The relevant internal drainage board (IDB)	Broads & Norfolk Rivers IDB	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes			
	East Suffolk IDB	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes			
	King's Lynn IDB	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes			
	South Holland IDB	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes			
	Waveney, Lower Yare & Lothingland IDB	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes			

**Appendix 2: List of consultees EATL do not propose to consult pursuant to regulation 7(3) of the 2011 Regulations**

Canal and River Trust	Canal and River Trust	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes			
The Relevant Health Authority	Public Health England	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes			
The relevant local resilience forum	Suffolk Local Resilience Forum	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes			
Regional Development Agency	New Anglia LEP	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes			
Relevant Statutory Undertakers	Network Rail Infrastructure Ltd	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Network Rail; Channel Tunnel Rail Link (CTRL) Ltd	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Associated British Ports	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Harwich Haven Authority	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Port of Felixstowe	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	New Orford Town Trust	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Harwich International Port Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	NATS	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Royal Mail Group	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Anglian Water	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	

**Appendix 2: List of consultees EATL do not propose to consult pursuant to regulation 7(3) of the 2011 Regulations**

	British Gas Pipelines	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Centrica	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	EDF Energy	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Energetics Gas Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Energetics Electricity Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	EOn Energy	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	ES Pipelines Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	ESP Connections Ltd	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	ESP Networks Ltd	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	ESP Pipelines Ltd	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Fulcrum Pipelines Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	GTC Pipelines Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Independent Pipelines Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	LNG Portable Pipeline Services Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	

**Appendix 2: List of consultees EATL do not propose to consult pursuant to regulation 7(3) of the 2011 Regulations**

	National Grid Gas Plc	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	National Grid Plc	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	National Grid Electricity Transmission Plc	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Quadrant Pipelines Plc	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	SSE Pipelines Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	SSE Southern Electric	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Utility Grid Installations Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	ESP Electricity Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	Independent Power Networks Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	The Electricity Network Company Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
	UK Power Networks Limited	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes		Yes	
Historic England (covers English Heritage)	Historic England	As the proposed changes will not alter any of the parameters used in the assessment there will be no change to the impacts previously assessed.	Yes
