Proposed Changes to the Original Application

Natural England is a non-departmental public body. Our statutory purpose is to ensure that the natural environment is conserved, enhanced, and managed for the benefit of present and future generations, thereby contributing to sustainable development.

Thank you for contacting Natural England regarding changes to the original Millbrook Power Station application. We do not consider that the amendments made represent material changes to the application and refer to our previous advice letter dated 19th January 2018. The advice provided in our previous response applies equally to the amended application.

Yours sincerely
