Based on the current information provided by the applicant to the Secretary of State, and applying a precautionary approach, the Secretary of State is of the view that the proposed development is likely to have significant effects on the environment in Belgium, Denmark, France, Germany, Norway and the Netherlands. In accordance with Regulation 24 of the EIA Regulations the Secretary of State has provided information to the above mentioned EEA States about the proposed development and its likely significant effects, and these States have been asked to indicate by **6 March 2013** whether or not they wish to participate in the procedure for examining and determining the application under the Planning Act and Regulation 24 of the EIA Regulations. Regulation 24 of the EIA Regulations transposes Article 7 of EU Directive 85/337/EC as amended into UK Law.

The proposed development is currently at the pre-application stage of the process. The applicant has not yet submitted an application to the Secretary of State. If the application is accepted for examination, the application will be examined in public and, subject to the provisions of the Planning Act, the examination must be completed within a period of 6 months. Further information about how to participate in the examination procedure under the Planning Act and the way in which the Secretary of State will notify and consult EEA States in accordance with Regulation 24 of the EIA Regulations is available on the Planning Inspectorate's website: www.planningportal.gov.uk/infrastructure.

Following examination of the application and having taken the environmental information into consideration, the decision maker may refuse development consent or grant development consent. If development consent is granted, this may be subject to requirements which, if necessary, will secure measures to avoid, reduce or remedy the likely adverse effects of the proposed development.

NOTIFICATION OF INFORMATION ABOUT DEVELOPMENT LIKELY TO HAVE SIGNIFICANT EFFECTS ON THE ENVIRONMENT IN ANOTHER EEA STATE

PROPOSED EAST ANGLIA THREE OFFSHORE WINDFARM

East Anglia THREE Limited (the applicant), has formally notified the Secretary of State, of its intention to submit an Environmental Statement.

The proposed development is for a 1,200MW wind farm comprising between 120-240 wind turbines, approximately 79km east of the port of Lowestoft in East Anglia. A 140km offshore export cable corridor would extend southwest from the wind farm to the landfall at Bawdsley, Suffolk. The onshore cable corridor would extend 37km northwest of the landfall to the proposed converter station site located to the north of the National Grid substation at Bramford, Suffolk.

Information about the proposed development and about its likely significant effects is available in the scoping report and scoping opinion which are available:
