Dear Sir or Madam

**Planning Act 2008 (as amended) and The Infrastructure Planning
(Examination Procedure) Rules 2010 (as amended) – Rule 17**

**Application by Millbrook Power Limited for an Order Granting
Development Consent for the Proposed Millbrook Power Project**

Request for further information from all Interested Parties and the Applicant

Proposed Changes to the Original Application

On the 11 July 2018 the Applicant submitted a request to change its original Application. The details of these proposed changes are the following aspects of the Application:

- An amendment to the Order limits and plots 4_PGP and 5_PGP. This comprises of Work No.2A in Schedule 1 of the draft DCO Revision 3.

I am now inviting comments on these changes, and will need to consider whether these represent material changes to the Application that was the subject of public consultation and the Environmental Impact Assessment.

The Application documents and cover letter, which explains the changes and submitted by the Applicant for Deadline 5 on 11 July can be viewed on the Millbrook Power project page:

<https://infrastructure.planninginspectorate.gov.uk/projects/eastern/millbrook-power/?ipcsection=docs>

To assist me in my consideration of these changes, I would welcome comments on them, and in particular on whether they represent a material change to the application such that I should not accept them.

Sheet 1 of 3 in the Land Plans (Revision 1) submitted at Deadline 5 (J0008128-101 RevG) shows the revised plot 4_PGP. It notes that *"In respect of Plot 4_PGP the Applicant seeks a right of access of no more than 15 metres in width during construction and the right to construct, use and maintain a permanent access road of no more than 10 metres in width."*

Question for the Applicant - Please will the Applicant explain why it is seeking powers of compulsory acquisition over the whole of revised plot 4_PGP which appears to be larger than is required to provide the proposed access route?

Please submit any comments that you wish to make on these changes by email to MillbrookPower@pins.gsi.gov.uk or in writing to the above address by **Deadline 6 Tuesday, 31 July 2018**.

If you have any further queries, please do not hesitate to contact us.

Yours faithfully

Jonathan Green
