Revision History – Revision A

This Page Is Intentionally Blank

1. Presented below is a table that provides a record of consultation which East Anglia THREE Limited (EATL) and their representatives have undertaken with landowners who will be directly affected by the proposed East Anglia THREE project.
2. Note that this appendix has been anonymised so that the landowners in question and their representatives cannot be identified. In order to achieve this, some of the detail in the last two columns of the table has been removed.
3. In the context of this appendix EATL may also refer to another party operating on behalf of EATL.
4. Furthermore, when referring to a landowner, one or more people may be associated with ownership of the land in question, the most common example being when a married couple are landowners and therefore the numbered landowner such as “Landowner 152” may refer to both Mr and Mrs Smith for example.
5. All consultation specifically regarding commercial negotiations between landowners and EATL have been removed from this appendix.
