Hi Hope,

Thank you for sending the MMO formal response through and your quick turnaround over the festive period, it is much appreciated.

Please see our response to the two comments outlined within your letter below:

1. All relevant information will be set out in the pre-construction plans, which the MMO will have an opportunity to review and approve, as per the conditions of the DML's.
2. The Environmental Statement assumes the same maximum drilling depth for both monopile diameters and the EA3 Project is not yet in a position to confirm exact drilling depths so is unable to provide any additional information at this stage. We confirm that any relevant consent parameters will not be exceeded.

I have copied in BEIS/PINS so they are aware of your formal response (attached).

If you have any questions please let me know.

Kind regards,

Aleks

Good Morning Aleks,

Many thanks for your patience awaiting the MMO's response on the non-material change. I confirm that we have reviewed all comments and attach our formal response.

Please do not hesitate to get in touch if you have any questions.

Kind regards,

Hope

Hi Hannah,

Happy New Year! Hope you are all keeping well.

We have been in discussion with BEIS on the EA3 NMC and as a result I wanted to check whether you had any updates on the timings for the submission of the formal response. I know you gave CEFAS a deadline of the 4th Jan but wasn't sure if they had requested for an extension for this?

If you have any questions please let me know.

Kind regards,

Aleks

Good afternoon All,

Thank you for your time this afternoon talking through the MMO's consultation response to the Non-Material Change application. As confirmed in our call earlier, I have opened a follow-up consultation with Cefas regarding those relevant points they raised. I have given them a 15 day deadline, which takes us to 04 January. Assuming they don't request more time for this, then we would hope to be able to get our formal response to you by mid-January as we discussed earlier. If they respond sooner than the deadline then I'll let you know. If there are any queries in the mean time then please don't hesitate to get in touch.

Kind regards,

Hannah Towner BSc (Hons), MSc | Marine Licensing Case Manager | Marine Management Organisation (MMO)

Subject: SPR/MMO East Anglia Three Non-Material Change Response

Hi Hannah and Shanna,

Hope you're both well.

Thank you again for providing MMO's response to the Non-Material Change application to East Anglia Three Offshore Windfarm order 2017. We have considered the points raised and provide a response to each comment in the attached document.

We look forward to discussing these with you further in our meeting on the 8th December.

If you have any questions in the meantime please let me know.

Kind regards,

Aleks
