AUTHORISATION UNDER SECTION 53 OF THE PLANNING ACT 2008

AUTHORISATION REQUEST IN RELATION TO THE LAND PURSUANT TO A REQUEST MADE ON 2 APRIL 2013 BY THE APPLICANT

REASONS FOR THE DECISION

In accordance with the Planning Inspectorate's Advice Note 5: 'Section 53 – Rights of Entry' (dated April 2012) ('Advice Note 5'), the Applicant notified the Occupier in a letter dated 2 April 2013 that a Section 53 authorisation request had been made to the Planning Inspectorate. The final date for a response from the Occupier to the Planning Inspectorate was 24 April 2013. The Occupier's representative responded to the Planning Inspectorate on 18 April 2013 by letter requesting extra time to respond. The Planning Inspectorate agreed by letter to extend the deadline for response to 8 May 2013. Following the receipt of the Occupier's response, the Planning Inspectorate requested further information and comments on draft conditions from the Applicant and the Occupier. The responses were received on the 7 and 10 June 2013 respectively.

The information provided by the Applicant demonstrates that the Applicant has sought to agree access to the Land with the Occupier between 7 December 2012 and 19 March 2013. The Occupier refused access on 22 January 2013. The Occupier's objections to granting access appear to relate mainly to the nature of the project rather than specific concerns about any potential impacts resulting from the surveys.

Entry to land is now needed to enable the Applicant to complete its environmental surveys at the right time of year as part of its preparation of their application to support the draft Development Consent Order. Allowing further time for further correspondence and negotiation would risk substantially delaying the Project.

Having regard to Advice Note 5 and to the Department for Communities and Local Government Guidance (The Infrastructure Planning (Fees) Regulations 2010: Guidance (June 2013), which expects applicants to "act reasonably" the Secretary of State concludes that the Applicant has acted reasonably in attempting to gain access and that the Occupier has unreasonably refused access.

The Secretary of State is satisfied on the basis of the information provided and available that he may authorise the service of a notice under Section 53(1) and Section 53(3A) of the Act, and that this Authorisation is justified and proportionate in the wider public interest in this particular instance.
