Dear Sir/Madam

Thank you for contacting us in connection with the application by Meaford Energy Limited for an order granting development consent for the Meaford Energy Centre.

My colleague Alan Taylor was the Historic Building and Area Inspector involved with this proposal. After much discussion with the applicant, Alan wrote to Meaford Energy Limited on the 1 July 2014 stating that there would be no adverse impact on cultural heritage from the proposed development, and that we did not have any further issues to raise.

I have attached a copy of this letter for your records. Historic England has also agreed a Statement of Common Ground with Meaford Energy Limited which they will be sending to you direct.

We do not have anything further to add, and do not wish to attend the hearing.

I hope that this is of assistance in your deliberations.

Your faithfully

Julie Taylor

Dear Mr Chapman,

**MEAFORD ENERGY LIMITED  
STATUTORY CONSULTATION UNDER S42 OF THE PLANNING ACT 2008  
PROPOSED COMBINED CYCLE GAS TURBINE POWER STATION, MEAFORD  
BUSINESS PARK, STAFFORDSHIRE**

Thank you for your letter of 4 June 2014 formally consulting English Heritage about the Project to construct a CCGT Power Station at Meaford.

English Heritage has been involved in pre-submission discussions with your consultants about the potential environmental impacts of the proposed development on cultural heritage assets. We have also read the relevant sections of the PEIR.

English Heritage agrees with the conclusions of the PEIR that there will be no adverse impacts on cultural heritage from the proposed development and does not have any further issues to raise.

Yours sincerely,

Alan Taylor  
Inspector of Historic Buildings
