9th August 2016

Dear Steffan,

Wrexham Energy Ltd: Application EN010055

Thank you for providing us the opportunity to comment on the above application. The North Wales Wildlife Trust has a number of comments to make regarding the above application.

1. The North Wales Wildlife Trust has identified historical use of an informal footpath/bridleway (see attached map) which has served the local community in the past and we would like to see this formalised as a public right of way for future generations to use and enjoy.
2. This informal footpath/bridleway is also an important connectivity feature for wildlife, and as such we would like to see this maintained and enhanced to protect its biodiversity value to the entire Industrial Estate.

The Wildlife Trust is happy to discuss any of the above with planners and developers in due course and would welcome being kept informed of plans for the site.

Yours sincerely,

Jonathan Hulson
Living Landscape Officer (Wrexham Industrial Estate)
