10 August 2016

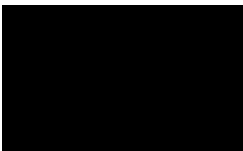

Dear Sir or Madam,

Deadline 3 – Navigational Conditions

The Marine Management Organisation (MMO) is an interested party for the examination of Development Consent Order (DCO) applications for Nationally Significant Infrastructure Projects (NSIPs) in the English marine area. Also the MMO is the enforcing body for the Deemed Marine Licence (DML(s)) issued as schedules of the DCO. In our role as interested party and enforcing body, the MMO sets out its response to the Examining Authority's request for agreement of navigational requirements between the MMO, Trinity House (TH) and the Maritime and Coastguard Agency (MCA).

1. The MMO has not yet reached agreement with TH and MCA with regard to new standard navigational conditions, however, all parties are close to agreement and it is expected that this will soon be finalised.
2. The MMO expects to be able to provide an agreed set of navigational conditions to the Examining Authority, in writing, prior to the Issue Specific Hearing on the Development Consent Order to be held on 8 September 2016.
3. The MMO will then undertake to engage with the applicant on how best to apply the revised navigational conditions to the East Anglia THREE DMLs.

Yours sincerely

Kathleen Mongan
Marine Licensing Case Officer
