

# East Anglia THREE Offshore Windfarm

## East Anglia THREE OLEMS V2 (Schedule of Changes)

Document Reference – Deadline 6 / OLEMS V2 /  
Applicant (Schedule of Changes)

Schedule of changes to the Outline Landscape and Environmental Management Strategy (OLEMS) (as at October 2016)

Changes made in Version 2 of OLEMS	
------------------------------------	--

Section	Consultee	When comment made	Comments from consultee	Change made
N/A	N/A	N/A	N/A	Document transposed into new template
<b>DCO</b>	Suffolk County Council	LPA Relevant Representation	Requirement 12 Part (3) links the design of the substation buildings to the Design and Access Statement (DAS) (Document 8.3). Much of the DAS is irrelevant in this context, and as such it makes more sense to link a 'Design Principles' document, as was done in the case of the East Anglia ONE Order.	The OLEMS document has been updated following the principles and approaches undertaken by the master planning exercise undertaken by East Anglia ONE to date.
<b>DCO</b>	Suffolk County Council		Requirement 15 This requirement should also mirror that for East Anglia ONE. In particular 15(2) should differentiate between the care and maintenance period for the cable corridor (5 years) and the substation (10 years).	<i>The Requirement has been amended in the DCO to reflect the wording used in the East Anglia ONE DCO. Note that this is currently included within the OLEMS.</i>
Changes due to stakeholder comments				
Table 1	Suffolk County Council	Issue-Specific hearing on Environmental matters, Wednesday 7/9/2016	The applicant should make reference to latest Bat Guidance	<i>Table 1 has been updated to include BCT Interim guidance on artificial lighting and wildlife (BCT 2014)</i>
Table 1	ExA	ExA's 1 <sup>st</sup> & 2 <sup>nd</sup> written questions	Request for clarity on appointment of EcoW and ACoW	<i>Text added to clarify appointment of EcoW prior to commencement with approval of Local Authorities</i>
3.1	ExA	ExA's 1 <sup>st</sup> & 2 <sup>nd</sup>	Request for clarity on appointment of EcoW and ACoW	<i>Text added to clarify appointment of EcoW prior to</i>

Section	Consultee	When comment made	Comments from consultee	Change made
		written questions		<i>commencement with approval of Local Authorities</i>
4.1.3.2	Suffolk County Council	Relevant Representation onwards	Need for specific mitigation for potential effects of ash die-back	<i>Paragraph 32 amended and paragraph 33 added to reflect the updated situation with regard to the EA1 masterplan and the inclusion of planting to the west of Gobert's Grove</i>
4.10.2	Suffolk County Council	Issue-Specific hearing on Environmental matters, Wednesday 7/9/2016	The applicant should make reference to latest Bat Guidance	<i>Section 4.10.2 includes reference to BCT 2016 survey guidance.</i>
4.10.3	Suffolk County Council	Relevant Representation	Paragraph 115 – should refer to Little Blakenham Pit SSSI.	<i>Paragraph 115 has been amended</i>
5.2.1	Suffolk County Council	Relevant Representation	Paragraph 192 – bird nesting season should refer to March to August inclusive.	<i>Paragraph 192 has been amended</i>
5.1.3.3	Suffolk County Council	Relevant Representation onwards	Request for mitigation for skylark	<i>Paragraph 190 added to introduce topic and specific mitigation added in to Table 2</i>
Changes due to project updates				
2.1	n/a	n/a	n/a	<i>Text updated to reflect that phasing option would only occur at substation</i>
4.1.3.2	n/a	n/a	n/a	<i>Figure 1 updated to show the current East Anglia ONE master Plan landscaping.</i>
