Dear Tracey

Millbrook Power Limited: Proposed gas fired power plant at Rookery South Pit, Nr. Millbrook, Bedfordshire

In accordance with the programme set by the Examining Authority (ExA) in the Rule 8 letter published on 20 March 2018, Millbrook Power Limited encloses for Deadline 4:

- I. Applicant's responses to the Examining Authority's Second Round of Written Questions issued to Interested Parties on 31 May 2018

In addition to this, Millbrook Power Limited also encloses:

- II. Updated Guide to the DCO Application Documents (Annex 1 of this letter), which was submitted as part of the DCO Application (Document Reference 1.1: introduction to the Applicant and Guide to the Application Guide to the DCO Application Documents [APP-001] and updated at Deadline 2 [REP2-001] and Deadline 3 [REP-008]; and
- III. Statement of Common Ground signed between the Applicant and the Environment Agency (Revision 1).

The Applicant would also like to update the ExA on the discussions that have taken place with Network Rail since the hearings in May 2018. The Applicant met with Network Rail on 7 June 2018 to discuss the Project, in particular the proposed Access Road and construction traffic management proposals in respect of the Green Lane Level Crossing. The Applicant is proposing to address some of Network Rail's concerns by amending the draft DCO and Outline Construction Environmental Management Plan to be submitted for Deadline 5. Discussions are ongoing between the parties in respect of the extent of any protective provisions to be included in the draft DCO and the Applicant will provide a further, more detailed, update for Deadline 5.

We look forward to hearing further from you in due course and please do not hesitate to get in touch with any queries.

Yours sincerely

Dermot Scanlon
