Summary

- 1 In its letter of 22 September 2016 (the **Rule 8 Letter**), the Examining Authority (**ExA**) proposed the following submissions to be made by 6 October 2016 (**Deadline V**):
 - Responses to the ExA's Second Written Questions;
 - Comments on the Applicant's revised draft DCO; and
 - Any other information requested by the ExA under Rule 17 of the Examination Procedure Rules 2010.
- 2 This Response to Deadline V also contains documents requested by the ExA for Deadline V in the ExA's Hearing Action Points arising from the Environmental Issue Specific Hearing held on Wednesday 7 September 2016 and the Development Consent Order Hearing held on Thursday 8 September 2016. For ease of reference the relevant action points are set out at Schedule 1.
- 3 The submission of this Written Response to Deadline V and documents referred to in paragraph 1 and 2 above, which are submitted by East Anglia THREE Limited (the **Applicant**), is termed the Response to Deadline V. In the interests of not repeating information that is presented elsewhere, the Applicant has cross-referred to aspects covered in the Applicant's Response to Deadline I dated 13 July 2016 (the Response to Deadline I), the Applicant's Response to Deadline II dated 27 July 2016 (the Response to Deadline II), the Applicant's Response to Deadline III dated 10 August 2016 (the Response to Deadline III), and the Applicant's Response to Deadline IV dated 15 September 2016 (Deadline IV).
- 4 Where this Written Response to Deadline V references additional material, such as correspondence or tables, these documents have been submitted with the Response to Deadline V.
- 5 A full table indexing additional documents submitted by the Applicant at Deadline V is also contained at Schedule 2 to this document and within the body of each email enclosing submissions for Deadline V.

Responses to the ExA's Second Written Questions

- 6 For ease of reference, and in line with the Applicant's previous practice, the Applicant's Response to the ExA's Second Written Questions adopts a tabular format stating the ExA's question followed by the Applicant's response. If appropriate, references are made to where an issue has been addressed in the Environmental Statement (ES) or in Statements of Common Ground.

Responses to the ExA's remaining Action Points

- 7 In relation to the position statement with ENI UK Ltd, the Applicant confirms that the enclosed document ref. *Deadline 5/Action Points/Position statement with ENI UK Limited*, represents the joint position with ENI UK Ltd and has been agreed by them.
- 8 The ExA should also note that the letter confirming the mitigation measures for Skylarks (enclosed, document ref. *Deadline 5/Action Points/Draft Skylark mitigation agreement (with SCC)*) is in draft form, but the contents of the letter have been agreed with Suffolk County Council. The Applicant is arranging

to make the financial contribution noted in that letter and will then issue the letter to Suffolk County Council in final form.
