**Subject:** Welsh Government Response to EN010062 Application by Tata Steel UK Ltd

**The Infrastructure Planning (Examination Procedure) Rules 2010 (as amended) – Rule 17**

**Application by Tata Steel UK Limited for an Order Granting Development Consent for the Internal Power Generation Enhancement for Port Talbot Steelworks**

**Request for information from the Welsh Government**

Dear Mr Eyre

I am writing regarding your letter of 3<sup>rd</sup> February and subsequent email of 24<sup>th</sup> February regarding the above matter.

Welsh Government has no outstanding issues regarding the application or examination process. In addition there are no issues relating to this project that we wish to make the Examining Inspector aware of.

We have been in discussions with the developer and feel there is no need for a Statement of Common Ground, particularly in relation to transport, as these will be considered as part of the TMP in the DCO.

To date, we have relied on our status as a Statutory Consultee to receive updates, but we wish to be registered as an interested party for the remainder of the examination of this project and would request that any future updates / correspondence is electronically sent to [GovernmentBusinessE&E@wales.gsi.gov.uk](mailto:GovernmentBusinessE&E@wales.gsi.gov.uk) .

Unfortunately we have been unable to respond to you by your deadline of 17 February as there is no record of receipt of the letter within our correspondence handling system.

Regards

***Gwenllian Roberts***
