Dear Sir,

WREXHAM POWER LIMITED-Request for Comments. ref EN010055.

Thank you for your letter dated 8th June 2017 seeking clarification from Wales & West Utilities,(WWU) as to its current position.

The position is straightforward. The queries raised on the protective provisions are now in an agreed format. The reference to the Housing and Planning Act 2017 has been overtaken by events and can now be ignored.

It is also agreed that in principle WWU are prepared to grant a lease to the Applicant. The Applicant and WWU are discussing the commercial and other terms in relation to the proposed grant of such a lease. The lease and other arrangements need to ensure that WWU's position as a Licensed Gas Transporter are fully protected, in addition to the provisions of the protective provisions.

Accordingly WWU can confirm that it will be prepared to withdraw its objection once these matters are sensibly resolved and once an Agreement for Lease has been entered into. WWU is hopeful that it will be possible to document that contractual position between the parties during the course of the next two months.

Yours Faithfully,

[Redacted Signature]
R.S. Williams, MRICS.
Estate Surveyor.
