Dear Sirs

Hornsea Offshore Wind Farm Project Two (Ref: EN010053) (the Project) – the Southern North Sea pSAC

To supplement the Applicant's previous submission of 19 July 2016 - in the event that the Secretary of State is minded to add the type of additional provisions specified in Section 2 'Harbour Porpoises' (Page 5) of the letter of 12 July 2016, the Applicant confirms that in the circumstances it would have no objection to the approval pursuant to such provisions being made subject to a prior consultation with Natural England (as the relevant Statutory Nature Conservation Body) and The Wildlife Trusts (TWT).

In the event that the Secretary of State is minded to include such additional provisions (including the inclusion of TWT as a consultee in the manner suggested above) then TWT confirms that it has no objection to the grant of the DCO.

Yours faithfully
