (“the Project”) - Review of Applicant’s Draft DCO V7 (REP5-006)**

I write further to my letter of 10 December in response to the procedural decision issued by the Examining Authority on 26 November 2015 directing interested parties to review the Applicant’s Draft DCO version 7 (REP5-006) (“**the Draft Order**”).

We have discussed further with the Applicant the inclusion of new paragraph (4) (b) to Article 35 (Transfer of benefit of Order) of the Draft Order.

We continue to have some concern that the paragraph expressly provides that the undertaker will remain liable for any restrictions, liabilities and obligations associated with the transferred benefit that occurred prior to the date of transfer but is silent on the transferor’s position where it makes only a partial or temporary transfer of the benefit.

However, we understand that the Applicant and relevant stakeholders have discussed the paragraph at some length and have agreed to it being included in the Draft DCO. We note in particular the discussions between the Applicant and the Marine Management Organisation in that regard.

Accordingly and based on our discussions with the Applicant, we are content for the paragraph to be included in the DCO for this Project.

Yours sincerely

**Jonny Boston**  
Senior Development Manager
