Dear Sir / Madam

The Infrastructure Planning (Examination Procedure) Rules 2010 (as amended) – Rule 17

Application by Tata Steel UK Limited for an Order Granting Development Consent for the Internal Power Generation Enhancement for Port Talbot Steelworks

I have made a procedural decision to request further information from **the Applicant**. May I request that you provide full and clear answers to all questions relevant to their circumstances. I will be most grateful for your commitment in this regard.

Even though all the questions in this letter are directed towards the applicant, you may nevertheless choose to answer them if an answer would be relevant to the issues that concern you.

1. Development Consent Order Question 4.36 to **the applicant**

SCHEDULE 1 & SCHEDULE 2 – REQUIREMENT 20: AMENDMENTS TO APPROVED DETAILS

Given the reliance upon the Rochdale envelope approach and the fact that the maximum extents or parameters of any consented Works may not lawfully be extended further pursuant to the discharge of any Requirement; and given that draft Requirement 4 currently appears to contain a number of maximum Work parameters and allows for their amendment, the applicant is requested either:

- 1.1 to confirm that all maximum parameters (heights, widths and lengths) of all proposed Works are (or will be through revision of the DCO) contained within Schedule 1 and related Works Plans/Sections;

Or,

to provide amendments to Requirements 4 and 20 clarifying that none of the

maximum parameters for any Work that continue to be set out in the Requirements may be varied so as to extend them by virtue of the discharge of any requirement.

2. Development Consent Order Question 4.37 to **the applicant**

SCHEDULE 2 – REQUIREMENTS: DETAILED DESIGN

The applicant is requested to consider a potential amendment to enable requirement 4(3) to apply to all temporary buildings and structures forming Work 1B.

Responses to these written questions should be received no later than **Thursday 5 February 2015**.

If you have any further queries, please do not hesitate to contact the case team at the contact details above.

Yours faithfully

Roger Eyre
