**PLANNING ACT 2008 (“2008 Act”)
THE FERRYBRIDGE MULTIFUEL 2 POWER STATION ORDER 2015 (“2015 Order”)**

**PROPOSED NON-MATERIAL CHANGE APPLICATION (“NMC2 Application”)
REGULATION 7(3) – REQUEST FOR APPROVAL OF THE CONSULTEE LIST**

Dear Mr Paterson,

BACKGROUND

1. As you know, we act for Enfinium Limited (“**Enfinium**”) in relation to the present proposed non-material change to the 2015 Order. The original 2015 Order was previously corrected and amended on two occasions as follows:
 - 1.1 The Ferrybridge Multifuel 2 Power Station (Correction) Order 2016; and
 - 1.2 The Ferrybridge Multifuel 2 Power Station (Amendment) Order 2018 (“**2018 NMC1 Order**”).
2. The 2018 NMC1 Order effected a non-material change to the 2015 Order in relation to the re-provision of landscaping and biodiversity enhancement which the 2015 Order had required be undertaken in a designated approved area. Since the 2015 Order was first made, a need was identified to utilise the approved area for the development of an independently operated ash processing facility and the approved area was therefore no longer able to be used to provide the landscaping and biodiversity enhancement.
3. The 2018 NMC1 Order replaced the original approved area with an alternate and improved area of landscaping and biodiversity enhancement on land located approximately 300 metres to the north-west of the original approved area. This replacement land was already owned by a joint venture partner of the (then) applicant, and delivery of the enhancements was secured by way of an accompanying development consent obligation made under section 106 of the Town and Country Planning Act 1990.

Pinsent Masons LLP is a limited liability partnership, registered in England and Wales (registered number: OC333653) authorised and regulated by the Solicitors Regulation Authority and the appropriate jurisdictions in which it operates. Reference to 'Pinsent Masons' is to Pinsent Masons LLP and/or one or more of the affiliated entities that practise under the name 'Pinsent Masons' as the context requires but does not include Alsabhan & Alajaji Pinsent Masons LLC. The word "partner", used in relation to the LLP, refers to a member or an employee or consultant of the LLP or any affiliated firm, with equivalent standing. A list of members of Pinsent Masons, those non-members who are designated as partners, and non-member partners in affiliated entities, is available for inspection at our offices or at www.pinsentmasons.com

For a full list of the jurisdictions where we operate, see [REDACTED]

4. The 2018 NMC1 Order also effected the substitution of a revised biodiversity strategy, landscape strategy and landscaping plan to reflect the amended location of the landscaping and biodiversity enhancement on the replacement land.
5. It can be seen, therefore, that the 2018 NMC1 Order was of a much different order of change compared the scope of the change now proposed to be included in the NMC2 Application.

SCHEDULE OF CONSULTEES

6. We refer to your email of 19 September 2024 to our Tobias Shaw Paul in which you requested “*a full list of DCO consultees and reasoning for their inclusion or exclusion from a reduced consultee list regarding the proposed non-material change*”.
7. Please find enclosed a schedule setting out:
 - A list of all persons consulted in relation to the 2015 Order (**column 1**);
 - The status of each person by reference to the relevant provisions of the 2008 Act i.e. the reason why that person was a prescribed consultee or (where relevant) a statement that the said person was not a prescribed consultee for the purposes of the 2015 Order (**column 2**);
 - Confirmation as to whether each person was previously consulted in relation to the 2018 NMC1 Order (**column 3**);
 - Whether Enfinium now proposes to include or exclude each person as a consultee in relation to the proposed NMC2 Application (**column 4**); and
 - A narrative summary of Enfinium’s rationale in that regard (**column 5**).
8. Please note that, where a person qualified as a prescribed consultee for the purposes of the 2015 Order on more than one ground in the 2008 Act, only a single entry has been included in the schedule so as to avoid unnecessary duplication.
9. We trust that this additional information provides sufficient comfort to the Secretary of State for the purposes of regulations 7(2) and 7(3) of the Infrastructure Planning (Changes to, and Revocation of, Development Consent Orders) Regulations 2011, but if you have any questions or require any further information, please do not hesitate to contact us
10. We otherwise look forward to receiving the Secretary of State’s confirmation that proposed consultation and publicity approach is acceptable in early course.

Yours sincerely

Pinsent Masons LLP
