Dear M. Hunt,

Please excuse the slight delay in responding to your notification. Following the previous email of my colleague Ms. Fouraison, we confirm you that France wishes to participate to this consultation. We will also wish to organise a public consultation on this project due to the proximity to the French coasts and to other Wind farm projects planned on the French maritime territory.

We have already some reactions of our services and will receive some more further at the beginning of next week. We propose to send you all these reactions together at the beginning of next week, in order to send you all of them in one message.

Yours sincerely,

Dear M. Hunt,

By this email, we acknowledge receipt of your notification concerning "East Anglia Three Offshore Wind Farm - Transboundary Screening Notification".

We will perform a quick internal consultation to decide if we intend to participate to this consultation and we will go back to you before 21 april 2016.

I have a question concerning the timing of this consultation : if France decides to participate to this consultation, will we have to send our comments by 21 april 2016 or will we have more time?

Best regards,

Géraldine FOURAISSON
