Dear Madam,

Rookery South Pit Nr Millbrook Bedfordshire
Consent for Millbrook Power Project

Thank you for your letter of 23th October 2017.

Aylesbury Vale District Council has examined the applicant's consultation report and considers that the developer has complied with the duties under sections 42, 47 and 48 of the Planning Act 2008 (as amended) to publicise, consult the Authority and the local community of Aylesbury Vale, having regard for the fact the project would be sited a considerable distance from the District Boundary.

Yours faithfully

Bill Nicholson

Principal Planning Officer (Core Business Team)
