1	Erratum	3
2	References	4

1 Erratum

1. This note provides a correction to a photomontage provided as part of Chapter 29 Seascape, Landscape and Visual Amenity of the East Anglia THREE Environmental Statement (EATL 2015). The figure that has been amended is Figure 29.24, presented in Volume 2 of the Environmental Statement.
2. The location and direction of the viewpoint were incorrectly mapped. Consequently the aspect and location of the structures presented in the photomontage were incorrect. The revised montages are provided in Appendix 1. A comparison of the original and revised photomontages is provided in Appendix 2 for reference. The revised photomontages presented in Appendix 1 replace those provided in the original document.
3. The written assessment of this viewpoint has been reviewed and it is considered that there will be no material change to the findings.
