Dear Sirs

I write on behalf of my client Gerard Michael Ormrod Owen to formally respond to your letter dated 8 May 2017. In this letter you ask for updates on 3 points, these updates are given below in the same order they were present:

- i. Construction of the consented Solar farm has been completed and energised.
- ii. I am able to confirm that a legally binding option agreement has been signed by both Wrexham Power and my client. This document will allow Wrexham Power to trigger a pre agreed Easement which will allow them to construct their gas mine across my clients land and along a route that will avoid the solar farm.
- iii. My client has not made me aware of any further planning permission application on land subject to your enquiry.

I trust this is sufficient for your needs but please come back to me if it is not.

Kind regards

**Tom Mason**
