INFRASTRUCTURE PLANNING

**The East Anglia THREE Offshore Wind Farm (Amendment)
(No. 2) Order 2022**

Made - - - - *16th November 2022*

Coming into force *17th November 2022*

An application has been made, under paragraph 2 of Schedule 6 to the Planning Act 2008(a), to the Secretary of State in accordance with the Infrastructure Planning (Changes to, and Revocation of, Development Consent Orders) Regulations 2011(b) (“the 2011 Regulations”) for a non-material change to the East Anglia THREE Offshore Wind Farm Order 2017(c) (“the 2017 Order”).

The Secretary of State, having considered the application, the responses to the publicity and consultation required by regulations 6 and 7 of the 2011 Regulations, made an order on 30th September 2022(d). That Order did not contain one of the amendments agreed following consultee feedback. The Secretary of State has therefore decided to make this order containing the additional amendment on terms that in the opinion of the Secretary of State are not materially different from those proposed in the application

Accordingly, the Secretary of State, in exercise of the powers in paragraph 2(1) and (9) of Schedule 6 to the Planning Act 2008, makes the following Order:

EXPLANATORY NOTE

(This note is not part of the Order)

This Order amends the East Anglia THREE Offshore Wind Farm Order 2017 (as amended), a development consent order under the Planning Act 2008, following an application made in accordance with the Infrastructure Planning (Changes to, and Revocation of, Development Consent Orders) Regulations 2011 for a non-material change under paragraph 2 of Schedule 6 to

the Planning Act 2008. This Order inserts paragraph 38 in Part 3 of Schedule 1 which provides guidance and mitigation on the erection of primary surveillance radar at Cromer following consultation feedback. This amendment was not included in the Order made by the Secretary of State on 30th September 2022. This Order also deletes article 4(d) of the East Anglia THREE Offshore Wind Farm (Amendment) Order 2022 which appeared in error and purported to amend a reference which had already been removed as the result of a previous variation.
