58 ADVERTISING THE PHASE III CONSULTATION

1. This appendix contains evidence of some of the ways in which the Phase III consultation was advertised including:
 - Email sent to all registered consultees from the project website;
 - The Section 48 Notice which was sent to all consultees listed in *Appendix 29* and part of the Phase III consultation and which was emailed to all those who had registered with the project website; and
 - A Poster advertising the Phase III consultation which was sent to all parish councils affected by the proposed East Anglia THREE project.
2. Evidence of other ways in which stakeholders were informed of the Phase III PIDs can be found in *Appendices 15, 21 and 30 to 33*.

58.1 Email sent to all registered consultees from the project website

3. Provided below is the email that was sent to all those who had registered in the East Anglia THREE project website advertising the Phase III consultation.

Subject: FW: East Anglia THREE Offshore Windfarm - Consultation 19th June - 23rd July 2015

Dear Residents,

Re: East Anglia THREE Offshore Windfarm - Consultation 19th June – 23rd July 2015

Once again, please forgive the joint email but it's the quickest way to make sure you all get this message at the same time!

I am writing to provide more information about a forthcoming and additional round of consultation for the East Anglia THREE Offshore Windfarm Project.

As a result of the continued development process, East Anglia THREE Limited has introduced a number of changes to the project design. These changes are to be consulted upon under Section 42 of the Planning Act 2008, from 19th June to 23rd July, and will be set out in an East Anglia THREE Phase III Consultation Report.

In addition, under Section 47 of the Planning Act, East Anglia THREE has updated its Statement of Community Consultation (SoCC), which was originally published in September 2013, to inform the wider public of proposed changes to the project and how the team intends to consult on them. The updated SoCC will be published on 11th June and will be available for inspection (free of charge) at the following libraries and the East Anglia THREE website:

Ipswich County Library
Lowestoft Library
Woodbridge Library
Hadleigh Library
Felixstowe Library

<http://eastangliathree.eastangliawind.com>

During the consultation we welcome feedback on the proposed changes to the project and the assessment of its environmental impacts as outlined in the documents provided. These documents comprise the East Anglia THREE Phase III Consultation Report and the updated SoCC. Documents from previous consultations will also be made available for reference purposes at all of the libraries above, except Hadleigh Library which will not have a copy of the Preliminary Environmental Information Report as published in 2014.

The East Anglia THREE Phase III Consultation report and updated SoCC will be available for inspection, along with supporting documentation, at two Public Information Days:

22nd June 2015	Bramford Church Rooms, Ship Street, Bramford, IP8 4AL	12pm -7pm
23rd June 2015	Woodbridge Library, New Street, Woodbridge, IP12 1DT	12pm -7pm

Project team members will be available at these Public Information Days to discuss the project in detail. In addition, you will find more information on the ScottishPower website:

http://www.scottishpowerrenewables.com/pages/east_anglia_one.asp

Meanwhile, if you have any further questions, please don't hesitate to contact me.

Kind regards,

Joanna

58.2 Section 58 Notice for Phase III Consultation

4. Provided below is the Section 48 Notice for the Section 42 Phase III consultation

Section 48 Planning Act 2008 Regulation 4 Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009

East Anglia Three Offshore Windfarm Order

Notice publicising a proposed application for a development consent order (DCO)

Notice is hereby given that East Anglia THREE Limited (**the Applicant**) of 3rd Floor, 1 Tudor Street, London EC4Y 0AH proposes to apply to the Planning Inspectorate (**PINS**), who will examine the application on behalf of the Secretary of State for Energy and Climate Change, under section 37 of the Planning Act 2008 for the above-mentioned development consent order (**the Application**).

The Application relates to the construction and operation of an offshore wind generating station within the East Anglia Zone of the North Sea (**the Project**), which is 69km from the coast at Lowestoft, covering an area of approximately 305km².

The proposed Project comprises the next stage of development in the East Anglia Zone. East Anglia ONE Offshore Windfarm was the first to be proposed within the East Anglia Zone and a decision to grant that application was made by the Secretary of State on 17 June 2014.

The proposed DCO would, amongst other things, authorise:

1. Offshore wind turbines and associated foundations (anticipated to be up to 172 wind turbines, each having a rated capacity of between 7 MW and 12 MW, with an installed capacity of up to 1,200 MW);
2. Up to two meteorological masts and foundations;
3. Up to two LiDAR (Light Detection and Ranging) monitoring buoys;
4. Up to four offshore collector stations and up to two offshore converter station platforms;
5. Up to one offshore platform housing accommodation facilities;
6. Subsea inter-array cables between the wind turbines and converter station and collector station platforms;
7. Up to four subsea export cables to transmit electricity from the offshore platforms to shore;
8. Up to four interconnector cables between the East Anglia ONE and East Anglia THREE Projects;
9. Scour protection around foundations and on inter-array and export cables as required;

10. Landfall at Bawdsey with onshore transition pits to join the offshore and onshore cables;
11. Up to four onshore underground cables pulled through existing ducting to be laid by East Anglia ONE, running for approximately 37km from landfall to the connection point at Bramford, Suffolk, with jointing pits, to transmit electricity to a new onshore transformer substation;
12. An onshore transformer substation at Bramford, Suffolk, to connect the offshore windfarm to the National Grid;
13. The permanent and/or temporary compulsory acquisition (if required) of land and/or rights for the proposed Project;
14. Overriding of easements and other rights over or affecting land for the proposed Project;
15. The application and/or disapplication of legislation relevant to the proposed Project including inter

alia legislation relating to compulsory purchase; and

16. Such ancillary, incidental and consequential provisions, permits or consents as are necessary and/or convenient.

The proposed Project is an environmental impact assessment (EIA) development. Following the conclusion of the previous consultation on the Project in September 2014, a number of design parameters have changed and the potential impact of these changes will be outlined as part of Phase III of consultation. Therefore copies of the Phase III Report (update to the Preliminary Environmental Information Report - **PEIR**) will be available for inspection free of charge from **19th June to 23rd July 2015** for comment, at the following locations and during the hours shown below:

	Ipswich County Library	Lowestoft Library	Woodbridge Library	Hadleigh Library*	Felixstowe Library
Mon	9am – 6pm	9am – 6pm	10am – 4pm	Closed	10am – 4pm
Tues	9am – 7pm	9am – 7pm	9.30am – 7.30pm	9.30am – 5pm	9am – 5.30pm
Wed	9am – 6pm	9am – 6pm	9am – 5.30pm	9.30am – 5pm	9am – 7.30pm
Thurs	9am – 6pm	9am – 7pm	9am – 5.30pm	9.30am – 5pm	9am – 5.30pm
Fri	9am – 7pm	9am – 6pm	9am – 7.30pm	9.30am – 7.30pm	9am – 7.30pm
Sat	8.30am – 5pm	9am – 5pm	9am – 5pm	9.30am – 5pm	9am – 5pm
Sun	10am – 4pm	10am – 4pm	10am – 4pm	10am – 4pm	10am – 4pm

* Please note that Hadleigh does not have the facilities to provide the Preliminary Environmental Information Report for consultees.

A reasonable copying charge may be made for the reproduction of the Phase III Report. Further details in relation to the proposed Project can be found on the Applicant's website www.eastangliawind.com.

Any responses to or other representations in respect of the proposed Project should be sent to the Applicant by email to

eastangliathree@eastangliawind.com or by post to **FREEPOST RSTC-EJEY-RKRX, East Anglia Offshore Wind, 4th Floor, 1 Atlantic Quay, Glasgow G2 8JB.**

Any response or representation in respect of the proposed Application MUST (i) be received by the Applicant on or before **23rd July 2015** (ii) be made

in writing, (iii) state the grounds of the response or representation and (iv) indicate who is making the response or representation, and (v) give an address to which correspondence relating to the response or representation may be sent. Responses and other representations will be made public; however comments will not be attributed to individuals.

East Anglia Offshore Wind is a 50-50 Joint Venture between ScottishPower Renewables and Vattenfall. East Anglia THREE Limited is registered in England (Company No. 08141208) at 3rd Floor, 1 Tudor Street, London EC4Y 0AH.

58.3 Poster advertising the Phase III consultation

5. Provided below is a poster advertising the Phase III consultation which was sent to all parish councils affected by the proposed East Anglia THREE project.

East Anglia THREE Offshore Windfarm consultation events

In September 2013 we published a Statement of Community Consultation (SoCC) outlining how we would consult with local communities and businesses throughout our development of the proposed East Anglia THREE Offshore Windfarm. In June 2015 we will be publishing an update to the SoCC to inform you about some recent changes we have made to project proposals, as well as to provide more information on ways you can let us know what you think. This SoCC update will be available from the 11th June at the libraries detailed below and on the East Anglia THREE website at <http://eastangliathree.eastangliawind.com/>.

In addition, to provide more detail on what the changes to our proposals may mean for you, in June we will be publishing an update to the Preliminary Environmental Information Report, titled the 'Phase III Report', which we previously published in summer 2014.

To support the above consultation, in June 2015 we will be hosting two Public Information Days (PIDs), in line with Section 42 and Section 47 of the Planning Act 2008, giving you the opportunity to meet the project team, view our updated reports and ask any questions you may have. We invite everyone to attend.

- 22nd June 2015, 12:00 – 19:00, Bramford Church Rooms, Ship Lane, Bramford, IP8 4AL
- 23rd June 2015, 12:00 – 19:00, Woodbridge Library, New Street, Woodbridge, IP12 1DT

Further information about the project, the Preliminary Environmental Information Report and our Statement of Community Consultation is available on <http://eastangliathree.eastangliawind.com/>. Copies are also available for review at the following libraries between the 19th June 2015 and the 23rd July 2015.

	Ipswich County Library	Lowestoft Library	Woodbridge Library	Hadleigh Library*	Felixstowe Library
Mon	9am – 6pm	9am – 6pm	10am – 4pm	Closed	10am – 4pm
Tues	9am – 7pm	9am – 7pm	9.30am – 7.30pm	9.30am – 5pm	9am – 5.30pm
Wed	9am – 6pm	9am – 6pm	9am – 5.30pm	9.30am – 5pm	9am – 7.30pm
Thurs	9am – 6pm	9am – 7pm	9am – 5.30pm	9.30am – 5pm	9am – 5.30pm
Fri	9am – 7pm	9am – 6pm	9am – 7.30pm	9.30am – 7.30pm	9am – 7.30pm
Sat	8.30am – 5pm	9am – 5pm	9am – 5pm	9.30am – 5pm	9am – 5pm
Sun	10am – 4pm	10am – 4pm	10am – 4pm	10am – 4pm	10am – 4pm

* Please note that Hadleigh does not have the facilities to provide the Preliminary Environmental Information Report for consultees.
