**Subject:** RE: Adequacy of consultation request for the East Anglia Three Offshore Wind Farm

Dear East Anglia Three team

The local authorities (Suffolk County Council, Mid Suffolk District Council and Suffolk Coastal District Council) have reviewed the Consultation Report for East Anglia THREE and consider it provides an accurate account of consultation undertaken in connection with this project.

We confirm that we were consulted on the draft Statements of Community Consultation and that the applicant then updated those documents in response to comments that we made.

We have received no complaints from members of the community in relation to consultation under Section 47, nor have we as local authorities had any concerns with the engagement with ourselves under Section 42.

We note the evidence provided in relation to consultation under Section 48.

In summary, from our perspective, the applicant has meet the Planning Act pre-application consultation requirements and objectives in both practice and in spirit.

Regards

Michael
