Dear Sir/Madam,

Apologies for the delay in responding. The CAA confirms that it has no comments to make with regards to the East Anglia 3 Windfarm Non Material Change Application.

Kind regards

Andy

Dear Andy,

I hope this e-mail finds you well.

I am writing on behalf of David Boyd at Scottish Power Renewables regarding the East Anglia Three Offshore Windfarm.

Following David's previous correspondence in regards to the non-material change to the East Anglia Three Offshore Windfarm and on behalf of East Anglia Three Limited, I am getting in touch to formally submit our application to make a non-material change to the 2017 Order (as amended). The application has been submitted to the Department for Business, Energy and Industrial Strategy and also to the Marine Management Organisation regarding the associated application to vary the Deemed Marine Licences.

I have attached a letter which summarises this application along with the supporting documents. As detailed in the attached documentation, we have set a closing date for the consultation process of 30th September 2020 (as noted in the newspaper advert). It would be greatly appreciated if you could provide those in cc with a copy of any

representations about the Application that you submit to the Planning Inspectorate.

Please let us know if there is anything you wish to discuss in the meantime. David is off on leave until the 27th July, but I will be able to assist as required in his absence. Please continue to liaise with David as your main point of contact within ScottishPower Renewables after this time.

Please can you confirm receipt of this e-mail and the application documentation for our records.

Kind Regards

Sarah
