Wonga founder sold £4m stake before scandals

JIM ARMITAGE
DEPUTY BUSINESS EDITOR

Errol Damelin set up Wonga in 2006 but left late last year

The founder of Wonga is said to have sold a £4m chunk of his stake in the controversial payday loans firm back to the company after he quit as chief executive late last year, in what could prove to be an extremely controversial "golden farewell".

Errol Damelin, who set up the business in 2006 with fellow South African entrepreneur Jonty Hurwitz, left his post – amid talk he had been ousted – before various scandals came to light about the firm. These included the phoneylawyers' letters affair, in which it issued threatening letters to late-paying customers from fake law firms. Also since he left, the regulator has placed new restrictions on payday lenders due to their irresponsible loans to people who could never afford to pay them back.

These issues have meant that the company – and Mr Damelin's shares – are worth far less than they were when he sold them. He retains a 7

per cent stake in the business. Last week, Wonga was forced to write off £220m of debts from customers it should never have lent money to. It is now expected that other payday lenders will be forced to do the same for their customers because the practice of irresponsible lending is thought to have been so widespread.

Wonga is thought to have a market share of more than 30 per cent of payday loans.

Last week, *The Independent* disclosed that Wonga's head of collections and fraud at the time of the phoneylawyers' letters affair now has a senior job at the energy company Scottish & Southern Energy chasing customers' bills.

DAVID PROSSER'S
SMALL TALK WILL APPEAR
IN TOMORROW'S PAPER

SECTION 46, PLANNING ACT 2008
REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS, PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009
NOTICE OF PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER TO CONSTRUCT AND OPERATE THE ABERGELLI POWER PROJECT ON LAND ADJACENT TO THE NATIONAL GRID GAS COMPRESSOR STATION AT ABERGELLI FARM, SWANSEA, SOUTH WALES

- Notice is hereby given that Abergelli Power Limited ("APL") of 33 Cavendish Square, London W1G 0PW, intends to apply to the Secretary of State for Energy and Climate Change for a Development Consent Order ("DCO") under section 57 of the Planning Act 2008 (the "2008 Act") to authorise the construction, operation and maintenance of a gas-fired electricity generation project which includes a power generation plant and integral gas and electrical connections on land adjacent to the National Grid Gas Compressor Station at Abergelli Farm, Swansea, South Wales (the "Project"). APL's application is likely to be submitted in Q1 of 2015.
 - APL has been established by West Power Limited to develop the Project. West Power Limited is seeking to develop gas-fired power stations on land at Abergelli Farm and elsewhere in the UK to support the UK Government's drive to a low carbon economy.
 - The site for the power generation plant covers an area of approximately 9ha.
 - The proposed DCO would, among other things, license and authorise:
 - The construction, operation and maintenance of a Simple Cycle Gas Turbine power generation plant consisting of up to five gas turbine generators ("GTG") fuelled by natural gas with a rated electrical output of between 50 and 289 megawatts (MW).
 - Provision of:
 - Up to 5 GTGs.
 - Up to 5 exhaust gas emission flue stacks, each up to 40m in height.
 - A combined control room, administration, workshop and store building, telemetry apparatus and a blackstart generator.
 - A fire water tank and demineralised water storage tank.
 - Security infrastructure, including cameras, perimeter fencing and a gatehouse.
 - Site lighting infrastructure, including perimeter lighting columns.
 - Internal roadways, car parking, pedestrian network, cycle parking, handstanding and water treatment trailers.
 - Site vehicular access including a new access road from either the Rhydy-pandy Road to the north or the S4469 to the west.
 - An underground 400kV electrical connection to export electricity produced by the power generation plant to the National Electricity Transmission System at the existing nearby 400kV Swansea North Substation.
 - A switched banking compound containing up to 6 transformers and other plant required to manage the transmission of electricity.
 - A new underground gas pipeline connection to import natural gas from the National Transmission System (NTS) to the GTGs.
 - An above ground installation of the NTS connection point consisting:
 - a minimum offset connection comprising remotely operable valve, control and instrumentation kiosk and electrical supply kiosk;
 - a pipeline inspection gauge (PIG) trap facility, comprising a PIG launching facility, emergency control valve, isolation valve and control and instrumentation kiosk, and electricity supply kiosk;
 - security infrastructure; and
 - access to the installation.
 - A natural gas receiving facility at the generating equipment site containing:
 - a pipeline inspection gauge (PIG) receiving facility;
 - isolation valves, metering, heating, filtering, compression, pressure regulation equipment;
 - electricity supply kiosk and
 - control and instrumentation kiosk.
 - Temporary construction compound for the power generation plant, gas connection and electrical connection together with access to the compound.
 - Site drainage and waste management infrastructure and other services.
 - Other ancillary works or operations integral to the Project.
 - If required, tree and hedge removal along the gas and electricity connection routes.
 - Replacement and compensatory planting, landscaping and, if required, ecological mitigation.
 - If required, the temporary prohibition or restriction on the use of public footpaths during the construction works described above.
 - If required, permanent and temporary changes to the highway network for the Project.
 - Compulsory acquisition of land and/or rights in land for the Project.
 - Overriding of easements and other rights over or affecting land (if required) for the Project.
 - The application and/or discontinuation of legislation relevant to the Project as may be required.
 - Such ancillary, incidental and consequential works, provisions, permits, consents, waivers or releases as are necessary and/or convenient for the successful construction, operation and maintenance of the Project.
- Due to the nature and size of the Project, APL is undertaking an Environmental Impact Assessment (EIA). Therefore the Project is classified as an EIA development under the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. The proposed application for a DCO will therefore be accompanied by an Environmental Statement (ES). The ES will provide a detailed description of the Project and its environmental impacts.
- Information to be compiled about the Project's environmental impacts is contained in a Preliminary Environmental Information Report (PEIR) and a non-technical summary. These documents will be available to view or download free of charge from the Project website from 13 October 2014. The website is located at the following URL: www.abergellipower.co.uk
- The documents will be available for viewing free of charge from 13 October 2014 until 15 November 2014 at the following libraries (opening times vary):

The documents will also be available for viewing free of charge at the Penlenger office of City & County of Swansea Council, Penlenger, Swansea SA4 9GL from 13 October 2014 until 16 November 2014 between 8.30am-5.00pm Monday-Thursday, and 08.30am-4.30pm Friday, and at public exhibitions which will be held by APL at the following locations and times:

22nd October 2014 15:00 - 20:00	Llangyfelach Church Hall, Swansea Road, Llangyfelach, Swansea SA5 7JA
23rd October 2014 14:00 - 19:00	Felindre Welfare Hall, Felindre, Swansea SA5 7NA
24th October 2014 14:00 - 19:00	Forge Fach Resource Centre, Hibron Road, Clydach, Swansea SA6 5EJ
25th October 2014 09:00 - 13:00	Treodau Village Hall, Y Cwyl, Treodau SA4 9QZ

- A reasonable copying charge may apply up to a maximum of £250, for the full suite of documents and £10 for an electronic copy on CD. Copies of individual documents are also available on request. The documents can be obtained by contacting: Abergelli Power Limited, 48 York Place, Edinburgh, EH3 3JD. (info@abergellipower.co.uk) 0131 553 3392.
- If you wish to request a copy of this notice, or make representations in respect of the Project, these should be sent to APL. Please include your name and an address where correspondence about the response can be sent. Representations may be submitted in the following ways:
 - Website: www.abergellipower.co.uk
 - Email: info@abergellipower.co.uk
 - Freepost: Freepost F1EY-KYBS-ERSR, Abergelli Power Ltd, 48 York Place, Edinburgh, EH3 3JD
 - Phone: 0131 553 3395
- Your comments will be analysed by APL and any appointed agent of APL. Copies may be made available, if due course, to the Planning Inspectorate, Secretary of State and other relevant statutory authorities so that your comments can be noted. We will request that your personal details are not placed on the public record. Your personal details will be held securely by APL, and any appointed agent of APL, in accordance with the Data Protection Act 1998 and will be used solely in connection with the consultation process and subsequent development consent application(s) and, except as noted above, will not be passed to any third parties.
- Please note that APL must receive all responses by 5pm on 15 November 2014.

Appointments

Template wording for the Independent Advertiser

A leading Global Financial Institution is seeking to employ Quantitative Analyst, QRV Model Review, based in London.
Hours 35 per week/permanent.
Competitive salary offered.
The individual will join the centralised specialist quantitative group dedicated to the independent review of front office and risk models. The individual will support product control in the proposition, refinement and implementation of fair value adjustment methodologies and develop and support quantitative tools and resources to enhance the control framework. The individual will also initiate the development of new techniques on quantitative methods.
The successful candidate will be a graduate and will have the following:
• Strong analytical skills
• Excellent communication skills
• Good programming skills, VBA, C++
• Good interpersonal skills
• Some evidence of experience working in a Quantitative Analytics role in Banking
Closing dates for applications 3rd November 2014 and all CVs and applications to be sent to PO Box 6726.
The Independent Classified Dept, 2nd Floor, 361 King Street, Hammersmith, London. W6 9NA

A leading Global Financial Institution is seeking to employ a

Senior Business Manager - Retail Banking, based in London.
Hours 35 per week/permanent.
Competitive salary offered.
The individual will assess business performance, proposing and agreeing improvement initiatives and tracking successful achievement of agreed action plans. SECTION 48, PLANNING ACT 2008
REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009
NOTICE OF PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER TO CONSTRUCT AND OPERATE THE ABERGELLI
POWER PROJECT ON LAND ADJACENT TO THE NATIONAL GRID GAS COMPRESSOR STATION AT ABERGELLI FARM, SWANSEA,
SOUTH WALES**

- 1 Notice is hereby given that Abergelli Power Limited ("APL") of 33 Cavendish Square, London W1G 0PW, intends to apply to the Secretary of State for Energy and Climate Change for a Development Consent Order ("DCO") under section 37 of the Planning Act 2008 ("the 2008 Act") to authorise the construction, operation and maintenance of a gas-fired electricity generation project which includes a power generation plant and integral gas and electrical connections on land adjacent to the National Grid Gas Compressor Station at Abergelli Farm, Swansea, south Wales (the "Project"). APL's application is likely to be submitted in Q1 of 2015.
- 2 APL has been established by Watt Power Limited to develop the Project. Watt Power Limited is seeking to develop gas-fired power stations on land at Abergelli Farm and elsewhere in the UK to support the UK Government's drive to a low carbon economy.
- 3 The site for the power generation plant covers an area of approximately 6ha.
- 4 The proposed DCO would, among other things, license and authorise:
 - a The construction, operation and maintenance of a Simple Cycle Gas Turbine power generation plant consisting of up to five gas turbine generators ("GTG") fuelled by natural gas with a rated electrical output of between 50 and 299 megawatts (MW).
 - b Provision of:
 - i Up to 5 GTGs.
 - ii Up to 5 exhaust gas emission flue stacks, each up to 40m in height.
 - iii A combined control room, administration, workshop and store building, telemetry apparatus and a blackstart generator.
 - iv A fire water tank and demineralised water storage tank.
 - v Security infrastructure, including cameras, perimeter fencing and a gatehouse.
 - vi Site lighting infrastructure, including perimeter lighting columns.
 - vii Internal roadways, car parking, pedestrian network, cycle parking, hardstanding and water treatment trailers.
 - viii Site vehicular access(es) including a new access road from either the Rhyd-y-pandy Road to the north or the B4489 to the west.
 - ix An underground 400kV electrical connection to export electricity produced by the power generation plant to the National Electricity Transmission System at the existing nearby 400kV Swansea North Substation.
 - x A switchyard/banking compound containing up to 6 transformers and other plant required to manage the transmission of electricity.
 - xi A new underground gas pipeline connection to import natural gas from the National Transmission System (NTS) to the GTGs.
 - xii An above ground installation at the NTS connection point containing:
 - 1) a minimum offtake connection comprising a remotely operable valve, control and instrumentation kiosk and electrical supply kiosk;
 - 2) a pipeline inspection gauge (PIG) trap facility, comprising a PIG launching facility, emergency control valve, isolation valve and control and instrumentation kiosk, and electricity supply kiosk;
 - 3) security infrastructure; and
 - 4) access to the installation.
 - xiii A natural gas receiving facility at the generating equipment site containing:
 - 1) a pipeline inspection gauge (PIG) receiving facility;
 - 2) isolation valves, metering, heating, filtering, compression, pressure regulation equipment;
 - 3) electricity supply kiosk; and
 - 4) control and instrumentation kiosks.
- 5 Due to the nature and size of the Project, APL is undertaking an Environmental Impact Assessment (EIA). Therefore the Project is classified as EIA development under the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. The proposed application for a DCO will therefore be accompanied by an Environmental Statement (ES). The ES will provide a detailed description of the Project and its environmental impacts.
- 6 Information so far compiled about the Project's environmental impacts is contained in a Preliminary Environmental Information Report (PEIR) and a non-technical summary. These documents will be available to view or download free of charge from the Project website from 13 October 2014. The website is located at the following link: www.abergellipower.co.uk

999 CALL . . . TO RELEASE A 'BURGLAR'

A SUSPECTED burglar had to be rescued after becoming trapped inside a Swansea city centre building.
Police and later firefighters were called to help release the man from the property on Castle Street at 5.45pm on Saturday.
A police spokesman said a 37-year-old man was later arrested on suspicion of burglary.

SECTION 48, PLANNING ACT 2008

REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009

NOTICE OF PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER TO CONSTRUCT AND OPERATE THE ABERGELLI POWER PROJECT ON LAND ADJACENT TO THE NATIONAL GRID GAS COMPRESSOR STATION AT ABERGELLI FARM, SWANSEA, SOUTH WALES

1. Notice is hereby given that Abergelli Power Limited ("APL") of 33 Cavendish Square, London W1G 0PW, intends to apply to the Secretary of State for Energy and Climate Change for a Development Consent Order ("DCO") under section 37 of the Planning Act 2008 ("the 2008 Act") to authorise the construction, operation and maintenance of a gas-fired electricity generation project which includes a power generation plant and integral gas and electrical connections on land adjacent to the National Grid Gas Compressor Station at Abergelli Farm, Swansea, south Wales (the "Project"). APL's application is likely to be submitted in Q1 of 2015.
2. APL has been established by Watt Power Limited to develop the Project. Watt Power Limited is seeking to develop gas-fired power stations on land at Abergelli Farm and elsewhere in the UK to support the UK Government's drive to a low carbon economy.
3. The site for the power generation plant covers an area of approximately 6ha.
4. The proposed DCO would, among other things, license and authorise:
 - a. The construction, operation and maintenance of a Simple Cycle Gas Turbine power generation plant consisting of up to five gas turbine generators ("GTG") fuelled by natural gas with a rated electrical output of between 50 and 299 megawatts (MW).
 - b. Provision of:
 - i. Up to 5 GTGs.
 - ii. Up to 5 exhaust gas emission flue stacks, each up to 40m in height.
 - iii. A combined control room, administration, workshop and store building, telemetry apparatus and a blackstart generator.
 - iv. A fire water tank and demineralised water storage tank.
 - v. Security infrastructure, including cameras, perimeter fencing and a gatehouse.
 - vi. Site lighting infrastructure, including perimeter lighting columns.
 - vii. Internal roadways, car parking, pedestrian network, cycle parking, hardstanding and water treatment trailers.
 - viii. Site vehicular access(es) including a new access road from either the Rhyd-y-pandy Road to the north or the B4489 to the west.
 - ix. An underground 400kV electrical connection to export electricity produced by the power generation plant to the National Electricity Transmission System at the existing nearby 400kV Swansea North Substation.
 - x. A switchyard/banking compound containing up to 6 transformers and other plant required to manage the transmission of electricity.
 - xi. A new underground gas pipeline connection to import natural gas from the National Transmission System (NTS) to the GTGs.
 - xii. An above ground installation at the NTS connection point containing:
 1. a minimum offtake connection comprising a remotely operable valve, control and instrumentation kiosk and electrical supply kiosk;
 2. a pipeline inspection gauge (PIG) trap facility, comprising a PIG launching facility, emergency control valve, isolation valve and control and instrumentation kiosk, and electricity supply kiosk;
 3. security infrastructure; and
 4. access to the installation.
 - xiii. A natural gas receiving facility at the generating equipment site containing:
 1. a pipeline inspection gauge (PIG) receiving facility;
 2. isolation valves, metering, heating, filtering, compression, pressure regulation equipment;
 3. electricity supply kiosk; and
 4. control and instrumentation kiosks.
 - xiv. Temporary construction compound(s) for the power generation plant, gas connection and electrical connection together with access to the compound.
 - xv. Site drainage and waste management infrastructure and other services.
 - xvi. Other ancillary works or operations integral to the Project.
 - c. If required, tree and hedge removal along the gas and electricity connection routes.
 - d. Replacement and compensatory planting, landscaping and, if required, ecological mitigation.
 - e. If required, the temporary prohibition or restriction on the use of public footpath(s) during the construction works described above.
 - f. If required, permanent and temporary changes to the highway network for the Project.
 - g. Compulsory acquisition of land and/or rights in land for the Project.
 - h. Overriding of easements and other rights over or affecting land (if required) for the Project.
 - i. The application and/or disapplication of legislation relevant to the Project as may be required.
 - j. Such ancillary, incidental and consequential works, provisions, permits, consents, waivers or releases as are necessary and/or convenient for the successful construction, operation and maintenance of the Project.
5. Due to the nature and size of the Project, APL is undertaking an Environmental Impact Assessment (EIA). Therefore the Project is classified as EIA development under the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. The proposed application for a DCO will therefore be accompanied by an Environmental Statement (ES). The ES will provide a detailed description of the Project and its environmental impacts.

6. Information so far compiled about the Project's environmental impacts is contained in a Preliminary Environmental Information Report (PEIR) and a non-technical summary. These documents will be available to view or download free of charge from the Project website from 13 October 2014. The website is located at the following link: www.abergellipower.co.uk
7. The documents will be available for viewing free of charge from 13 October 2014 until 16 November 2014 at the following libraries (opening times vary):

	Swansea Central Library Civic Centre Oystermouth Road Swansea SA1 3SN (01792) 636464	Clydach Library High Street Clydach, Swansea SA6 5LN (01792) 843300	Gorseinon Library 15 West Street Gorseinon Swansea SA4 4AA (01792) 516780	Morrison Library Treharne Road Morrison Swansea SA6 7AA (01792) 516770	Pontarddulais Library St Michael's Avenue Pontarddulais Swansea SA4 8TE (01792) 882822

8. The documents will also be available for viewing free of charge at the Penllergaer office of City & County of Swansea Council, Penllergaer, Swansea SA4 9GJ from 13 October 2014 until 16 November 2014 between 8.30am - 5.00pm Monday - Thursday, and 08.30am - 4.30pm Friday, and at public exhibitions which will be held by APL at the following locations and times:

22nd October 2014 15:00 - 20:00	Llangyfelach Church Hall, Swansea Road, Llangyfelach, Swansea SA5 7JA
23rd October 2014 14:00 - 19:00	Felindre Welfare Hall, Felindre, Swansea SA5 7NA
24th October 2014 14:00 - 19:00	Forge Fach Resource Centre, Hebron Road, Clydach, Swansea SA6 5EJ
25th October 2014 09:00 - 13:00	Tircoed Village Hall, Y Cyswilt, Tircoed SA4 9QZ

9. A reasonable copying charge may apply, up to a maximum of £250, for the full suite of documents and £10 for an electronic copy on CD. Copies of individual documents are also available on request. The documents can be obtained by contacting: Abergelli Power Limited, 49 York Place, Edinburgh, EH1 3JD / info@abergellipower.co.uk / 0131 550 3395.
10. If you wish to respond to this notice, or make representations in respect of the Project, these should be sent to APL. Please include your name and an address where correspondence about the response can be sent. Representations may be submitted in the following ways:
 - a. Website: www.abergellipower.co.uk
 - b. Email: info@abergellipower.co.uk
 - c. Freepost: Freepost RTEY-JYB-ERSR, Abergelli Power Ltd, 49 York Place, Edinburgh, EH1 3JD
 - d. Phone: 0131 550 3395
11. Your comments will be analysed by APL and any appointed agent of APL. Copies may be made available, in due course, to the Planning Inspectorate, Secretary of State and other relevant statutory authorities so that your comments can be noted. We will request that your personal details are not placed on the public record. Your personal details will be held securely by APL and any appointed agent of APL in accordance with the Data Protection Act 1998 and will be used solely in connection with the consultation process and subsequent development consent application(s) and, except as noted above, will not be passed to any third parties.
12. Please note that APL must receive all responses by 5pm on 16 November 2014.

HYSBYSIAD O GAIS ARFAETHEDIG AM ORCHYMYN CANIATÂD DATBLYGU I ADEILADU AC I WEITHREDU PROSIECT PŴER ABERGELLI AR DIR GERLLAW GORSAF CYWASGU NŴY'R GRID CENEDLAETHOL AR FFERM ABERGELLI, ABERTAWA, DE CYMRU.

- Rhoddir hysbysiad trwy hyn bod Abergelli Power Cyfyngedig ("APL") o 33 Cavendish Square, Llundain W1G 0PW, yn bwriadu ymgaisio i'r Ysgrifennydd Gwladol dros Ynni a Newid Hinsawdd am Orchymyn Caniatâd Datblygu ("DCO") o dan adran 37 Deddf Gynllunio 2008 ("Deddf 2008") i awdurdoddi'r gwaith o adeiladu, gweithredu a chynnal a chadw prosiect cynhyrchu trydan sy'n rhedeg ar nwy, sy'n cynnwys gwaith cynhyrchu pŵer a chysylltiadau nwy a thrydanol annatod ar dir gerllaw Gorsaf Cywasgu Nwy'r Grid Cenedlaethol ar Fferm Abergelli, Abertawe, De Cymru (y "Prosiect"). Mae'n debygol y cyflwynir cais APL yn chwarter 1af 2015.
 - Sefydlwyd APL gan Watt Power Limited i ddatblygu'r Prosiect. Mae Watt Power Limited yn bwriadu datblygu gorsaf oedd pŵer sy'n rhedeg ar nwy ar dir ar Fferm Abergelli ac mewn mannau eraill yn y Deyrnas Unedig i gefnogi ymgyrch Llywodraeth a Deyrnas Unedig i gael economi carbon isel.
 - Mae'r safle ar gyfer y gwaith cynhyrchu pŵer yn ymestyn dros ardal sydd oddeutu 6 hecтар.
 - Byddai'r Gorchymyn Caniatâd Datblygu arfaethedig, ymysg pethau eraill, yn trwyddedu ac yn awdurdodi:
 - Adeiladu, gweithredu a chynnal a chadw gwaith cynhyrchu pŵer Tyrbîn Nwy Cylch Syml sy'n cynnwys hyd at bum generadur tyrbîn nwy ("GTG") sy'n rhedeg ar nwy naturiol sydd â chyfradd allbwn trydanol o rhwng 50 a 299 megawatt (MW).
 - Darparu:
 - Hyd at 5 generadur tyrbîn nwy.
 - Hyd at 5 simnai ffiliu allyrnu nwy gwacáu, â phob un hyd at 40 metr o uchder.
 - Ystafell reoli, gweinyddu, gweithdy ac adeilad storio, offer telemetreg a generadur blackstart i gyd yn gyfuno.
 - Tanc dŵr tân a thanc storio dŵr wedi'i ddihalgwyno.
 - Seilwaith diogeldd, yn cynnwys camerâu, ffensys ar hyd y terfyn a phorthdy.
 - Seilwaith goleuadau ar y safle, yn cynnwys colofnau goleuo ar hyd y terfyn.
 - Ffyrdd mewnol, maes parcio, rhywydwaith i gerddwyr, lle parcio beiciau, llawr caled ac ôl-gerbydau trin dŵr.
 - Mynediad(au) i gerbydau i'r safle, yn cynnwys ffordd fynediad newydd o naill ai Heol Rhyd-y-pandy i'r gogledd neu'r B4489 i'r gorllewin.
 - Cysylltiad trydanol 400kV tanddaearol i drosglwyddo trydan a gynhyrchir gan y gwaith cynhyrchu pŵer i'r System Trawsyrru Trydan Genedlaethol yn Is-orsaf 400kV Gogledd Abertawe bresennol gerllaw.
 - Man switshis/ardal fanciau sy'n cynnwys hyd at 6 trawsnewidydd ac offer eraill sydd eu hangen i reoli'r gwaith o drawsyrnu trydan.
 - Cysylltiad piblinell nwy tanddaearol newydd i drosglwyddo nwy naturiol o'r System Drawsyrru Genedlaethol (NTS) i'r generaduron tyrbîn nwy.
 - Gweithfa ar y tir yn man cysylltu'r System Drawsyrru Genedlaethol, yn cynnwys:
 - cysylltiad defnydd lleiaf sydd ei angen, yn cynnwys falf y gellir ei gweithio o bell, caban rheoli ac offeryniaeth a chaban cyflenwi trydanol;
 - cyfleuster trap medrydd archwilio piblinellau (PIG), yn cynnwys cyfleuster lansio PIG, falf rheoli brys, falf ynysu a chaban rheoli ac offeryniaeth, a chaban cyflenwi trydan;
 - seilwaith diogeldd; a
 - mynediad i'r weithfa.
 - Cyfleuster derbyn nwy naturiol yn safle'r cyfarpar cynhyrchu, yn cynnwys:
 - cyfleuster derbyn medrydd archwilio piblinellau (PIG);
 - falfiau ynysu, mesuryddu, gwresogi, hidlo, cywasgu, cyfarpar rheoleiddio gwasgedd;
 - caban cyflenwi trydan; a
 - chabanau rheoli ac offeryniaeth.
 - Amgafael (amgafeydd) adeiladu dros dro ar gyfer y gwaith cynhyrchu pŵer, cysylltiad nwy a chysylltiad trydanol ynghyd â mynediad i'r amgafael.
 - Seilwaith draenio'r safle a rheoli gwastraff a gwasanaethau eraill.
 - Gweithfeydd neu weithrediadau ategol eraill sy'n annatod i'r Prosiect.
 - Os bydd angen, cael gwared â choed a gwyrchoedd ar hyd llwybrau'r cysylltiad nwy a thrydan.
 - Gwaith plannu o'r newydd a chydadferol, tirlunio, ac, os bydd angen, lliniaru ecolegol.
 - Os bydd angen, gwahardd neu gyfyngu dros dro ar y defnydd o lwybr(au) cyhoeddus yn ystod y gwaith adeiladu a ddisgrifir uchod.
 - Os bydd angen, newidiadau parhaol a thros dro i'r rhywydwaith prifffyrdd ar gyfer y Prosiect.
 - Caffaeliad gorfodol ar dir a/neu hawliau mewn tir ar gyfer y Prosiect.
 - Trechu hawddfreintiau a hawliau eraill dros neu sy'n effeithio ar dir (os bydd angen) ar gyfer y Prosiect.
 - Cymhwyso a/neu ddatgymhwyso deddfwriaeth sy'n berthnasol i'r Prosiect fel yn ôl yr angen.
 - Y cyfryw weithiau ategol, achlysurol a chanlyniadol, darpariaethau, caniatâd, cydsyniadau, hawllidiadau neu ryddhadau fel sy'n angenrheidiol ac/neu'n gyfeus ar gyfer adeiladu, gweithredu a chynnal y Prosiect yn llwyddiannus.
- Oherwydd natur a maint y Prosiect, mae APL yn cynnal Asesiad o'r Effaith Amgylcheddol (EIA). Felly, caiff y Prosiect ei gategoreiddio fel datblygiad Asesiad o'r Effaith Amgylcheddol o dan Reoliadau Cynllunio Seilwaith (Asesiad o'r Effaith Amgylcheddol) 2009. Bydd y cais arfaethedig am Orchymyn Caniatâd Datblygu felly yn mynd law yn llaw â Datganiad Amgylcheddol (ES). Bydd y Datganiad Amgylcheddol yn darparu disgrifiad manwl o'r Prosiect a'i effeithiau amgylcheddol.

- Caiff gwybodaeth a gasglwyd hyd yn hyn am effeithiau amgylcheddol y Prosiect ei chynnwys mewn Adroddiad Gwybodaeth Amgylcheddol Rhagarweiniol (PEIR) a chrynodeb annhechnebol. Bydd y dogfennau hyn ar gael i'w gweld neu i'w lawrwytho yn ddi-dâl oddi ar wefan y Prosiect o'r 13eg o Hydref, 2014. Lleolir y wefan yn y ddolen a ganlyn: www.abergellipower.co.uk
- Bydd y dogfennau ar gael i'w gweld yn ddi-dâl o'r 13eg o Hydref, 2014 tan yr 16eg o Dachwedd, 2014 yn y llyfrgelloedd a ganlyn (mae amseroedd agor yn amrywio):

CRASH WOMAN FIGHTS FOR LIFE

Driver left critical after car flips over

Chris Peregrine

@Peters71 • 01792 545527
chris.peregrine@swmmedia.co.uk

POLICE are investigating a single vehicle crash that has left a 40-year-old woman in a critical condition in hospital.

Her grey Volkswagen Touran car flipped on to its side in Pentre Road, Waungron, near Pontarddulais.

She had been given cardiopulmonary resuscitation (CPR) at the scene. Officers are appealing for witnesses.

SWA-E03-S2

SECTION 48, PLANNING ACT 2008

REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009

NOTICE OF PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER TO CONSTRUCT AND OPERATE THE ABERGELLI POWER PROJECT ON LAND ADJACENT TO THE NATIONAL GRID GAS COMPRESSOR STATION AT ABERGELLI FARM, SWANSEA, SOUTH WALES

1. Notice is hereby given that Abergelli Power Limited ("APL") of 33 Cavendish Square, London W1G 0PW, intends to apply to the Secretary of State for Energy and Climate Change for a Development Consent Order ("DCO") under section 37 of the Planning Act 2008 ("the 2008 Act") to authorise the construction, operation and maintenance of a gas-fired electricity generation project which includes a power generation plant and integral gas and electrical connections on land adjacent to the National Grid Gas Compressor Station at Abergelli Farm, Swansea, south Wales (the "Project"). APL's application is likely to be submitted in Q1 of 2015.
2. APL has been established by Watt Power Limited to develop the Project. Watt Power Limited is seeking to develop gas-fired power stations on land at Abergelli Farm and elsewhere in the UK to support the UK Government's drive to a low carbon economy.
3. The site for the power generation plant covers an area of approximately 6ha.
4. The proposed DCO would, among other things, license and authorise:
 - a. The construction, operation and maintenance of a Simple Cycle Gas Turbine power generation plant consisting of up to five gas turbine generators ("GTG") fuelled by natural gas with a rated electrical output of between 50 and 299 megawatts (MW).
 - b. Provision of:
 - i. Up to 5 GTGs.
 - ii. Up to 5 exhaust gas emission flue stacks, each up to 40m in height.
 - iii. A combined control room, administration, workshop and store building, telemetry apparatus and a blackstart generator.
 - iv. A fire water tank and demineralised water storage tank.
 - v. Security infrastructure, including cameras, perimeter fencing and a gatehouse.
 - vi. Site lighting infrastructure, including perimeter lighting columns.
 - vii. Internal roadways, car parking, pedestrian network, cycle parking, hardstanding and water treatment trailers.
 - viii. Site vehicular access(es) including a new access road from either the Rhyd-y-pandy Road to the north or the B4489 to the west.
 - ix. An underground 400kV electrical connection to export electricity produced by the power generation plant to the National Electricity Transmission System at the existing nearby 400kV Swansea North Substation.
 - x. A switchyard/banking compound containing up to 6 transformers and other plant required to manage the transmission of electricity.
 - xi. A new underground gas pipeline connection to import natural gas from the National Transmission System (NTS) to the GTGs.
 - xii. An above ground installation at the NTS connection point containing:
 1. a minimum offtake connection comprising a remotely operable valve, control and instrumentation kiosk and electrical supply kiosk;
 2. a pipeline inspection gauge (PIG) trap facility, comprising a PIG launching facility, emergency control valve, isolation valve and control and instrumentation kiosk, and electricity supply kiosk;
 3. security infrastructure; and
 4. access to the installation.
 - xiii. A natural gas receiving facility at the generating equipment site containing:
 1. a pipeline inspection gauge (PIG) receiving facility;
 2. isolation valves, metering, heating, filtering, compression, pressure regulation equipment;
 3. electricity supply kiosk; and
 4. control and instrumentation kiosks.
 - xiv. Temporary construction compound(s) for the power generation plant, gas connection and electrical connection together with access to the compound.
 - xv. Site drainage and waste management infrastructure and other services.
 - xvi. Other ancillary works or operations integral to the Project.
 - c. If required, tree and hedge removal along the gas and electricity connection routes.
 - d. Replacement and compensatory planting, landscaping and, if required, ecological mitigation.
 - e. If required, the temporary prohibition or restriction on the use of public footpath(s) during the construction works described above.
 - f. If required, permanent and temporary changes to the highway network for the Project.
 - g. Compulsory acquisition of land and/or rights in land for the Project.
 - h. Overriding of easements and other rights over or affecting land (if required) for the Project.
 - i. The application and/or disapplication of legislation relevant to the Project as may be required.
 - j. Such ancillary, incidental and consequential works, provisions, permits, consents, waivers or releases as are necessary and/or convenient for the successful construction, operation and maintenance of the Project.
5. Due to the nature and size of the Project, APL is undertaking an Environmental Impact Assessment (EIA). Therefore the Project is classified as EIA development under the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009. The proposed application for a DCO will therefore be accompanied by an Environmental Statement (ES). The ES will provide a detailed description of the Project and its environmental impacts.

6. Information so far compiled about the Project's environmental impacts is contained in a Preliminary Environmental Information Report (PEIR) and a non-technical summary. These documents will be available to view or download free of charge from the Project website from 13 October 2014. The website is located at the following link: www.abergellipower.co.uk
7. The documents will be available for viewing free of charge from 13 October 2014 until 16 November 2014 at the following libraries (opening times vary):

	Swansea Central Library Civic Centre Oystermouth Road Swansea SA1 3SN (01792) 636464	Clydach Library High Street Clydach, Swansea SA6 5LN (01792) 843300	Gorseinon Library 15 West Street Gorseinon Swansea SA4 4AA (01792) 516780	Morrison Library Treharne Road Morrison Swansea SA6 7AA (01792) 516770	Pontarddulais Library St Michael's Avenue Pontarddulais Swansea SA4 8TE (01792) 882822
Monday	CLOSED	9.30 - 17.30	9.00 - 18.00	9.00 - 18.00	9.00 - 13.00 and 14.00 - 17.00

8. The documents will also be available for viewing free of charge at the Penllergaer office of City & County of Swansea Council, Penllergaer, Swansea SA4 9GJ from 13 October 2014 until 16 November 2014 between 8.30am - 5.00pm Monday - Thursday, and 08.30am - 4.30pm Friday, and at public exhibitions which will be held by APL at the following locations and times:

22nd October 2014 15:00 - 20:00	Llangyfelach Church Hall, Swansea Road, Llangyfelach, Swansea SA5 7JA
23rd October 2014 14:00 - 19:00	Felindre Welfare Hall, Felindre, Swansea SA5 7NA
24th October 2014 14:00 - 19:00	Forge Fach Resource Centre, Hebron Road, Clydach, Swansea SA6 5EJ
25th October 2014 09:00 - 13:00	Tircoed Village Hall, Y Cyswilt, Tircoed SA4 9QZ

9. A reasonable copying charge may apply, up to a maximum of £250, for the full suite of documents and £10 for an electronic copy on CD. Copies of individual documents are also available on request. The documents can be obtained by contacting: Abergelli Power Limited, 49 York Place, Edinburgh, EH1 3JD / info@abergellipower.co.uk / 0131 550 3395.
10. If you wish to respond to this notice, or make representations in respect of the Project, these should be sent to APL. Please include your name and an address where correspondence about the response can be sent. Representations may be submitted in the following ways:
 - a. Website: www.abergellipower.co.uk
 - b. Email: info@abergellipower.co.uk
 - c. Freepost: Freepost RTEY-JYYB-ERSR, Abergelli Power Ltd, 49 York Place, Edinburgh, EH1 3JD
 - d. Phone: 0131 550 3395
11. Your comments will be analysed by APL and any appointed agent of APL. Copies may be made available, in due course, to the Planning Inspectorate, Secretary of State and other relevant statutory authorities so that your comments can be noted. We will request that your personal details are not placed on the public record. Your personal details will be held securely by APL and any appointed agent of APL in accordance with the Data Protection Act 1998 and will be used solely in connection with the consultation process and subsequent development consent application(s) and, except as noted above, will not be passed to any third parties.
12. Please note that APL must receive all responses by 5pm on 16 November 2014.

ADRAN 48, DEDDF GYNLLUNIO 2008

RHEOLIAD 4 RHEOLIADAU CYNLLUNIO SEILWAITH (CEISIADAU: FFURFLENNI A GWEITHDREFN RAGNODEDIG) 2009

HYSBYSIAD O GAIS ARFAETHEDIG AM ORCHYMYN CANIATÂD DATBLYGU I ADEILADU AC I WEITHREDU PROSIECT PŴER ABERGELLI AR DIR GERLLAW GORSAF CYWASGU NWY'R GRID CENEDLAETHOL AR FFERM ABERGELLI, ABERTAW, DE CYMRU.

- Rhoddir hysbysiad trwy hyn bod Abergelli Power Cyfyngedig ("APL") o 33 Cavendish Square, Llundain W1G 0PW, yn bwriadu ymgaisio i'r Ysgrifennydd Gwladol dros Ynni a Newid Hinsawdd am Orchymyn Caniatâd Datblygu ("DCO") o dan adran 37 Deddf Gynllunio 2008 ("Deddf 2008") i awdurdod i'r gwaith o adeiladu, gweithredu a chynnal a chadw prosiect cynhyrchu trydan sy'n rhedeg ar nwy, sy'n cynnwys gwaith cynhyrchu pŵer a chysylltiadau nwy a thrydanol annatod ar dir gerllaw Gorsaf Cywasgu Nwy'r Grid Cenedlaethol ar Fferm Abergelli, Abertawe, De Cymru (y "Prosiect"). Mae'n debygol y cyflwynir cais APL yn chwarter 1af 2015.
- Sefydlwyd APL gan Watt Power Limited i ddatblygu'r Prosiect. Mae Watt Power Limited yn bwriadu datblygu gorsafedd pŵer sy'n rhedeg ar nwy ar dir ar Fferm Abergelli ac mewn mannau eraill yn y Deyrnas Unedig i gefnogi ymgyrch Llywodraeth y Deyrnas Unedig i gael economi carbon isel.
- Mae'r safle ar gyfer y gwaith cynhyrchu pŵer yn ymestyn dros ardal sydd oddeutu 6 hecтар.
- Byddai'r Orchymyn Caniatâd Datblygu arfaethedig, ymysg pethau eraill, yn trwyddedu ac yn awdurdodi:
 - Adeiladu, gweithredu a chynnal a chadw gwaith cynhyrchu pŵer Tyrbîn Nwy Cylch Syml sy'n cynnwys hyd at bum generadur tyrbîn nwy ("GTG") sy'n rhedeg ar nwy naturiol sydd â chyfradd allbwn trydanol o rhwng 50 a 299 megawatt (MW).
 - Darparu:
 - Hyd at 5 generadur tyrbîn nwy.
 - Hyd at 5 simnel ffifw allyrru nwy gwacáu, â phob un hyd at 40 metr o uchder.
 - Ystafell reoli, gweinyddu, gweithdy ac adeilad storio, offer telemetreg a generadur blackstart i gyd yn gyfunol.
 - Tanc dŵr tân a thanc storio dŵr wedi'i ddihaluwyo.
 - Seilwaith diogeled, yn cynnwys camerâu, ffensys ar hyd y terfyn a phorthdy.
 - Seilwaith goleuadau ar y safle, yn cynnwys colofnau goleuo ar hyd y terfyn.
 - Flydd mewnl, maes parcio, rhydwaiha i gerddwyr, lle parcio beiciau, llawr caled ac ôl-gerbydau trin dŵr.
 - Mynediad(au) i gerbydau i'r safle, yn cynnwys ffordd fynediad newydd o naill ai Heol Rhyd-y-pandy i'r gogledd neu'r B4489 i'r gorllewin.
 - Cysylltiad trydanol 400kV tanddaearol i drosglyddo trydan a gynhyrchir gan y gwaith cynhyrchu pŵer i'r System Trawsyrru Trydan Genedlaethol yn Is-orsaf 400kV Gogledd Abertawe bresennol gerllaw.
 - Man switshis/ardal fanciau sy'n cynnwys hyd at 6 trawsnewidydd ac offer eraill sydd eu hangen i reoli'r gwaith o drawsyrnu trydan.
 - Cysylltiad piblinell nwy tanddaearol newydd i drosglyddo nwy naturiol o'r System Drawsyrru Genedlaethol (NTS) i'r generaduron tyrbîn nwy.
 - Gweithfa ar y tir yn man cysylltu'r System Drawsyrru Genedlaethol, yn cynnwys:
 - cysylltiad defnydd lleiaf sydd ei angen, yn cynnwys falf y gellir ei gweithio o bell, caban rheoli ac offeryniaeth a chaban cyflenwi trydanol;
 - cyfeuster trap medrydd archwilio piblinellau (PIG), yn cynnwys cyfeuster lansio PIG, falf rheoli brys, falf ynysu a chaban rheoli ac offeryniaeth, a chaban cyflenwi trydan;
 - seilwaith diogeled; a
 - mynediad i'r weithfa.
 - Cyfeuster derbyn nwy naturiol yn safle'r cyfarpar cynhyrchu, yn cynnwys:
 - cyfeuster derbyn medrydd archwilio piblinellau (PIG);
 - falfiau ynysu, mesuryddu, gwresogi, hidlo, cywasgu, cyfarpar rheoleiddio gwasgedd;
 - caban cyflenwi trydan; a
 - chabanau rheoli ac offeryniaeth.
 - Amgafael (amgafeydd) adeiladu dros dro ar gyfer y gwaith cynhyrchu pŵer, cysylltiad nwy a chysylltiad trydanol ynghyd â mynediad i'r amgafael.
 - Seilwaith draenio'r safle a rheoli gwastraff a gwasanaethau eraill.
 - Gweithfeydd neu weithrediadau ategol eraill sy'n annatod i'r Prosiect.
 - Os bydd angen, cael gwared â choed a gwrychoedd ar hyd llwybrau'r cysylltiad nwy a thrydan.
 - Gwaith plannu o'r newydd a chydadferol, tirlunio, ac, os bydd angen, lliniaru ecolegol.
 - Os bydd angen, gwahardd neu gyfyngu dros dro ar y defnydd o lwybr(au) cyhoeddus yn ystod y gwaith adeiladu a ddisgrifir uchod.
 - Os bydd angen, newidiadau parhaol a throsglyddo i'r rhydwaiha priffyrdd ar gyfer y Prosiect.
 - Calfaeliad gorfodol ar dir a/neu hawliau mewn tir ar gyfer y Prosiect.
 - Trechu hawddfreintiau a hawliau eraill dros neu sy'n effeithio ar dir (os bydd angen) ar gyfer y Prosiect.
 - Cymhwysu a/neu ddatgymhwysu deddfwriaeth sy'n berthnasol i'r Prosiect fel yn ôl yr angen.
 - Y cyfryw weithiau ategol, achysuroel a chanlyniadol, darpariaethau, caniatâd, cydsyniadau, hawllidiadau neu ryddiadau fel sy'n angenrheidiol ac/neu'n gyfleus ar gyfer adeiladu, gweithredu a chynnal y Prosiect yn llwddiannus.
- Oherwydd natur a maint y Prosiect, mae APL yn cynnal Asesiad o'r Effaith Amgylcheddol (EIA). Felly, caiff y Prosiect ei gategoreiddio fel datblygiad Asesiad o'r Effaith Amgylcheddol o dan Reoladau Cynllunio Seilwaith (Asesiad o'r Effaith Amgylcheddol) 2009. Bydd y cais arfaethedig am Orchymyn Caniatâd Datblygu felly yn mynd law yn llaw â Datganiad Amgylcheddol (ES). Bydd y Datganiad Amgylcheddol yn darparu disgrifiad manwl o'r Prosiect a'i effeithiau amgylcheddol.

- Caiff gwybodaeth a gasglwyd hyd yn hyn am effeithiau amgylcheddol y Prosiect ei chynnwys mewn Adroddiad Gwybodaeth Amgylcheddol Rhagarweiniol (PEIR) a chrynodeb annhechregol. Bydd y dogfennau hyn ar gael i'w gweld neu i'w lawrlwytho yn ddi-dâl oddi ar wefan y Prosiect o'r 13eg o Hydref, 2014. Lleolir y wefan yn y ddolen a ganlyn: www.abergellipower.co.uk
- Bydd y dogfennau ar gael i'w gweld yn ddi-dâl o'r 13eg o Hydref, 2014 tan yr 16eg o Dachwedd, 2014 yn y llyfrgelloedd a ganlyn (mae amseroedd agor yn amrywio):

SCHOOL SUSPENDS WORKER IN 'PUPIL INCIDENT'

Claims staff member had 'picked boy up by collar'

Liz Perkins

@lizperkinspost • 01792 546551
elizabeta.perkins@swmmedia.co.uk

A SCHOOL worker has been suspended from a Swansea primary following an incident involving a pupil.

Bosses at Ysgol Gynradd Gymraeg Bryniago in

Pontarddulais took the decision after a complaint was lodged.

It has been claimed that the member of staff picked a child off the floor by their collar.

A school spokesman said the matter was now under investigation.

Statement of Community Consultation Notice

Abergelli Power Ltd (APL) proposes to construct and operate a gas-fired power generation plant and connections to the gas and electricity networks on land adjacent to the National Grid compressor station at Abergelli Farm, Felindre, Swansea SA5 7NN. The proposed site is situated north of Swansea in the City & County of Swansea (north of M4, Junction 46), approximately 1km southeast of Felindre, 750m south-west of Llwyncelyn and 1.5km north of Llangyfelach.

The project includes a power generation plant, a gas connection and an electrical connection that would connect the power generation plant to the existing nearby gas and electricity transmission networks. The power generation plant would have a rated electrical output of between 50 and 299 MW. Subject to public consultation, planning and financing, it could enter commercial operation in 2019.

The Project is classified as a Nationally Significant Infrastructure Project under the Planning Act 2008 which means a Development Consent Order (DCO) is required to build, operate and maintain it.

Due to the nature and size of the Project, APL is undertaking an Environmental Impact Assessment (EIA). Therefore the Project is classified as EIA development. The EIA will consider the potential impacts, both positive and negative, of the Project on topics including air and water quality, noise, landscape and visual impact, traffic, local ecology, archaeology and heritage, and socio-economics.

The DCO application will be processed and examined by the Planning Inspectorate who will make a recommendation to the Secretary of State for Energy and Climate Change. The final decision on the application is made by the Secretary of State.

Consultation with local people, businesses, and other organisations is an essential part of the DCO application process and will help to influence the final design of the project. Only after all inputs have been considered will designs be finalised and the application for a DCO be submitted.

The Government's policies in relation to Nationally Significant Infrastructure Projects are set out in National Policy Statements (NPSs). NPS EN-1 (Energy) states that "gas will continue to play an important role in the electricity sector- providing vital flexibility to support an increasing amount of low-carbon generation and to maintain security of supply." The need for the Project is established through NPSs and is therefore not a topic of consultation.

APL has prepared a statement setting out how it proposes to consult people living and working in the vicinity of the site about the proposed DCO application; this is the Statement of Community Consultation. It is available for inspection at www.abergellipower.co.uk and at the locations listed in the following table (opening times vary).

	City and County of Swansea Council Offices, Penllergaer Swansea SA4 9GJ (01792) 636000	Swansea Central Library Civic Centre Oystermouth Road Swansea SA1 3SN (01792) 636464	Clydach Library High Street Clydach, Swansea SA6 5LN (01792) 843300	Gorseinon Library 15 West Street Gorseinon Swansea SA4 4AA (01792) 516780	Morrison Library Treharne Road Morrison Swansea SA6 7AA (01792) 516770	Pontarddulais Library St Michael's Avenue Pontarddulais Swansea SA4 8TE (01792) 862622
Monday	8.30 - 17.00	CLOSED	9.30 - 17.30	9.00 - 18.00	9.00 - 18.00	9.00 - 13.00 and 14.00 - 17.00
Tuesday	8.30 - 17.00	8.30 - 20.00	9.30 - 17.30	9.00 - 18.00	9.00 - 18.00	9.00 - 13.00 and 14.00 - 17.00
Wednesday	8.30 - 17.00	8.30 - 20.00	9.30 - 17.30	9.00 - 18.00	9.00 - 18.00	9.00 - 13.00 and 14.00 - 17.00
Thursday	8.30 - 17.00	8.30 - 20.00	9.30 - 17.30	9.00 - 18.00	9.00 - 18.00	9.00 - 13.00 and 14.00 - 17.00
Friday	8.30 - 16.00	8.30 - 20.00	9.30 - 17.30	9.00 - 19.00	9.00 - 18.00	9.00 - 13.00 and 14.00 - 18.00

Sunday	CLOSED	10.00 - 16.00	CLOSED	CLOSED	CLOSED	CLOSED

Households and businesses within an approximate 3.5km radius of the power generation plant site will receive a leaflet about the proposal on or around 10th October 2014.

Exhibitions about the project will be held at these locations:

Wednesday 22 nd October 2014 15:00 - 20:00	Llangyfelach Church Hall, Swansea Road, Llangyfelach, Swansea SA5 7JA
Thursday 23 rd October 2014 14:00 - 19:00	Felindre Welfare Hall, Felindre, Swansea, SA5 7NA
Friday 24 th October 2014 14:00 - 19:00	Forge Fach Resource Centre, Hebron Road, Clydach, Swansea, SA6 5EJ
Saturday 25 th October 2014 09:00 - 13:00	Tircoed Village Hall, Y Cyswllt, Tircoed SA4 9QZ

From 13th October 2014, information about the proposed Project, including a leaflet about the proposal, a Preliminary Environmental Information Report and a non-technical summary (which contain a preliminary assessment of the effects of the Project) will be made available for inspection at the same locations and on the APL website.

The consultation period will be 35 days long ending on 16th November 2014, and we would welcome your views on or before this date. Please include your name and an address. Responses may be made public, subject to data protection laws.

Hysbysiad o Ddatganiad ynghylch Ymgynghori â'r Gymuned

Mae Abergelli Power Cyf (APL) yn cynnig adeiladu a gweithredu gwaith cynhyrchu pŵer sy'n rhedeg ar nwy a chysylltiadau â'r rhwydweithiau nwy a thrydan ar dir gerllaw gorsaf gywasgydd y Grid Cenedlaethol ar Fferm Abergelli, Felindre, Abertawe SA5 7NN. Lleolir y safle arfaethedig i'r gogledd o Abertawe yn Ninas a Sir Abertawe (i'r gogledd o'r M4, Cyffordd 46), oddeutu 1 cilometr i'r de-ddwyrain o Felindre, 750 metr i'r de-orllewin o Lwyncelyn ac 1.5 cilometr i'r gogledd o Langyfelach.

Mae'r Prosiect yn cynnwys gwaith cynhyrchu pŵer, cysylltiad nwy a chysylltiad trydanol fyddai'n cysylltu'r gwaith cynhyrchu pŵer â'r rhwydweithiau trawsyrru nwy a thrydan presennol sydd gerllaw. Byddai gan y gwaith cynhyrchu pŵer gyfradd allbwn trydanol o rhwng 50 a 299 megawat. Yn amodol ar ymgynghori âf cyhoedd, cynllunio ac ariannu, gall ddechrau gweithredu'n fasnachol yn 2019.

Caiff y Prosiect ei gategoreiddio fel Prosiect Seilwaith Cenedlaethol ei Arwyddocâd o dan Ddeddf Gynllunio 2008, sy'n golygu bod angen cael Gorchymyn Caniatâd Datblygu (DCO) i'w adeiladu, ei weithredu a'i gynnal.

Oherwydd natur a maint y Prosiect, mae APL yn cynnal Asesiad o'r Effaith Amgylcheddol. Felly, caiff y Prosiect ei gategoreiddio fel datblygiad Asesiad o'r Effaith Amgylcheddol. Bydd yr Asesiad o'r Effaith Amgylcheddol yn ystyried yr effeithiau posib, rhai positif a negyddol, y Prosiect ar bynciau sy'n cynnwys ansawdd yr aer a dŵr, sŵn, tirwedd ac effeithiau gweledol, traffig, ecoleg leol, archeoleg a threftadaeth, a materion economaidd-gymdeithasol.

Bydd y cais am Orchymyn Caniatâd Datblygu'n cael ei brosesu a'i archwilio gan yr Arolygiaeth Gynllunio fydd yn gwneud argymhellid i'r Ysgrifennydd Gwladol dros Ynni a Newid Hinsawdd. Gwneir y penderfyniad terfynol ar y cais gan yr Ysgrifennydd Gwladol.

Mae ymgynghori â phobl a busnesau lleol a sefydliadau eraill yn rhan hanfodol o'r broses o wneud cais am Orchymyn Caniatâd Datblygu, a bydd yn helpu i ddylanwadu ar dyluniad terfynol y prosiect. Dim ond wedi i'r holl fewnbynnau gael eu hystyried y cwblheir y dyluniadau ac y cyflwynir y cais am Orchymyn Caniatâd Datblygu.

Amlinellir polisïau'r Llywodraeth mewn perthynas â Phrosiectau Seilwaith Cenedlaethol eu Harwyddocâd mewn Datganiadau Polisi Cenedlaethol (NPSs). Mae NPS EN-1 (Ynni) yn datgan: "y bydd nwy yn parhau i fod â rôl bwysig yn y sector trydan - yn darparu hyblygrwydd hanfodol i gynnal maint cynyddol o waith cynhyrchu carbon isel ac i gynnal sicrwydd cyflenwad." Cadarnheir yr angen am y Prosiect trwy Ddatganiadau Polisi Cenedlaethol ac nid yw felly'n bwnc ar gyfer ymgynghori.

Mae APL wedi paratoi datganiad sy'n amlinellu sut maent yn bwriadu ymgynghori â phobl sy'n byw ac yn gweithio yng nghyffiniau'r safle ynglŷn â'r cais arfaethedig am Orchymyn Caniatâd Datblygu; dyma'r Datganiad ynghylch Ymgynghori â'r Gymuned. Mae ar gael i'w archwilio yn www.abergellipower.co.uk ac yn y lleoliadau a restrir yn y tabl a ganlyn (mae amseroedd agor yn amrywio).

Statement of Community Consultation Notice

Abergelli Power Ltd (APL) proposes to construct and operate a gas-fired power generation plant and connections to the gas and electricity networks on land adjacent to the National Grid compressor station at Abergelli Farm, Felindre, Swansea SA5 7NN. The proposed site is situated north of Swansea in the City & County of Swansea (north of M4, Junction 46), approximately 1km southeast of Felindre, 750m south-west of Llwynceilyn and 1.5km north of Llanyfelach.

The project includes a power generation plant, a gas connection and an electrical connection that would connect the power generation plant to the existing nearby gas and electricity transmission networks. The power generation plant would have a rated electrical output of between 50 and 299 MW. Subject to public consultation, planning and financing, it could enter commercial operation in 2019.

The Project is classified as a Nationally Significant Infrastructure Project under the Planning Act 2008 which means a Development Consent Order (DCO) is required to build, operate and maintain it.

Due to the nature and size of the Project, APL is undertaking an Environmental Impact Assessment (EIA). Therefore the Project is classified as EIA development. The EIA will consider the potential impacts, both positive and negative, of the Project on topics including air and water quality, noise, landscape and visual impact, traffic, local ecology, archaeology and heritage, and socio-economics.

The DCO application will be processed and examined by the Planning Inspectorate who will make a recommendation to the Secretary of State for Energy and Climate Change. The final decision on the application is made by the Secretary of State.

Consultation with local people, businesses, and other organisations is an essential part of the DCO application process and will help to influence the final design of the project. Only after all inputs have been considered will designs be finalised and the application for a DCO be submitted.

The Government's policies in relation to Nationally Significant Infrastructure Projects are set out in National Policy Statements (NPSs). NPS EN-1 (Energy) states that "gas will continue to play an important role in the electricity sector- providing vital flexibility to support an increasing amount of low-carbon generation and to maintain security of supply." The need for the Project is established through NPSs and is therefore not a topic of consultation.

APL has prepared a statement setting out how it proposes to consult people living and working in the vicinity of the site about the proposed DCO application; this is the Statement of Community Consultation. It is available for inspection at www.abergellipower.co.uk and at the locations listed in the following table (opening times vary).

	City and County of Swansea Council Offices, Penllergaer Swansea SA4 9GJ (01792) 636000	Swansea Central Library Civic Centre Oystermouth Road Swansea SA1 3SN (01792) 636464	Clydach Library High Street Clydach, Swansea SA6 5LN (01792) 843300	Gorseinon Library 15 West Street Gorseinon Swansea SA4 4AA (01792) 516780	Morrison Library Treharne Road Morrison Swansea SA6 7AA (01792) 516770	Pontarddulais Library St Michael's Avenue Pontarddulais Swansea SA4 8TE (01792) 882822

Hysbysiad o Ddatganiad ynghylch Ymgynghori â'r Gymuned

Mae Abergelli Power Cyf (APL) yn cynnig adeiladu a gweithredu gwaith cynhyrchu pŵer sy'n rhedeg ar nwy a chysylltiadau â'r rhwydweithiau nwy a thrydan ar dir gerllaw gorsaf gywasgydd y Grid Cenedlaethol ar Fferm Abergelli, Felindre, Abertawe SA5 7NN. Lleolir y safle arfaethedig i'r gogledd o Abertawe yn Ninas a Sir Abertawe (i'r gogledd o'r M4, Cyffordd 46), oddeutu 1 cilometr i'r de-ddwyrain o Felindre, 750 metr i'r de-orllewin o Lwyncelyn ac 1.5 cilometr i'r gogledd o Langyfelach.

Mae'r Prosiect yn cynnwys gwaith cynhyrchu pŵer, cysylltiad nwy a chysylltiad trydanol fyddai'n cysylltu'r gwaith cynhyrchu pŵer â'r rhwydweithiau trawsyrro nwy a thrydan presennol sydd gerllaw. Byddai gan y gwaith cynhyrchu pŵer gyfradd allbwn trydanol o rhwng 50 a 299 megawat. Yn amodol ar ymgynghori â'r cyhoedd, cynllunio ac ariannu, gall ddechrau gweithredu'n fasnachol yn 2019.

Caiff y Prosiect ei gateoreiddio fel Prosiect Seilwaith Cenedlaethol ei Arwyddocâd o dan Ddeddf Gynllunio 2008, sy'n golygu bod angen cael Gorchymyn Caniatâd Datblygu (DCO) i'w adeiladu, ei weithredu a'i gynnal.

Oherwydd natur a maint y Prosiect, mae APL yn cynnal Asesiad o'r Effaith Amgylcheddol. Felly, caiff y Prosiect ei gateoreiddio fel datblygiad Asesiad o'r Effaith Amgylcheddol. Bydd yr Asesiad o'r Effaith Amgylcheddol yn ystyried yr effeithiau posib, rhai positif a negyddol, y Prosiect ar bynciau sy'n cynnwys ansawdd yr aer a dŵr, sŵn, tirwedd ac effeithiau gwledol, traffig, ecoleg leol, archeoleg a threfnadaeth, a materion economaidd-gymdeithasol.

Bydd y cais am Orchymyn Caniatâd Datblygu'n cael ei brosesu a'i archwilio gan yr Arolygiaeth Gynllunio fydd yn gwneud argymhelliad i'r Ysgrifennydd Gwladol dros Ynni a Newid Hinsawdd. Gwneir y penderfyniad terfynol ar y cais gan yr Ysgrifennydd Gwladol.

Mae ymgynghori â phobl a busnesau lleol a sefydliadau eraill yn rhan hanfodol o'r broses o wneud cais am Orchymyn Caniatâd Datblygu, a bydd yn helpu i ddylanwadu ar ddyluniad terfynol y prosiect. Dim ond wedi i'r holl fewnbynnau gael eu hystyried y cwblheir y dyluniadau ac y cyfwynir y cais am Orchymyn Caniatâd Datblygu.

Amlinellir polisiau'r Llywodraeth mewn perthynas â Phrosiectau Seilwaith Cenedlaethol eu Harwyddocâd mewn Datganiadau Polisi Cenedlaethol (NPSs). Mae NPS EN-1 (Ynni) yn datgan: "y bydd nwy yn parhau i fod â rôl bwysig yn y sector trydan - yn darparu hyblygrwydd hanfodol i gynnal maint cynyddol o waith cynhyrchu carbon isel ac i gynnal sicrwydd cyflenwad." Cadarnheir yr angen am y Prosiect trwy Ddatganiadau Polisi Cenedlaethol ac nid yw felly'n bwn ar gyfer ymgynghori.

Mae APL wedi paratoi datganiad sy'n amlinellu sut maent yn bwriadu ymgynghori â phobl sy'n byw ac yn gweithio yng nghyffiniau'r safle ynglŷn â'r cais arfaethedig am Orchymyn Caniatâd Datblygu; dyma'r Datganiad ynghylch Ymgynghori â'r Gymuned. Mae ar gael i'w archwilio yn www.abergellipower.co.uk ac yn y lleoliadau a restrir yn y tabl a ganlyn (mae amseroedd agor yn amrywio).

AROUND WALES

NEWPORT A burglar who deliberately targeted a deaf man because he wouldn't hear him breaking in has been jailed. Samuel Mulgan, aged 24, betrayed the profoundly deaf man, before ransacking his home. Mulgan, of Newport, admitted burglary and was jailed for four years at Newport Crown Court.

TREDEGAR Three members of a family of benefit cheats who netted £30,000 in fake payments have been sent to prison. Parents Alison Parfitt, aged 48, and Jason Parfitt, aged 47, were wrongly paid benefits as single people - despite still living together normally as man and wife. The couple, who admitted fraud, were jailed at Cardiff Crown Court for eight and seven months respectively. Daughter Gemma Parfitt, aged 27, was jailed for seven months while the couple's son Stuart Parfitt, aged 29, received a four-month suspended sentence.

CAERPHILLY A young father killed a passer-by with a single punch as he tried to break up a pub fight. Jason Gervot, of Caerphilly, was jailed for four years at Cardiff Crown Court for hitting innocent Jake Swinney, aged 26, as he tried to separate a fight outside the Irish Thymus pub in the town. Gervot admitted manslaughter. Judge Elin Ffion told him: "This was a cowardly act by you. Mr Swinney didn't see the fatal evening and had no chance to defend himself."

Ex-soldier's museum talk

SWANSEA Museum has been visited by a former soldier, who has been talking to visitors about the First World War. Rod Hughes, pictured, a former member of the Royal Army Corps and Fourth Battalion Royal Regiment of Wales, dressed in period clothes in the museum's First World War trench exhibit before giving historical talks to visitors, which included demonstrating weapon and webbing cleaning, repairs, sending and receiving post and parcels, as well as explaining the conditions in which the soldiers had to live and to survive in day-to-day

Readers' disgust at hate crime 'bigots'

Steven Owens

01792 569970 • 01792 569930
jowens@swansea.co.uk

A MAN who was the victim of a hate crime because of his sexuality has won the backing of Swansea Post readers.

Yesterday we revealed how Andrew Davies, aged 45, pitched, had been subjected to a vile stream of hate crimes.

He said: "It all started when I founded the Unity project and people discovered I was gay."

"Some were slipped under my door, saying 'banes' were welcome to the area and that people were fearing for the safety of their children. When my mum died, I got an anonymous sympathy card saying it was time for me to move on. I also found one cut dead on my front door after someone knew I'd been gay-married before."

The article sparked outrage on the Evening Post's Facebook page, with Emma Daniels writing: "It's so worrying that these hateful people live among us, it seems as if our children have to live in a world so full of nastiness, hatred, ignorance and stupidity."

Pete Green said it was disgusting and

described those who did it as "total-minded village idiots".

Rachel Jones said: "I'm so sorry for this man, it is terrifying to think this level of hate crime still exists in society at all. As for killing the cat... that in itself is also worrying as if a vet knows far that individuals that hurt/kill animals are more likely to hurt/kill humans."

Francis Parkinson said: "The government will always pick an someone who is different from them, they think they are normal, usually they are bullies and bullguts, standing up to them and joining and joining them works, because bullies do not like to be stood up to."

Julie Powell said: "That's sad, my daughter's gay and I am very proud of her."

Caroline M Barry said: "I can't get my head around how people as this day and age can be so homophobic. And the clergy to animals is equally as shocking."

This behaviour, hostile and towards me. Sometimes I really hate the human race," Anis Gillys Thomas said: "Despicable, how can they be so ignorant? I'm terrified that kids and teens will read it."

Ain-Main Raddford said: "I honestly feel for you Andrew and I hope you realise not everyone is as ignorant and cruel as they are!"

Valley residents' services warning

PEOPLE living in the Upper Swansea Valley have been warned that services are likely to change after Powys Council was told it faces a funding cut of more than £7.7 million in the next financial year.

The warning comes after the Welsh Government revealed that councils across Wales will receive £146 million less from April 2015.

Council leader Barry Thomas

said: "Once again, Powys has found itself with its annual budget allocation from the Welsh Government with a 4.4 per cent cut in funding - the second largest in Wales and well above the Welsh average cut of 3.4 per cent."

"That is why we need to become a smaller, more focused organisation and we are likely to have a third less staff and operate out of far fewer

buildings. The council will not necessarily provide all the services that it traditionally has done in the past. Others may provide services including partners, the voluntary sector and communities themselves."

"All this will have an impact on service users, the public and of course staff, a smaller organisation means a smaller workforce. The changes will not happen overnight."

AM's call over council budget

ABERAVON AM David Irees is urging residents to have their say on Neath Port Talbot Council's budget.

Mr Irees is urging all residents within his constituency to take part in a consultation launched by the local authority last week, which closes at midday on Christmas Eve.

Neath Port Talbot Council needs to save £23 million in the next financial year to balance its budget.

Mr Irees said: "It is imperative that the people of Aberavon, and Neath Port Talbot as a whole, have a say in the draft budget that has been proposed by the local authority as these decisions have a direct impact on the daily lives of the people within my constituency."

"The importance of these services to the people of Port Talbot and its surrounding communities is critical."

"I have raised my concerns with the local authority to ensure that they make effective and effective use of all finance available to the authority and to ensure that essential services at the heart of our communities are maintained and protected."

Proposals for the draft budget include school closures, and a review of the future of community centres.

The future of Gwynedd Swimming Pool is also under threat.

A copy of the draft budget and the consultation process is currently on Neath Port Talbot Council website www.npt.gov.uk.

You can also email nptbudget@npt.gov.uk and feedback forms are available in libraries, one stop shops and other public buildings.

Pupils light up school with Indian dancing

DANCING, Indian style, took centre stage at a business primary.

Year two pupils at Brynhyfryd Infants School have been learning about the Hindu festival of light, known as Diwali, and received Indian dancing lessons.

The children then performed for their parents, and had an Indian buffet to celebrate World Food Day.

The word Diwali means "rows of lighted lamps", houses, shops and public places in India are decorated with small earthenware oil lamps called diyas.

For many Indians this five-day festival honours Lakshmi, the goddess of wealth. People start the new business year in Diwali, and some Hindus will say prayers to the goddess for a successful year.

They also celebrate one of the Diwali legends, which tells of the return of Rama and Sita to Rama's kingdom after fourteen years of exile.

Children from year two at Brynhyfryd Infants performing Indian dancing for their parents. The pupil have been learning about the Festival of Light.

**SECTION 48, PLANNING ACT 2008
REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED
FORMS AND PROCEDURE) REGULATIONS 2009**

**NOTICE OF PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER TO
CONSTRUCT, OPERATE AND MAINTAIN THE ABERGELLI POWER PROJECT ON LAND
ADJACENT TO THE FELINDRE GAS COMPRESSOR STATION AT ABERGELLI FARM,
SWANSEA, SOUTH WALES**

1. Notice is hereby given that Abergelli Power Limited ("APL") of Drax Power Station, Drax, Selby North Yorkshire, YO8 8PH, intends to apply to the Secretary of State for Business, Energy and Industrial Strategy for a Development Consent Order ("DCO") under section 37 of the Planning Act 2008 ("the 2008 Act") to authorise the construction, operation and maintenance of a gas-fired power generation plant, laydown area and access road on land adjacent to the Felindre Gas Compressor Station at Abergelli Farm, Swansea, south Wales. APL's DCO application is likely to be submitted in Q2 of 2018.
2. APL has been acquired by Drax Group plc to develop the Project. Drax Group plc is seeking to develop electricity generation projects on land at Abergelli Farm and elsewhere in the UK to support the UK Government's drive to a low carbon economy.
3. The proposed DCO would, among other things, license and authorise:
 - a. The construction, operation and maintenance of an Open Cycle Gas Turbine ("OCGT") peaking power generating station fuelled by natural gas with a rated electrical output of up to 299 megawatts (MW), including one Gas Turbine Generator with one exhaust gas flue stack (up to 45m in height), air inlet filter house, air inlet duct and exhaust diffuser.
 - b. Provision of:
 - i. Control Room / office / workshop building to monitor the plant operation and house plant controls;
 - ii. Emergency Generator, comprising a small diesel fired generator;
 - iii. Natural Gas Receiving Station, including a compression station, emergency generator, Joule-Thompson boilers and auxiliary control cabinets;
 - iv. Gatehouse providing security and logging site attendance and deliveries;
 - v. Demineralised Water Tank for the Generating Equipment;
 - vi. Raw / Fire Water Tank;
 - vii. Fin-Fan Coolers to provide cooling to the Generating Equipment;
 - viii. Transformer Compound, including a generator step-up transformer, unit and other transformers, an overhead line gantry and associated equipment;
 - ix. Telemetry apparatus including electrical cabinets;
 - x. An Access Road to the Project Site from the B4489 to the west;
 - xi. A temporary construction Laydown Area for the storage of materials, plant and equipment as well as containing site accommodation and welfare facilities, temporary car parking and temporary fencing;
 - xii. Permanent Maintenance Compound during the operational phase of the Project;
 - xiii. Ecological Mitigation Area for potential reptile translocation and ecological enhancement;
 - xiv. Permanent parking and drainage to include a site foul, oily water and surface water drainage system;
 - xv. Security infrastructure, fencing and lighting columns.
 - c. Tree and hedge removal within the Project Site boundary as required.
 - d. Replacement and compensatory planting, landscaping and, as required, ecological mitigation.
 - e. If required, the temporary prohibition or restriction on the use of public footpath(s) during the construction works described above.
 - f. If required, permanent and temporary changes to the highway network.
 - g. Compulsory acquisition of land and/or rights in land.
 - h. If required, overriding of easements and other rights over or affecting land.
 - i. The application and/or disapplication of relevant legislation as may be required.
 - j. Such ancillary, incidental and consequential works, provisions, permits, consents, waivers or releases as are necessary and/or convenient for successful construction, operation and maintenance.
4. Separate applications will be submitted to City & County of Swansea Council under the Town and Country Planning Act 1990 (as amended) for connections to the new gas and electricity networks.
5. The gas and electricity connections, together with the Power Generation Plant comprise the "Project".
6. Due to the nature and size of the Project, APL is undertaking an Environmental Impact Assessment ("EIA"). The Project is classified as EIA development under the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 (the "2009 Regulations"). The proposed application for the DCO will be accompanied by an Environmental Statement ("ES"). The ES will provide a detailed description of the Project, the likely significant environmental effects, and how any adverse effects will be mitigated. APL requested a scoping opinion from the Secretary of State prior to 16 May 2017 and in accordance with the transitional provisions in Regulation 37(2)(a) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017, the Infrastructure Planning (Environmental Impact Assessment)

Regulations 2009 will continue to apply to the application by APL for a DCO.

7. Information (including plans and maps) so far compiled about the nature and location of the Project and the Project's likely significant environmental effects is contained in a Preliminary Environmental Information Report ("2018 PEIR") and a non-technical summary. These documents will be available to view or download free of charge from the Project website from 16 January 2018. The website is located at the following link: www.abergellipower.co.uk.
8. The documents will also be available for viewing free of charge from 16 January 2018 until 19 February 2018 at the following libraries (opening times vary):

9. The documents will also be available for viewing free of charge at public exhibitions which will be held by APL at the following locations and times:

7th February 2018 16:00 - 19:00	Llangyfelach Church Hall, Swansea Road, Llangyfelach, Swansea SA5 7JA
8th February 2018 15.30 - 18.30	Forge Fach Resource Centre, Hebron Road, Clydach, Swansea SA6 5EJ
9th February 2018 17:00 - 20:00	Tircoed Village Hall, Y Cyswilt, Tircoed SA4 9QZ
10th February 2018 10:00 - 13:00	Felindre Welfare Hall, Felindre, Swansea SA5 7NA

10. A reasonable copying charge may apply, up to a maximum of £250, for the full suite of documents and £10 for an electronic copy on CD. Copies of individual documents are also available on request. The documents can be obtained by contacting: Abergelli Power Limited, 49 York Place, Edinburgh, EH1 3JD / info@abergellipower.co.uk / 01792957026.
11. If you wish to respond to this notice, or make representations in respect of the Project, these should be sent to APL. Please include your name and an address where correspondence about the response can be sent. Representations may be submitted in the following ways:
 - a. Website: www.abergellipower.co.uk
 - b. Email: info@abergellipower.co.uk
 - c. Freepost: Freepost ABERGELLI POWER
 - d. Phone: 01792957026
12. Your comments will be analysed by APL and any appointed agent of APL. Copies may be made available, in due course, to the Planning Inspectorate, Secretary of State and other relevant statutory authorities so that your comments can be noted. We will request that your personal details are not placed on the public record. Your personal details will be held securely by APL and any appointed agent of APL in accordance with the Data Protection Act 1998 and will be used solely in connection with the consultation process and subsequent development consent application(s) and, except as noted above, will not be passed to any third parties.
13. Please note that APL must receive all responses by 5pm on 19 February 2018.

RHYBUDD AM GAIS ARFAETHEDIG AR GYFER GORCHYMYN CANIATÂD DATBLYGU I ADEILADU, GWEITHREDU A CHYNNAL PROSIECT ABERGELLI POWER AR DIR GERLLAW GORSAF GWASGU NWY FELINDRE YN FFERM ABERGELLI, ABERTAW, DE CYMRU

- Hysbysir drwy hyn fod Abergelli Power Limited ("APL") o Orsaf Bŵer Drax, Drax, Selby Gogledd Swydd Efrog, YO8 8PH, yn bwriadu gwneud cais i'r Ysgrifennydd Gwladol dros Fusnes, Ynni a Strategaeth Ddiwydiannol am Orchymyn Caniatâd Datblygu ("DCO") o dan adran 37 Deddf Cynllunio 2008 ("Deddf 2008") i awdurdodi adeiladu, gweithredu a chynnal gwaith cynhyrchu pŵer sy'n llosgi nwy, lloccyn storio a ffordd fynediad ar dir gerllaw Gorsaf Gywasgu Nwy Felindre yn Fferm Abergelli, Abertawe, de Cymru. Mae'n debygol y cyflwynir cais APL am DCO yn ystod ail chwarter 2018.
- Mae APL wedi ei gaffael gan Drax Group ccc i ddatblygu'r Prosiect. Mae Drax Group ccc yn ceisio datblygu prosiectau cynhyrchu trydan ar dir yn Fferm Abergelli ac mewn mannau eraill yn y DU i gefnogi ymgyrch Llywodraeth y DU i symud tuag at economi carbon isel.
- Byddai'r DCO arfaethedig, ymhlith pethau eraill, yn trwyddedu ac yn awdurdodi:
 - Adeiladu, gweithredu a chynnal gorsaf gynhyrchu pŵer brig Tyrbin Nwy Cylch Agored ("OCGT") wedi'i bwrw gan nwy naturiol ag allbwn trydanol graddedig o hyd at 299 megawatt (MW), gan gynnwys un Generadur Tyrbin Nwy ag un stac fflw nwy llosg (hyd at 45m o uchder), tŷ hidlo mewnfa aer, pibell fewnfa aer a gwasgarwr nwy llosg.
 - Darparu:
 - Ystafell Reoli/swyddfa/adeilad gweithdy i fonitro gweithredu'r gwaith a chynnwys rheolyddion y gwaith;
 - Generadur Argyfwng, yn cynnwys generadur bach a bwerir gan ddiesel;
 - Gorsaf Dderbyn Nwy Naturiol, gan gynnwys gorsaf gywasgu, generadur argyfwng, boeleri Joule-Thompson a chablnetau rheoli ategol;
 - Porthdy'n darparu diogelwch ac yn cotnodi presenoldeb ar y safle a dantoniadau;
 - Tanc Dŵr Wedi'i Ddfwyno ar gyfer y Cyfarpar Cynhyrchu;
 - Tanc Dŵr Crai/Tân;
 - Oeryddion Fin-Fan i ddarparu oeri i'r Cyfarpar Cynhyrchu;
 - Cwrt Trawsnewidiwr, gan gynnwys trawsnewidiwr i gynyddu foltedd y generadur, trawsnewidiwr uned ac eraill, nenbont llinell uwchben a chyfarpar cysylltiedig;
 - Offer telemetreg gan gynnwys cabinetau trydanol;
 - Ffordd Fynediad i Safle'r Prosiect o'r B4489 tua'r gorllewin;
 - Lloccyn Storio dros dro i storio deunyddiau, offer a chyfarpar yn ogystal â chynnwys llety a chyfleusterau lles y safle, lletydd parcio ceir dros dro a ffensys dros dro;
 - Cwrt Cynnal Parhaol yn ystod cyfnod gweithredol y Prosiect;
 - Lloccyn Lliniaru'r Effaith ar Ecolog ar gyfer y posibilrwydd o drosglwyddo ymlogiaid a gwella ecolog;
 - Parcio a draenio parhaol i gynnwys system ddraenio dŵr budr, olewaidd a dŵr wyneb;
 - Seilwaith diogelwch, ffensys a cholofnau goleuadau.
 - Cilirio coed a gwrychoedd o fewn terfynnau Safle'r Prosiect fel sy'n ofynnol.
 - Pianu amnewid a chydbywysol, tirunio ac, fel sy'n ofynnol, lliniaru'r effaith ar ecolog.
 - Os bydd angen, gwahardd neu gyfyngu dros dro ar y defnydd o lwybr(au) troed cyhoeddus yn ystod y gwaith adeiladu a ddiogelir uchod.
 - Os bydd angen, newidiadau parhaol a throos dro i'r rhwydwaith priftrydd.
 - Caffael tir a/neu hawliau ar dir yn orfodol.
 - Os bydd angen, gwrthi-wneud hawddfreintiau a hawliau eraill dros dir neu'n effeithio ar dir.
 - Gweithredu a/neu annweithredu deddfwriaeth berthnasol yn ôl yr angen.
 - Y fath waith, darpariaethau, trwyddedau, cydsyniadau, hepgoriadau neu ryddhadau ategol, achysurool a chantyniadau, fel sy'n angenrheidiol ac/neu'n gyfleus ar gyfer adeiladu, gweithredu a chynnal llwyddiannus.
- Cyflwynir ceisiadau ar wahân i Gyngor Dinas a Sir Abertawe o dan Ddeddi Cynllunio Gwlad a Thref 1990 (fel y'i diwygwyd) ar gyfer cysylltiadau â'r rhwydweithiau nwy a thrydan newydd.
- Mae'r "Prosiect" yn cynnwys y cysylltiadau nwy a thrydan, ynghyd â'r Gwaith Cynhyrchu Pŵer.
- Oherwydd natur a maint y Prosiect, mae APL yn ymgymryd ag Asesiad o'r Effaith Amgylcheddol (EIA). Ystyrir y Prosiect yn ddatblygiad EIA o dan Reoliadau Cynllunio Seilwaith (Asesiad o'r Effaith Amgylcheddol) 2009 ("Reoliadau 2009"). Cyflwynir Datganiad Amgylcheddol ("ES") gyda'r cais arfaethedig ar gyfer y DCO. Bydd yr ES yn darparu disgrifiad manwl o'r Prosiect, yr effeithiau amgylcheddol arwyddocaol tebygol, a sut bydd unrhyw effeithiau niweidiol yn cael eu lliniaru. Gofynnodd APL am farw gmpasu gan yr Ysgrifennydd Gwladol cyn 16 Mai 2017

ac yn unol â'r darpariaethau trosiannol yn Rheoliad 37 (2) (a) Rheoliadau Cynllunio Seilwaith (Asesiad o'r Effaith Amgylcheddol) 2017, bydd Rheoliadau Cynllunio Seilwaith (Asesiad o'r Effaith Amgylcheddol) 2009 yn parhau i fod yn gymwys i'r cais gan APL am DCO.

- Cynhwysir gwybodaeth (gan gynnwys cynlluniau a mapiau) sydd wedi'i chasglu hyd yn hyn yn ôl y natur a lleoliad y Prosiect ac effeithiau amgylcheddol arwyddocaol tebygol y Prosiect mewn Adroddiad Gwybodaeth Amgylcheddol Rhagarweiniol ("PEIR 2018") a chrynodeb annhechneog. Bydd y dogfennau hyn ar gael i'w gweld neu eu lawrwytho yn rhad ac am ddim oddi ar wefan y Prosiect o 16 Ionawr 2018 ymlaen. Mae'r wefan ar y ddolen ganlynol: www.abergellipower.co.uk.
- Hefyd bydd y dogfennau ar gael i'w gweld yn rhad ac am ddim o 16 Ionawr 2018 tan 19 Chwefror 2018 yn y llyfrgelloedd dilynol (mae amseroedd agor yn amrywio):

**SECTION 48, PLANNING ACT 2008
REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED
FORMS AND PROCEDURE) REGULATIONS 2009**

**NOTICE OF PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER TO
CONSTRUCT, OPERATE AND MAINTAIN THE ABERGELLI POWER PROJECT ON LAND
ADJACENT TO THE FELINDRE GAS COMPRESSOR STATION AT ABERGELLI FARM,
SWANSEA, SOUTH WALES**

1. Notice is hereby given that Abergelli Power Limited ("APL") of Drax Power Station, Drax, Selby North Yorkshire, YO8 8PH, intends to apply to the Secretary of State for Business, Energy and Industrial Strategy for a Development Consent Order ("DCO") under section 37 of the Planning Act 2008 ("the 2008 Act") to authorise the construction, operation and maintenance of a gas-fired power generation plant, laydown area and access road on land adjacent to the Felindre Gas Compressor Station at Abergelli Farm, Swansea, south Wales. APL's DCO application is likely to be submitted in Q2 of 2018.
2. APL has been acquired by Drax Group plc to develop the Project. Drax Group plc is seeking to develop electricity generation projects on land at Abergelli Farm and elsewhere in the UK to support the UK Government's drive to a low carbon economy.
3. The proposed DCO would, among other things, license and authorise:
 - a. The construction, operation and maintenance of an Open Cycle Gas Turbine ("OCGT") peaking power generating station fuelled by natural gas with a rated electrical output of up to 299 megawatts (MW), including one Gas Turbine Generator with one exhaust gas flue stack (up to 45m in height), air inlet filter house, air inlet duct and exhaust diffuser.
 - b. Provision of:
 - i. Control Room / office / workshop building to monitor the plant operation and house plant controls;
 - ii. Emergency Generator, comprising a small diesel fired generator;
 - iii. Natural Gas Receiving Station, including a compression station, emergency generator, Joule-Thompson boilers and auxiliary control cabinets;
 - iv. Gatehouse providing security and logging site attendance and deliveries;
 - v. Demineralised Water Tank for the Generating Equipment;
 - vi. Raw / Fire Water Tank;
 - vii. Fin-Fan Coolers to provide cooling to the Generating Equipment;
 - viii. Transformer Compound, including a generator step-up transformer, unit and other transformers, an overhead line gantry and associated equipment;
 - ix. Telemetry apparatus including electrical cabinets;
 - x. An Access Road to the Project Site from the B4489 to the west;
 - xi. A temporary construction Laydown Area for the storage of materials, plant and equipment as well as containing site accommodation and welfare facilities, temporary car parking and temporary fencing;
 - xii. Permanent Maintenance Compound during the operational phase of the Project;
 - xiii. Ecological Mitigation Area for potential reptile translocation and ecological enhancement;
 - xiv. Permanent parking and drainage to include a site foul, oily water and surface water drainage system;
 - xv. Security infrastructure, fencing and lighting columns.
 - c. Tree and hedge removal within the Project Site boundary as required.
 - d. Replacement and compensatory planting, landscaping and, as required, ecological mitigation.
 - e. If required, the temporary prohibition or restriction on the use of public footpath(s) during the construction works described above.
 - f. If required, permanent and temporary changes to the highway network.
 - g. Compulsory acquisition of land and/or rights in land.
 - h. If required, overriding of easements and other rights over or affecting land.
 - i. The application and/or disapplication of relevant legislation as may be required.
 - j. Such ancillary, incidental and consequential works, provisions, permits, consents, waivers or releases as are necessary and/or convenient for successful construction, operation and maintenance.
4. Separate applications will be submitted to City & County of Swansea Council under the Town and Country Planning Act 1990 (as amended) for connections to the new gas and electricity networks.
5. The gas and electricity connections, together with the Power Generation Plant comprise the "Project".
6. Due to the nature and size of the Project, APL is undertaking an Environmental Impact Assessment ("EIA"). The Project is classified as EIA development under the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 (the "2009 Regulations"). The proposed application for the DCO will be accompanied by an Environmental Statement ("ES"). The ES will provide a detailed description of the Project, the likely significant environmental effects, and how any adverse effects will be mitigated. APL requested a scoping opinion from the Secretary of State prior to 16 May 2017 and in accordance with the transitional provisions in Regulation 37(2)(a) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017, the Infrastructure Planning (Environmental Impact Assessment)

Regulations 2009 will continue to apply to the application by APL for a DCO.

7. Information (including plans and maps) so far compiled about the nature and location of the Project and the Project's likely significant environmental effects is contained in a Preliminary Environmental Information Report ("2018 PEIR") and a non-technical summary. These documents will be available to view or download free of charge from the Project website from 16 January 2018. The website is located at the following link: www.abergellipower.co.uk.
8. The documents will also be available for viewing free of charge from 16 January 2018 until 19 February 2018 at the following libraries (opening times vary):

	Swansea Central Library Civic Centre Oystermouth Road Swansea SA1 3SN (01792) 636464	Clydach Library 54-56 High Street Clydach Swansea SA6 5LN (01792) 843300	Gorseinon Library 15 West Street Gorseinon Swansea SA4 4AA (01792) 516780	Morrison Library 13A Pentrepoeth Road Morrison Swansea SA6 6AA (01792) 516770	Pontarddulais Library 12 St Michael's Avenue Pontarddulais Swansea SA4 8TE (01792) 882822
Monday	CLOSED	9.30-17.30	9.00-18.00	9.00-18.00	9.00-13.00 and 14.00-17.00

Thursday	8.30-20.00	9.30-17.30	9.00-18.00	9.00-18.00	9.00-13.00 and 14.00-17.00
Friday	8.30-20.00	9.30-18.30	9.00-19.00	9.00-18.00	9.00-13.00 and 14.00-18.00
Saturday	10.00-16.00	9.30-16.30	9.00-17.00	9.00-17.00	9.00-13.00
Sunday	10.00-16.00	CLOSED	CLOSED	CLOSED	CLOSED

9. The documents will also be available for viewing free of charge at public exhibitions which will be held by APL at the following locations and times:

7th February 2018 16:00 - 19:00	Llangyfelach Church Hall, Swansea Road, Llangyfelach, Swansea SA5 7JA
8th February 2018 15.30 - 18.30	Forge Fach Resource Centre, Hebron Road, Clydach, Swansea SA6 5EJ
9th February 2018 17:00 - 20:00	Tircoed Village Hall, Y Cyswilt, Tircoed SA4 9QZ
10th February 2018 10:00 - 13:00	Felindre Welfare Hall, Felindre, Swansea SA5 7NA

10. A reasonable copying charge may apply, up to a maximum of £250, for the full suite of documents and £10 for an electronic copy on CD. Copies of individual documents are also available on request. The documents can be obtained by contacting: Abergelli Power Limited, 49 York Place, Edinburgh, EH1 3JD / info@abergellipower.co.uk / 01792957026.
11. If you wish to respond to this notice, or make representations in respect of the Project, these should be sent to APL. Please include your name and an address where correspondence about the response can be sent. Representations may be submitted in the following ways:
 - a. Website: www.abergellipower.co.uk
 - b. Email: info@abergellipower.co.uk
 - c. Freepost: Freepost ABERGELLI POWER
 - d. Phone: 01792957026
12. Your comments will be analysed by APL and any appointed agent of APL. Copies may be made available, in due course, to the Planning Inspectorate, Secretary of State and other relevant statutory authorities so that your comments can be noted. We will request that your personal details are not placed on the public record. Your personal details will be held securely by APL and any appointed agent of APL in accordance with the Data Protection Act 1998 and will be used solely in connection with the consultation process and subsequent development consent application(s) and, except as noted above, will not be passed to any third parties.
13. Please note that APL must receive all responses by 5pm on 19 February 2018.

ADRAN 48, DEDDF CYNLLUNIO 2008
RHEOLIAD 4 RHEOLIADAU CYNLLUNIO SEILWAITH (CEISIADAU: FFURFLENNI A
GWEITHREFFEN RHAGNODDIDIG) 2009

RHYBUDD AM GAIS ARFAETHEDIG AR GYFER GORCHYMYN CANIATÂD DATBLYGU I
ADEILADU, GWEITHREDU A CHYNNAL PROSIECT ABERGELLI POWER AR DIR GERLLAW
GORSAF GWASGU NWY FELINDRE YN FFERM ABERGELLI, ABERTAWA, DE CYMRU

- Hysbysir drwy hyn fod Abergelli Power Limited ("APL") o Orsaf Bŵer Drax, Drax, Selby Gogledd Swydd Efrog, YO8 8PH, yn bwriadu gwneud cais i'r Ysgrifennydd Gwladol dros Fusnes, Ynni a Strategaeth Ddiwydiannol am Orchymyn Caniatâd Datblygu ("DCO") o dan adran 37 Deddf Cynllunio 2008 ("Deddf 2008") i awdurdodi adeiladu, gweithredu a chynnal gwaith cynhyrchu pŵer sy'n llosgi nwy, llecyn storio a ffordd fynediad ar dir gerllaw Gorsaf Gwasgu Nwy Felindre yn Fferm Abergelli, Abertawe, de Cymru. Mae'n debygol y cyflwynir cais APL am DCO yn ystod ail chwarter 2018.
- Mae APL wedi ei gaffael gan Drax Group o'r ddatblygu'r Prosiect. Mae Drax Group o'r ceisio datblygu prosiectau cynhyrchu trydan ar dir yn Fferm Abergelli ac mewn mannau eraill yn y DU i gefnogi ymgrech Llywodraeth y DU i symud tuag at economi carbon isel.
- Byddai'r DCO arfaethedig, ymhlith pethau eraill, yn trwyddedu ac yn awdurdodi:
 - Adeiladu, gweithredu a chynnal gorsaf gynhyrchu pŵer brig Tyrbîn Nwy Cylch Agored ("OCGT") wedi'i bweru gan nwy naturiol ag allbwn trydanol graddedig o hyd at 299 megawatt (MW), gan gynnwys un Generadur Tyrbîn Nwy ag un stac fflw nwy llosg (hyd at 45m o uchder), tŷ hido mewnfa aer, pibell fewnfa aer a gwasgarwr nwy llosg.
 - Darparu:
 - Ystafell Reoli/swyddfa/adellad gweithdy i fonitro gweithredu'r gwaith a chynnwys rheolyddion y gwaith;
 - Generadur Argyfwng, yn cynnwys generadur bach a bwerir gan ddiesol;
 - Gorsaf Dderbyn Nwy Naturiol, gan gynnwys gorsaf gywasgu, generadur argyfwng, boileri Joule-Thompson a chablnetau rheoli ategol;
 - Porthdy'n darparu diogelwch ac yn cofnodi presenoldeb ar y safle a dantoniadau;
 - Tanc Dŵr Wedi'i Ddiwyro ar gyfer y Cyfarpar Cynhyrchu;
 - Tanc Dŵr Crai/Tân;
 - Oerddion Fin-Fan i ddarparu oeri i'r Cyfarpar Cynhyrchu;
 - Cwrt Trawsnewidiwr, gan gynnwys trawsnewidiwr i gynyddu foltedd y generadur, trawsnewidiwr uned ac eraill, nenbont llinell uwchben a chyfarpar cysylltiedig;
 - Offer telemetreg gan gynnwys cabinetau trydanol;
 - Ffordd Fynediad i Safle'r Prosiect o'r B4489 tua'r gorllewin;
 - Llecyn Storio dros dro i storio deunyddiau, offer a chyfarpar yn ogystal â chynnwys llei a chyflusterau lles y safle, llefydd parcio ceir dros dro a ffensys dros dro;
 - Cwrt Cynnal Parhaol yn ystod cyfnod gweithredol y Prosiect;
 - Llecyn Liniaru'r Effaith ar Ecolog ar gyfer y posibilrwydd o drosglwyddo ymlysiaid a gwella ecoleg;
 - Parcio a draenio parhaol i gynnwys system draenio dŵr buwr, olewaid a dŵr wyneb;
 - Seilwaith diogelwch, ffensys a cholofnau goleuadau.
 - Clirio coed a gwyrchoedd o fewn terfynnau Safle'r Prosiect fel sy'n ofynnol.
 - Plannu amnewid a chydbywysol, tirlunio ac, fel sy'n ofynnol, lliniaru'r effaith ar ecoleg.
 - Os bydd angen, gwahardd neu gyfyngu dros dro ar y defnydd o lwybr(au) troed cyhoeddus yn ystod y gwaith adeiladu a ddisgrifir uchod.
 - Os bydd angen, newidiadau parhaol a thros dro i'r rhwydwaith prifffyrdd.
 - Caffael tir a/neu hawliau ar dir yn orfodol.
 - Os bydd angen, gwrth-wneud hawddfrelntiau a hawliau eraill dros dir neu'n effelthio ar dir.
 - Gweithredu a/neu annweithredu deddfwriaeth berthnasol yn ôl yr angen.
 - Y fath waith, darpariaethau, trwyddedau, cydsyniadau, hepgoriadau neu ryddhadau ategol, achlysurol a chantlyniadol, fel sy'n angenrheidiol ac/neu'n gyfleus ar gyfer adeiladu, gweithredu a chynnal llwyddiannus.
- Cyflwynir ceisiadau ar wahân i Gyngor Dinas a Sir Abertawe o dan Ddeddf Cynllunio Gwlad a Thref 1990 (fel y'i ddiwygwyd) ar gyfer cysylltiadau â'r rhwydweithiau nwy a thrydan newydd.
- Mae'r "Prosiect" yn cynnwys y cysylltiadau nwy a thrydan, ynghyd â'r Gwaith Cynhyrchu Pŵer. (EIA). Ystyrir y Prosiect yn ddatblygiad EIA o dan Reoliadau Cynllunio Seilwaith (Asesiad o'r Effaith Amgylcheddol) 2009 ("Rheoliadau 2009"). Cyflwynir Datganiad Amgylcheddol ("ES") gyda'r cais arfaethedig ar gyfer y DCO. Bydd yr ES yn darparu disgrifiad manwl o'r Prosiect, yr effeithiau amgylcheddol arwyddocaol tebygol, a sut bydd unrhyw effeithiau niweidiol yn cael eu lliniaru. Gofynnodd APL am farn gwmpasu gan yr Ysgrifennydd Gwladol cyn 16 Mai 2017

ac yn unol â'r darpariaethau trosiannol yn Rheoliad 37 (2) (a) Rheoliadau Cynllunio Seilwaith (Asesiad o'r Effaith Amgylcheddol) 2017, bydd Rheoliadau Cynllunio Seilwaith (Asesiad o'r Effaith Amgylcheddol) 2009 yn parhau i fod yn gynnwys i'r cais gan APL am DCO.

7. Cynhwysir gwybodaeth (gan gynnwys cynlluniau a mapiau) sydd wedi'i chasglu hyd yn hyn ynghyd â natur a lleoliad y Prosiect ac effeithiau amgylcheddol arwyddocaol tebygol y Prosiect mewn Adroddiad Gwybodaeth Amgylcheddol Rhagarweiniol ("PEIR 2018") a chrynodeb annhechnegol. Bydd y dogfennau hyn ar gael i'w gweld neu eu lawrlwytho yn rhad ac am ddim oddi ar wefan y Prosiect o 16 Ionawr 2018 ymlaen. Mae'r wefan ar y ddolen ganlynol: www.abergellipower.co.uk.

8. Hefyd bydd y dogfennau ar gael i'w gweld yn rhad ac am ddim o 16 Ionawr 2018 tan 19 Chwefror 2018 yn y llyfrgelloedd dilynol (mae amseroedd agor yn amrywio):

- Rhadbost: Freepost ABERGELLI POWER
- Ffôn: 01792957026

12. Bydd eich sylwadau'n cael eu dadansoddi gan APL ac unrhyw asiad a benodir gan APL. Efallai y trefnir bod copïau ar gael, maes o law, i'r Arolygiaeth Gynllunio, yr Ysgrifennydd Gwladol ac awdurdodau statudol perthnasol eraill fel y gellir nodi'ch sylwadau. Byddwn yn gofyn am beidio rhoi eich manylion personol ar y cofnod cyhoeddus. Bydd eich manylion personol yn cael eu cadw'n ddiogel gan APL ac unrhyw asiad a benodir gan APL yn unol â Deddf Diogelu Data 1998 a byddant yn cael eu defnyddio dim ond mewn cysylltiad â'r broses ymgynghori a'r cais (ceisiadau) dilynol am ganiatâd datblygu ac, ac eithrio fel y'i nodir uchod, ni chaff eu trosglwyddo i unrhyw drydydd partion.

13. Sylwch bod yn rhaid i APL dderbyn yr holl ymatebion erbyn 5yh ar 19 Chwefror 2018.

Births, Marriages and Deaths

ARMITAGE Bronnie (née Duckworth) died peacefully at home, on Wednesday 3rd January 2018, after a short but much-loved mother of Geoffrey and Nicola, grandmother of Jack, Alice, Anna and Freddie. A memorial service will be held at St Helen's, Tarperton, on Wednesday 7th February, at 2.30pm. Bright flowers and a splash of colour, two flowers, but donations to St Luke's (Church) Hospital and Tarperton War Memorial Hospital, c/o Jacqueline Wilson Funeral Directors, Tel: 01829 751072.

BRADDOCK Ian Buster died peacefully on 21st December 2017, aged 91, at Meadowbank, Selkirk, after a long illness. He was a retired architect, prolific artist. Loving father to Judith, dear's loved father to son Peter, his dear's loved father to son Judith, Helena and Christopher and former husband to his mother Beverly. Private cremation. No flowers. Donations to Oxford Trust (activities for visually impaired children), c/o J R Fisher & Son Funeral Directors, 49-50 Clarence Street, York, YO1 1TW, would be gratefully appreciated. There will be a celebration of Ian's life in the spring.

BREEZE Joan (née Saunders) died peacefully on 27th December 2017, aged 95. At home. Much-loved mother, grandmother and great-grandmother.

HANNAY Fiona (née Dowling) died peacefully on 2nd January 2018. Wife of Richard, mother of Kate and James. Service of thanksgiving at St John's Church, Tisbury, 3.30pm, on 19th January 2018. All welcome. No flowers.

HEALD Alison (née Leslie) died peacefully on 29th December 2017, aged 73. Loving Mum to Emma, Alexander, Lucy and Tristram and mother-in-law to Louise, Kirsten, Simon and Beth, and proud grandmother to Leo, Daniel, Henry, Ella, Grace and Joshua. Funeral service at Mortlake Crematorium, Richmond, TW9 8EN, on Friday 12th January at 10am. Family flowers only. Donations, in lieu of flowers, may be made out to Age UK or The Alzheimer's Society and sent c/o Haven Funeral Services, 13 The Broadway, Gurney Park Lane, Acton, London, W3 8HR.

MR H. HARRIS The employment is announced between the daughter of Dawson Harris, son of Mr and Mrs H. Harris, and Miss M. Harris. The wedding will take place in summer 2018.

MR W. A. HENDERSON AND MISS A. E. KESBY The engagement is announced between the younger son of Mr and Mrs W. Henderson, of Warehorne, Kent, and the only daughter of Mr and Mrs A. Kesby, of Woburn, Switzerland.

MR J. OSBORNE AND MISS T. FOX The engagement is announced between the younger son of Mr J. Osborne, of Chesham, Bucks, and Miss T. Fox, of Warehorne, Kent.

MR H. WINEY AND MISS R. SATCHEL The engagement is announced between the younger son of Mr and Mrs H. Winey, of Hove, and the only daughter of Mr and Mrs R. Sachell, of Hove. The wedding will take place in summer 2018.

DEATHS
ABBOTT Barbara Constance on 30th December peacefully, at her home in Barton, Barbara Constance Abbott BA, widow of W Abbott CVO, CBE, FIA, following pneumonia. A memorial service at St Bartholomew's Church, Barton, on Friday 12th January, at 11am. Family flowers only, donations, if desired, to St Bartholomew's Church and The Great North Air Ambulance, c/o Martin Funeral Directors, 1 Long Lane, Sedgefield, LA10 5AL. Tel: 01752 62334.

ADAM Lady Maria peacefully in her sleep, at home, on Thursday 26th December 2017. Funeral at Golders Green Crematorium, on Saturday 13th January 2018, at 11am. No flowers.

MARSDEN Mary Ann (née Pryor) died peacefully on 30th December 2017, aged 90. Widow of Eric Charles, beloved mother of Elizabeth, Margaret, Thomas, Henry, Charles, Hugh and William and devoted grandmother of 15. Funeral service at Holy Trinity, Stourpaine, on Wednesday 31st January 2018, at noon. Family flowers only please.

PARRY Gladys May (Margaret) (née Ralph) passed away peacefully on 28th December 2017, aged 101. Much-loved mother to David and Victoria and grandmother to Sandra, Richard, Louise, Alice and Polly. Funeral to be held at All Saints Church, Abingdon, Berkshire, on 12th January, at 11.30am.

POTTS Noel Margaret Blythe (née Davies) on 2nd January 2018, aged 87, at home in Turfley, Gloucester, surrounded by a family. Funeral service to be held at 11.30am on 12th January 2018, at noon, at St Barnabas, Turfley, followed by interment in Glastonbury Family Burial Ground.

WYLES Peter Frederick died peacefully on 11st January 2018, aged 85, with his family by his side. Beloved husband of Anne, father of David, Sarah, Matthew, Timothy, Lucy, Martha, John, Elizabeth, Susannah, Mary Rose and Alexander and loving grandfather of all his children. Burial in Mass at Holy Trinity, Peckham, on 17th January, at 11.15am, followed by interment at All Saints, Llantwit Major, Glamorgan. Family flowers only, please. Donations, if desired, for the United Syria Appeal (every child in danger), c/o Dawnie Meagher Funeral Service, Marlborough.

THANKSGIVING SERVICES
TEDDER Susan (née Elliott), A Service of Thanksgiving will be held at St Mary's Church, Worplesdon, Surrey, GU3 3RE, at 2pm, 5th February 2018.

Legal Notices

SECTION 48, PLANNING ACT 2008

REGULATION 4 INFRASTRUCTURE PLANNING APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE REGULATIONS 2009

NOTICE OF PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER TO CONSTRUCT, OPERATE AND MAINTAIN THE ABERGELLI POWER PROJECT ON LANDS ADJACENT TO THE FELINDRE GAS COMPRESSOR STATION AT ABERGELLI FARM, SWANSEA, SOUTH WALES

1. Notice is hereby given that Abergelli Power Limited ("APL") of One Power Station, One, South North Wales, Y18 8PH, intends to apply to the Secretary of State for Business, Energy and Industrial Strategy for a Development Consent Order ("DCO") under section 17 of the Planning Act 2008 ("the 2008 Act") to authorise the construction, operation and maintenance of a gas fired power generation plant, gaslines and access road on land adjacent to the Felindre Gas Compressor Station at Abergelli Farm, Swansea, South Wales, APL's DCO application is likely to be submitted on 13th of 2018.

2. APL has been acquired by One Group plc. One Group plc is seeking to develop electricity generation projects on land at Abergelli Farm and elsewhere in the UK to support the UK Government's drive to a low carbon economy.

3. The proposed DCO would, among other things, involve and authorise:

- a. The construction, operation and maintenance of an Open Cycle Gas Turbine ("OCGT") peaking power generating station fuelled by natural gas with a rated electrical output of up to 209 megawatts (MW), including one Gas Turbine Generator with one exhaust gas flue stack (up to 45m in height), air inlet filter house, air inlet duct and exhaust diffuser.
- b. Provision of:
 - i. Control Room / office / workshop building to monitor the plant operation and house plant controls;
 - ii. Emergency Generator, comprising a small diesel fuel generator;
 - iii. Natural Gas Receiving Station, including a compression station, emergency generator, Acute-Thermocouple boilers and auxiliary control cabinets;
 - iv. Cathodone providing security and logging (site attendance and deliveries);
 - v. Demineralised Water Tank for the Generating Equipment;
 - vi. Raw / Fire Water Tank;
 - vii. Raw Water Cooleders to provide cooling to the Generating Equipment;
 - viii. Transformer Compound, including a generator step-up transformer, unit and other transformers, an overhead line gantry and associated equipment;
 - ix. Telemetry apparatus including electrical cabinets;
 - x. An Access Road to the Project Site from the B4480 to the west;
 - xi. A temporary construction Laydown Area for the storage of materials, plant and equipment as well as containing site accommodation and welfare facilities, temporary car parking and temporary fencing;
 - xii. Permanent Maintenance Compound during the operational phase of the Project;
 - xiii. Ecological Mitigation Area for potential wildlife translocation and ecological enhancement;
 - xiv. Permanent parking and drainage to include a site flood, city water and surface water drainage system;
 - xv. Security infrastructure, fencing and lighting columns.
- c. Tree and hedge removal within the Project Site boundary as required.
- d. Replacement and compensatory planting, landscaping and, as required, ecological mitigation.
- e. If required, the temporary prohibition or restriction on the use of public footpaths during the construction works described above.
- f. If required, permanent and temporary changes to the highway network.
- g. Compulsory acquisition of land and/or rights in land.
- h. If required, overriding of easements and other rights over or affecting land.
- i. The application and/or discontinuation of relevant legislation as may be required.
- j. Such ancillary, incidental and consequential works, provisions, permits, consents, waivers or releases as are necessary and/or convenient for successful construction, operation and maintenance.

4. Separate applications will be submitted to City & County of Swansea Council under the Town and Country Planning Act 1990 (as amended) for connections to the new gas and electricity networks.

5. The gas and electricity connections, together with the Power Generation Plant comprise the "Project".

6. Due to the nature and size of the Project, APL is undertaking an Environmental Impact Assessment ("EIA"). The Project is classified as a DCO development under the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 (the "2009 Regulations"). The proposed application for the DCO will be accompanied by an Environmental Statement ("ES"). The ES will provide a detailed description of the Project, the likely significant environmental effects and how any adverse effects will be mitigated. APL, requested a scoping opinion from the Secretary of State prior to 16 May 2017 and in accordance with the transitional provisions in Regulation 32(2)(a) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017, the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 will continue to apply to the application by APL, for a DCO.

7. Information (including plans and maps) so far compiled about the nature and location of the Project and the Project's likely significant environmental effects is contained in its preliminary Environmental Information Report ("2018 EIR") and a non-technical summary. These documents will be available to view or download free of charge from the Project website from 16 January 2018. The website is located at the following link: www.abergellipower.co.uk.

8. The documents will also be available for viewing free of charge from 16 January 2018 until 19 February 2018 at the following libraries (opening times vary):

TOWN PLANNING

DEPARTMENT FOR TRANSPORT TOWN AND COUNTRY PLANNING ACT 1990

The Secretary of State gives notice of an Order made under Section 247 of the above Act entitled "The Stopping up of Highway (East Midlands) (No.44) Order 2017" authorising the stopping up of five irregular shaped areas of unnamed highway lying south west of Bedford Road at Northampton in the Borough of Northampton, to enable development as permitted by Northampton Borough Council, references N/2016/0412 & N/2017/0102.

Copies of the Order may be obtained, free of charge, from the Secretary of State, National Transport Casework Team, Tyneside House, Skinnerburn Road, Newcastle Business Park, Newcastle upon Tyne NE4 7AR or nationalcasework@dft.gsi.gov.uk (quoting NATTRAN/EM/S247/3004) and may be inspected during normal opening hours at Northamptonshire Highways, One Angel Square, Angel Street, Northampton, NN1 1ED.

Any person aggrieved by or desiring to question the validity of or any provision within the Order, on the grounds that it is not within the powers of the above Act or that any requirement or regulation made has not been complied with, may, within 6 weeks of 4 January 2018 apply to the High Court for the suspension or quashing of the Order or of any provision included.

ABERGELLI POWER LIMITED

SECTION 48, PLANNING ACT 2008

REGULATION 4 INFRASTRUCTURE PLANNING (APPLICATIONS: PRESCRIBED FORMS AND PROCEDURE) REGULATIONS 2009 NOTICE OF PROPOSED APPLICATION FOR A DEVELOPMENT CONSENT ORDER TO CONSTRUCT, OPERATE AND MAINTAIN THE ABERGELLI POWER PROJECT ON LAND ADJACENT TO THE FELINDRE GAS COMPRESSOR STATION AT ABERGELLI FARM, SWANSEA, SOUTH WALES

1. Notice is hereby given that Abergelli Power Limited ("APL") of Drax Power Station, Drax, Selby North Yorkshire, YO8 8PH, intends to apply to the Secretary of State for Business, Energy and Industrial Strategy for a Development Consent Order ("DCO") under section 37 of the Planning Act 2008 ("the 2008 Act") to authorise the construction, operation and maintenance of a gas-fired power generation plant, laydown area and access road on land adjacent to the Felindre Gas Compressor Station at Abergelli Farm, Swansea, south Wales. APL's DCO application is likely to be submitted in Q2 of 2018.

2. APL has been acquired by Drax Group plc to develop the Project. Drax Group plc is seeking to develop electricity generation projects on land at Abergelli Farm and elsewhere in the UK to support the UK Government's drive to a low carbon economy.

3. The proposed DCO would, among other things, license and authorise:

a. The construction, operation and maintenance of an Open Cycle Gas Turbine ("OCGT") peaking power generating station fuelled by natural gas with a rated electrical output of up to 299 megawatts (MW), including one Gas Turbine Generator with one exhaust gas flue stack (up to 45m in height), air inlet filter house, air inlet duct and exhaust diffuser.

b. Provision of:

i. Control Room / office / workshop building to monitor the plant operation and house plant controls;

ii. Emergency Generator, comprising a small diesel fired generator;

iii. Natural Gas Receiving Station, including a compression station, emergency generator, Joule-Thompson boilers and auxiliary control cabinets;

iv. Gatehouse providing security and logging site attendance and deliveries;

v. Demineralised Water Tank for the Generating Equipment;

vi. Raw / Fire Water Tank;

vii. Fin-Fan Coolers to provide cooling to the Generating Equipment;

viii. Transformer Compound, including a generator step-up transformer, unit and other transformers, an overhead line gantry and associated equipment;

ix. Telemetry apparatus including electrical cabinets;

x. An Access Road to the Project Site from the B4489 to the west;

xi. A temporary construction Laydown Area for the storage of materials, plant and equipment as well as containing site accommodation and welfare facilities, temporary car parking and temporary fencing;

xii. Permanent Maintenance Compound during the operational phase of the Project;

xiii. Ecological Mitigation Area for potential reptile translocation and ecological enhancement;

xiv. Permanent parking and drainage to include a site foul, oily water and surface water drainage system;

xv. Security infrastructure, fencing and lighting columns.

c. Tree and hedge removal within the Project Site boundary as required.

d. Replacement and compensatory planting, landscaping and, as required, ecological mitigation.

e. If required, the temporary prohibition or restriction on the use of public footpath(s) during the construction works described above.

f. If required, permanent and temporary changes to the highway network.

DEPARTMENT FOR TRANSPORT TOWN AND COUNTRY PLANNING ACT 1990

The Secretary of State gives notice of an Order made under Section 247 of the above Act entitled "The Stopping up of Highways (West Midlands) (No.51) Order 2017" authorising the stopping up of a length of Ernest Street and the whole of Exeter Passage at Birmingham, in the City of Birmingham. This is to enable development as permitted by Birmingham City Council under reference 2014/09582/PA.

Copies of the Order may be obtained, free of charge, from the Secretary of State, National Transport Casework Team, Tyneside House, Skinnerburn Road, Newcastle Business Park, Newcastle upon Tyne NE4 7AR or nationalcasework@dft.gsi.gov.uk (quoting NATTRAN/WM/S247/2904) and may be inspected during normal opening hours at Library of Birmingham, Centenary Square, Broad Street, Birmingham B1 2ND.

Any person aggrieved by or desiring to question the validity of or any provision within the Order, on the grounds that it is not within the powers of the above Act or that any requirement or regulation made has not been complied with, may, within 6 weeks of 9 January 2018 apply to the High Court for the suspension or quashing of the Order or of any provision included.

S Zamenzadeh, Casework Manager

(2943374)

- g. Compulsory acquisition of land and/or rights in land.
 - h. If required, overriding of easements and other rights over or affecting land.
 - i. The application and/or disapplication of relevant legislation as may be required.
 - j. Such ancillary, incidental and consequential works, provisions, permits, consents, waivers or releases as are necessary and/or convenient for successful construction, operation and maintenance.
4. Separate applications will be submitted to City & County of Swansea Council under the Town and Country Planning Act 1990 (as amended) for connections to the new gas and electricity networks.
5. The gas and electricity connections, together with the Power Generation Plant comprise the "Project".
6. Due to the nature and size of the Project, APL is undertaking an Environmental Impact Assessment ("EIA"). The Project is classified as EIA development under the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 (the "2009 Regulations"). The proposed application for the DCO will be accompanied by an Environmental Statement ("ES"). The ES will provide a detailed description of the Project, the likely significant environmental effects, and how any adverse effects will be mitigated. APL requested a scoping opinion from the Secretary of State prior to 16 May 2017 and in accordance with the transitional provisions in Regulation 37(2)(a) of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2017, the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009 will continue to apply to the application by APL for a DCO.
7. Information (including plans and maps) so far compiled about the nature and location of the Project and the Project's likely significant environmental effects is contained in a Preliminary Environmental Information Report ("2018 PEIR") and a non-technical summary. These documents will be available to view or download free of charge from the Project website from 16 January 2018. The website is located at the following link: www.abergellipower.co.uk.
8. The documents will also be available for viewing free of charge from 16 January 2018 until 19 February 2018 at the following libraries (opening times vary):

9. The documents will also be available for viewing free of charge at public exhibitions which will be held by APL at the following locations and times:

7 th February 2018 16:00 – 19:00	Llangyfelach Church Hall, Swansea Road, Llangyfelach, Swansea SA5 7JA
8 th February 2018 15.30 – 18.30	Forge Fach Resource Centre, Hebron Road, Clydach, Swansea SA6 5EJ
9 th February 2018 17:00 – 20:00	Tircoed Village Hall, Y Cyswilt, Tircoed SA4 9QZ
10 th February 2018 10:00 – 13:00	Felindre Welfare Hall, Felindre, Swansea SA5 7NA

10. A reasonable copying charge may apply, up to a maximum of £250, for the full suite of documents and £10 for an electronic copy on CD. Copies of individual documents are also available on request. The documents can be obtained by contacting: Abergelli Power Limited, 49 York Place, Edinburgh, EH1 3JD / info@abergellipower.co.uk / 01792957026.

11. If you wish to respond to this notice, or make representations in respect of the Project, these should be sent to APL. Please include your name and an address where correspondence about the response can be sent. Representations may be submitted in the following ways:

- a. Website: www.abergellipower.co.uk
- b. Email: info@abergellipower.co.uk
- c. Freepost: Freepost ABERGELLI POWER
- d. Phone: 01792957026

12. Your comments will be analysed by APL and any appointed agent of APL. Copies may be made available, in due course, to the Planning Inspectorate, Secretary of State and other relevant statutory authorities so that your comments can be noted. We will request that your personal details are not placed on the public record. Your personal details will be held securely by APL and any appointed agent of APL in accordance with the Data Protection Act 1998 and will be used solely in connection with the consultation process and subsequent development consent application(s) and, except as noted above, will not be passed to any third parties.

13. Please note that APL must receive all responses by 5pm on 19 February 2018. (2933231)

STATEMENT OF COMMUNITY CONSULTATION NOTICE

Abergelli Power Ltd (APL) proposes to construct and operate a gas-fired power generation plant and connections to the gas and electricity networks on land adjacent to the Felindre Gas Compressor Station at Abergelli Farm, Felindre, Swansea SA5 7NN (the "Project"). The proposed site is situated north of Swansea in the City & County of Swansea (north of M4, Junction 46), approximately 1km southeast of Felindre and 1.5km north of Llanyfelach.

The Project includes a Power Generation Plant and Laydown Area/Maintenance Compound, an Access Road, a gas connection, and an electrical connection that would connect the power generation plant to the existing nearby transmission networks. The Power Generation Plant would have rated electrical output of up to 299 MW of electricity. Subject to public consultation, planning and financing, it could enter commercial operation in 2022.

The Power Generation Plant is classified as a Nationally Significant Infrastructure Project under the Planning Act 2008 (as amended) (the "Planning Act") which means a Development Consent Order (DCO) is required to build, operate and maintain it. In the context of generating stations in Wales, the Planning Act 2008 restricts what can be applied for through the DCO process to development that is integral to and forms part of the NSIP. For the APL Project, the integral elements are the Power Generation Plant, the Laydown Area/Maintenance Compound and the Access Road. The APL DCO application will not seek consent to construct and operate the gas or electrical connections; instead a planning application will be made under the Town and Country Planning Act 1990 or permitted development rights will be utilised (as applicable). However, compulsory acquisition powers for the land and rights required to construct, operate and maintain the gas and electrical connections will be included within the DCO application.

Due to the nature and size of the Project, APL is undertaking an Environmental Impact Assessment (EIA). Therefore the Project is classified as EIA development. The EIA will consider the potential effects, both positive and negative, of the Project on topics including air and water quality, noise, landscape and visual effect, traffic, local ecology, geology and ground conditions, historic environment, and socio-economics.

The DCO application will be processed and examined by the Planning Inspectorate who will make a recommendation to the Secretary of State for Business Energy and Industrial Strategy. The final decision on the application is made by the Secretary of State.

Consultation with local people, businesses, and other organisations is an essential part of the DCO application process and will help to influence the final design of the Project. Only after all inputs have been considered will designs be finalised and the application for a DCO be submitted.

The Government's policies in relation to Nationally Significant Infrastructure Projects are set out in National Policy Statements (NPSs). NPS EN-1 (Energy) states that "gas will continue to play an important role in the electricity sector- providing vital flexibility to support an increasing amount of low-carbon generation and to maintain security of supply." The need for the Project is established through NPSs and is therefore not a topic of consultation.

APL has prepared a statement, known as a Statement of Community Consultation (SoCC), which sets out how it proposes to consult people living and working in the vicinity of the site about the proposed DCO application.

APL carried out both statutory and non-statutory consultation as part of its work in 2014. As part of the 2014 statutory consultation, a SoCC was published after consultation with City & County of Swansea Council as the relevant local planning authority and the current SoCC is closely modelled on the 2014 SoCC. APL have had regard to the responses received as part of the 2014 non-statutory and statutory consultations and these have influenced the Project design that is now being consulted on in 2018.

The SoCC is available for inspection at www.abergellipower.co.uk and at the locations listed in the following table (opening times vary).

	Swansea Central Library Civic Centre Oystermouth Road Swansea SA1 3SN (01792) 636464	Clydach Library High Street Clydach, Swansea SA6 5LN (01792) 843300	Gorseinon Library 15 West Street Gorseinon Swansea SA4 4AA (01792) 516780	Morrison Library Treharne Road Morrison Swansea SA6 7AA (01792) 516770	Pontarddulais Library St Michael's Avenue Pontarddulais Swansea SA4 8TE (01792) 882822

Households and businesses within an approximate 3.5km radius of the power generation plant site will receive a leaflet about the Project on or around 16th January 2018. Exhibitions about the Project will be held at these locations:

Wednesday 7th February 16.00 - 19.00	Llanyfelach Church Hall, Swansea Road, Llanyfelach, Swansea SA5 7JA
Thursday 8th February 15.30 - 18.30	Forge Fach Resource Centre, Hebron Road, Clydach, Swansea SA6 5EJ
Friday 9th February 17.00 - 20.00	Tircoed Village Hall, Y Cyswilt, Tircoed SA4 9QZ
Saturday 10th February 10.00 - 13.00	Felindre Welfare Hall, Felindre, Swansea SA5 7NA

From 16th January 2018, information about the proposed Project, including an information leaflet, a Preliminary Environmental Information Report (updated from 2014 consultation) and a non-technical summary (which contain a preliminary assessment of the effects of the Project) will be made available for inspection at the same locations and on the APL website. The consultation period will be 35 days long and take place from 16th January until 19th February 2018 (inclusive). We would welcome your views on or before 5.00pm on 19th February 2018. Please include your name and an address. Responses may be made public, subject to data protection laws.

Hysbysiad am Ddatganiad ynghylch Ymgynghori â'r Gymuned

Mae Abergelli Power Ltd (APL) yn bwriadu adeiladu a gweithredu gwaith cynhyrchu pŵer sy'n llosgi nwy a chysylltiadau â'r rhwydweithiau nwy a thrydan ar dir gerllaw Gorsaf Gywasgu Nwy Felindre yn Fferm Abergelli, Felindre, Abertawe SA5 7NN (y "Prosiect") Lleolir y safle arfaethedig tua'r gogledd o Abertawe yn Ninas a Sir Abertawe (i'r gogledd o'r M4, Cyffordd 46), oddeutu 1km i'r de-ddwyrain o Felindre ac 1.5km i'r gogledd o Langyfelach.

Mae'r Prosiect yn cynnwys Gwaith Cynhyrchu Pŵer a Llecyn Storio/Cwrt Cynnal, Ffordd Fynediad, cysylltiad nwy, a chysylltiad trydanol a fyddai'n cysylltu'r gwaith cynhyrchu pŵer â'r rhwydweithiau trosglwyddo presennol gerllaw. Byddai gan y Gwaith Cynhyrchu Pŵer allbw'n trydanol wedi'i raddio o hyd at 299 MW o drydan. Yn amodol ar ymgynghori â'r cyhoedd, cynllunio a chyllid, gallai ddechrau gweithredu'n fasnachol yn 2022.

Ystyrir y Gwaith Cynhyrchu yn Brosiect Seilwaith o Arwyddocâd Cenedlaethol o dan Ddeddf Cynllunio 2008 (fel y'i diwygiwyd) (y "Ddeddf Cynllunio") sy'n golygu bod angen Gorchymyn Caniatâd Datblygu (DCO) i'w adeiladu, ei weithredu a'i gynnal. Yng nghyd-destun gorsafoddd cynhyrchu yng Nghymru, mae Ddeddf Cynllunio 2008 yn cyfyngu ar yr hyn y gellir gwneud cais amdano drwy'r broses DCO i ddatblygiad sy'n rhan annatod ac yn ffurfio rhan o'r NSIP. Ar gyfer Prosiect APL, yr elfennau annatod yw'r Gwaith Cynhyrchu Pŵer, y Llecyn Storio/Cwrt Cynnal a'r Ffordd Fynediad. Ni fydd cais APL, am DCO yn ceisio caniatâd i adeiladu a gweithredu'r cysylltiadau nwy a thrydan; yn hytrach gwneir cais cynllunio o dan Ddeddf Cynllunio Gwlad a Thref 1990 neu defnyddir hawliau datblygu a ganiateir (fel sy'n gymwys). Fodd bynnag, cynhwysir pŵerau caffael gorffodol ar gyfer y tir a'r hawliau sy'n ofynnol i adeiladu, gweithredu a chynnal y cysylltiadau nwy a thrydanol o fewn y cais am DCO.

Oherwydd natur a maint y Prosiect, mae APL yn ymgymryd ag Asesiad o'r Effaith Amgylcheddol (EIA). Felly, ystyrir y prosiect yn ddatblygiad EIA. Bydd yr EIA yn ystyried effeithiau posibl, cadarnhaol a negyddol fel ei gilydd, y Prosiect ar bynciau'n cynnwys ansawdd aer a dŵr, sŵn, tirwedd ac effaith weledol, traffig, ecoleg leol, daeareg ac amodau daer, amgylchedd hanesyddol, ac economïeg gymdeithasol.

Calf y cais am DCO ei brosesu a'i archwilio gan yr Arotlygiaeth Gynllunio a fydd yn gwneud argymhellid i'r Ysgrifennydd Gwladol dros Fusnes, Ynni a Strategaeth Ddiwydiannol. Gwneir y penderfyniad terfynol ar y cais gan yr Ysgrifennydd Gwladol.

Mae ymgynghori â phobl, busnesau a sefydliadau lleol eraill yn rhan hanfodol o'r broses ymgeisio am DCO a bydd yn helpu i ddylwanwadu ar gynllun terfynol y Prosiect. Dim ond ar ôl ystyried yr holl feunyddynnau y bydd y cynlluniau'n cael eu cwblhau a bydd y cais am DCO yn cael ei gyflwyno.

Mae polisiâu'r Llywodraeth mewn cysylltiad â Phrosiectau Seilwaith o Arwyddocâd Cenedlaethol wedi'u cyflwyno yn y Datganiadau Polisi Cenedlaethol (NPSs). Mae NPS EN-1 (Ynni) yn nodi y bydd "nwy yn parhau i wneud cyfraniad pwysig yn y sector trydan - gan ddarparu hyblygrwydd hanfodol i gefnogi lefel gynyddol o gynhyrchu carbon isel ac i sicrhau diogelwch y cyflenwad." Mae'r angen am y Prosiect wedi'i gadarnhau trwy NPSs ac felly nid yw'n destun ymgynghori.

Mae APL wedi paratoli datganiad, a elwir yn Ddatganiad ynghylch Ymgynghori â'r Gymuned (SoCC), sy'n amlinellu sut mae'n bwriadu ymgynghori â phobl sy'n byw ac yn gweithio yng nghyffiniau'r safle ynghylch y cais arfaethedig am DCO.

Cynhaliodd APL ymgynghoriad statudol ac anstatudol fel rhan o'i waith yn 2014. Fel rhan o ymgynghoriad statudol 2014, cyhoeddwyd SoCC ar ôl ymgynghori â Chyngor Dinas a Sir Abertawe fel yr awdurdod cynllunio lleol parthnasol ac mae'r SoCC presennol wedi'i fodoli'n agos ar SoCC 2014. Mae APL wedi ystyried yr ymatebion a dderbyniwyd fel rhan o ymgynghoriadau anstatudol a statudol 2014, ac mae'r rhain wedi dylanwadu ar gynllun y Prosiect y ymgynghori arno nawr yn 2018.

Mae'r SoCC ar gael i'w archwilio yn www.abergellipower.co.uk ac yn y lleoliadau a restrir yn y tabl dilynol (mae amseroedd agor yn amrywio).

STATEMENT OF COMMUNITY CONSULTATION NOTICE

Abergelli Power Ltd (APL) proposes to construct and operate a gas-fired power generation plant and connections to the gas and electricity networks on land adjacent to the Felindre Gas Compressor Station at Abergelli Farm, Felindre, Swansea SA5 7NN (the "Project"). The proposed site is situated north of Swansea in the City & County of Swansea (north of M4, Junction 46), approximately 1km southeast of Felindre and 1.5km north of Llangyfelach.

The Project includes a Power Generation Plant and Laydown Area/Maintenance Compound, an Access Road, a gas connection, and an electrical connection that would connect the power generation plant to the existing nearby transmission networks. The Power Generation Plant would have rated electrical output of up to 299 MW of electricity. Subject to public consultation, planning and financing, it could enter commercial operation in 2022.

The Power Generation Plant is classified as a Nationally Significant Infrastructure Project under the Planning Act 2008 (as amended) (the "Planning Act") which means a Development Consent Order (DCO) is required to build, operate and maintain it. In the context of generating stations in Wales, the Planning Act 2008 restricts what can be applied for through the DCO process to development that is integral to and forms part of the NSIP. For the APL Project, the integral elements are the Power Generation Plant, the Laydown Area/Maintenance Compound and the Access Road. The APL DCO application will not seek consent to construct and operate the gas or electrical connections; instead a planning application will be made under the Town and Country Planning Act 1990 or permitted development rights will be utilised (as applicable). However, compulsory acquisition powers for the land and rights required to construct, operate and maintain the gas and electrical connections will be included within the DCO application.

Due to the nature and size of the Project, APL is undertaking an Environmental Impact Assessment (EIA). Therefore the Project is classified as EIA development. The EIA will consider the potential effects, both positive and negative, of the Project on topics including air and water quality, noise, landscape and visual effect, traffic, local ecology, geology and ground conditions, historic environment, and socio-economics.

The DCO application will be processed and examined by the Planning Inspectorate who will make a recommendation to the Secretary of State for Business Energy and Industrial Strategy. The final decision on the application is made by the Secretary of State.

Consultation with local people, businesses, and other organisations is an essential part of the DCO application process and will help to influence the final design of the Project. Only after all inputs have been considered will designs be finalised and the application for a DCO be submitted.

The Government's policies in relation to Nationally Significant Infrastructure Projects are set out in National Policy Statements (NPSs). NPS EN-1 (Energy) states that "gas will continue to play an important role in the electricity sector- providing vital flexibility to support an increasing amount of low-carbon generation and to maintain security of supply." The need for the Project is established through NPSs and is therefore not a topic of consultation.

APL has prepared a statement, known as a Statement of Community Consultation (SoCC), which sets out how it proposes to consult people living and working in the vicinity of the site about the proposed DCO application.

APL carried out both statutory and non-statutory consultation as part of its work in 2014. As part of the 2014 statutory consultation, a SoCC was published after consultation with City & County of Swansea Council as the relevant local planning authority and the current SoCC is closely modelled on the 2014 SoCC. APL have had regard to the responses received as part of the 2014 non-statutory and statutory consultations and these have influenced the Project design that is now being consulted on in 2018.

The SoCC is available for inspection at www.abergellipower.co.uk and at the locations listed in the following table (opening times vary).

	Swansea Central Library Civic Centre Oystermouth Road Swansea SA1 3SN (01792) 636464	Clydach Library High Street Clydach, Swansea SA6 5LN (01792) 843300	Gorseinon Library 15 West Street Gorseinon Swansea SA4 4AA (01792) 516780	Morrison Library Treharne Road Morrison Swansea SA6 7AA (01792) 516770	Pontarddulais Library St Michael's Avenue Pontarddulais Swansea SA4 8TE (01792) 882822
Monday	CLOSED	9.30-17.30	9.00-18.00	9.00-18.00	9.00- 13.00 and 14.00 - 17.00

Sunday	10.00-16.00	CLOSED	CLOSED	CLOSED	CLOSED

Households and businesses within an approximate 3.5km radius of the power generation plant site will receive a leaflet about the Project on or around 16th January 2018. Exhibitions about the Project will be held at these locations:

Wednesday 7th February 16.00 - 19.00	Llangyfelach Church Hall, Swansea Road, Llangyfelach, Swansea SA5 7JA
Thursday 8th February 15.30 - 18.30	Forge Fach Resource Centre, Hebron Road, Clydach, Swansea SA6 5EJ
Friday 9th February 17.00 - 20.00	Tircoed Village Hall, Y Cyswllt, Tircoed SA4 9QZ
Saturday 10th February 10.00 - 13.00	Felindre Welfare Hall, Felindre, Swansea SA5 7NA

From 16th January 2018, information about the proposed Project, including an information leaflet, a Preliminary Environmental Information Report (updated from 2014 consultation) and a non-technical summary (which contain a preliminary assessment of the effects of the Project) will be made available for inspection at the same locations and on the APL website. The consultation period will be 35 days long and take place from 16th January until 19th February 2018 (inclusive). We would welcome your views on or before 5.00pm on 19th February 2018. Please include your name and an address. Responses may be made public, subject to data protection laws.

Hysbysiad am Ddatganiad ynghylch Ymgynghori â'r Gymuned

Mae Abergelli Power Ltd (APL) yn bwriadu adeiladu a gweithredu gwaith cynhyrchu pŵer sy'n llosgi nwy a chysylltiadau â'r rhwydweithiau nwy a thrydan ar dir gerllaw Gorsaf Gywasgu Nwy Felindre yn Fferm Abergelli, Felindre, Abertawe SA5 7NN (y "Prosiect") Lleolir y safle arfaethedig tua'r gogledd o Abertawe yn Ninas a Sir Abertawe (i'r gogledd o'r M4, Cyffordd 46), oddeutu 1km i'r de-ddwyrain o Felindre ac 1.5km i'r gogledd o Langyfelach.

Mae'r Prosiect yn cynnwys Gwaith Cynhyrchu Pŵer a Llecyn Storio/Cwrt Cynnal, Ffordd Fynediad, cysylltiad nwy, a chysylltiad trydanol a fyddai'n cysylltu'r gwaith cynhyrchu pŵer â'r rhwydweithiau trosglwyddo presennol gerllaw. Byddai gan y Gwaith Cynhyrchu Pŵer allbw'n trydanol wedi'i raddio o hyd at 299 MW o drydan. Yn amodol ar ymgynghori â'r cyhoedd, cynllunio a chyllid, gallai ddechrau gweithredu'n fasnachol yn 2022.

Ystyrir y Gwaith Cynhyrchu yn Brosiect Seilwaith o Arwyddocâd Cenedlaethol o dan Ddeddf Cynllunio 2008 (fel y'i diwygiwyd) (y "Ddeddf Cynllunio") sy'n golygu bod angen Gorchymyn Caniatâd Datblygu (DCO) i'w adeiladu, ei weithredu a'i gynnal. Yng nghyd-destun gorsafoddd cynhyrchu yng Nghymru, mae Ddeddf Cynllunio 2008 yn cyfyngu ar yr hyn y gellir gwneud cais amdano drwy'r broses DCO i ddatblygiad sy'n rhan annatod ac yn ffurfio rhan o'r NSIP. Ar gyfer Prosiect APL, yr elfennau annatod yw'r Gwaith Cynhyrchu Pŵer, y Llecyn Storio/Cwrt Cynnal a'r Ffordd Fynediad. Ni fydd cais APL, am DCO yn ceisio caniatâd i adeiladu a gweithredu'r cysylltiadau nwy a thrydan; yn hytrach gwneir cais cynllunio o dan Ddeddf Cynllunio Gwlad a Thref 1990 neu defnyddir hawliau datblygu a ganiateir (fel sy'n gymwys). Fodd bynnag, cynhwysir pŵerau caffael gorffodol ar gyfer y tir a'r hawliau sy'n ofynnol i adeiladu, gweithredu a chynnal y cysylltiadau nwy a thrydanol o fewn y cais am DCO.

Oherwydd natur a maint y Prosiect, mae APL yn ymgymryd ag Asesiad o'r Effaith Amgylcheddol (EIA). Felly, ystyrir y prosiect yn ddatblygiad EIA. Bydd yr EIA yn ystyried effeithiau posibl, cadarnhaol a negyddol fel ei gilydd, y Prosiect ar bynciau'n cynnwys ansawdd aer a dŵr, sŵn, tirwedd ac effaith weledol, traffig, ecoleg leol, daeareg ac amodau daear, amgylchedd hanesyddol, ac economïeg gymdeithasol.

Calf y cais am DCO ei brosesu a'i archwilio gan yr Arotlygiaeth Gynllunio a fydd yn gwneud argymhellid i'r Ysgrifennydd Gwladol dros Fusnes, Ynni a Strategaeth Ddiwydiannol. Gwneir y penderfyniad terfynol ar y cais gan yr Ysgrifennydd Gwladol.

Mae ymgynghori â phobl, busnesau a sefydliadau lleol eraill yn rhan hanfodol o'r broses ymgeisio am DCO a bydd yn helpu i ddylwanwadu ar gynllun terfynol y Prosiect. Dim ond ar ôl ystyried yr holl feirbynnau a bydd y cynlluniau'n cael eu cwblhau a bydd y cais am DCO yn cael ei gyflwyno.

Mae polisiâu'r Llywodraeth mewn cysylltiad â Phrosiectau Seilwaith o Arwyddocâd Cenedlaethol wedi'u cyflwyno yn y Datganiadau Polisi Cenedlaethol (NPSs). Mae NPS EN-1 (Ynni) yn nodi y bydd "nwy yn parhau i wneud cyfraniad pwysig yn y sector trydan - gan ddarparu hyblygrwydd hanfodol i gefnogi lefel gynyddol o gynhyrchu carbon isel ac i sicrhau diogelwch y cyflenwad." Mae'r angen am y Prosiect wedi'i gadarnhau trwy NPSs ac felly nid yw'n destun ymgynghori.

Mae APL wedi paratoli datganiad, a elwir yn Ddatganiad ynghylch Ymgynghori â'r Gymuned (SoCC), sy'n amlinellu sut mae'n bwriadu ymgynghori â phobl sy'n byw ac yn gweithio yng nghyffiniau'r safle ynghylch y cais arfaethedig am DCO.

Cynhaliodd APL ymgynghoriad statudol ac anstatudol fel rhan o'i waith yn 2014. Fel rhan o ymgynghoriad statudol 2014, cyhoeddwyd SoCC ar ôl ymgynghori â Chyngor Dinas a Sir Abertawe fel yr awdurdod cynllunio lleol parthnasol ac mae'r SoCC presennol wedi'i fodoli'n agos ar SoCC 2014. Mae APL wedi ystyried yr ymatebion a dderbyniwyd fel rhan o ymgynghoriadau anstatudol a statudol 2014, ac mae'r rhain wedi dylanwadu ar gynllun y Prosiect y ymgynghori arno nawr yn 2018.

Mae'r SoCC ar gael i'w archwilio yn www.abergellipower.co.uk ac yn y lleoliadau a restrir yn y tabl dilynol (mae amseroedd agor yn amrywio).

No goodwill for Friendship Tree

PONTARDULAIS

Robert Dalling

01792 545545
ro.dalling@southwales.co.uk

THE people behind Coed Bach Park's Friendship Tree, which allows people to post positive messages

for those who may be alone in the area, have vowed to continue the scheme after a vandal destroyed it.

The scheme sees people write messages on wooden tags and hang them on a tree in the Pon-

tarddulais park. It has been running for five years, having been launched by Gaynor Fuge, and has gone from strength to strength with some 120 tags hanging from its branches.

But the Friends of Coed

Bach Park said they had been left horrified to discover the tree had been ransacked of all of its wooden tags. A vast majority were rescued, but it is understood around 40 are still missing. Organisers have kept a defiant

front against the actions of the culprit, and vowed to continue the scheme.

"It's going to continue, it hasn't daunted me," Ms Fuge said. "The spirit in which we do this is far greater than the destruction by its offender."

"We want people to think of this as a one-off thing, we do not want negativity to grow."

The scheme is a community effort in Pontarddulais which involves everyone from young to old in the build-up.

"The great thing about it is it brings the community together in a sense," Ms Fuge added yesterday.

"First of all I put on an exhibition at the library

Left, the Friendship Tree in Pontarddulais which was wrecked by vandals; below, the wooden messages.

and there is involvement from the knitting group and children from the area like the 1st Pontarddulais Rainbows Group.

"I made 25 tags in the beginning and it has gone from there."

South Wales Evening Post Newmarket Holidays

Emmerdale Village & Studio Experience

Lights! Camera! Action!

2 days from £189.00, 5 May, 11 August & 13 October 2018

Discover the magic that lies at the heart of the TV series.

Highlights & inclusions

- Visit to the outdoor 'Emmerdale Village - The Tour' filming set, including a 90-minute guided walking tour
- Visit to the indoor 'Emmerdale Studio Experience' complete with an 80-minute guided tour
- Visit to the famous 'Woolpack' pub in Esholt
- One night's dinner, bed and buffet breakfast accommodation in a three-star standard hotel

PHILIPDOWNING Lord Mayor
COMMENT

A THOUGHT-PROVOKING diary entry from Anne Frank is being used to promote Holocaust Memorial Day this month.

It is: "I want to go on living even after my death! And that's why I am so grateful to God for having given me this gift, which I can use to develop myself and to express all that's in me."

"When I write I can shake off all my cares; my sorrow disappears; my spirits are revived."

Anne wrote it as a 14-year-old, less than a year before she became a victim of a Nazi concentration camp.

They're three simple sentences but, with her enormously impactful story that we now have, they show how strong the written word can be.

The quote beautifully illustrates this year's Holocaust Memorial Day (HMD) theme: The power of words.

And it's one reason why I'll be honoured to spend time with some Swansea 14-year-olds

and their school pals this Friday morning when Penlan's Ysgol Gyfun Gymraeg Bryntawe hosts a HMD event with Swansea Council.

Words can make a huge difference - both for good and evil. And HMD 2018 explores how language has been used in the past, and how it is used now.

The event at Bryntawe will give attendees the chance to reflect and offer their own thoughts to remember communities destroyed during the Holocaust and in subsequent genocides.

Around the world, HMD activities will focus on the impact that words had in such atrocious affairs, through propaganda to incite, through slogans written in resistance and memoirs written to record and respond to what was going on.

I hope that you too can spare a few moments to consider how the words that we choose to use all have an impact upon those around us.

REAL LIVES

Weapons expert's world-class work earns royal honour

Peter Sien

@PeterSien5 • 01792 545530
peter.sien@swansea.gov.uk

A SWANSEA expert in biological and chemical weapons analysis and identification has been awarded an OBE.

Cefn Hengoed school-educated Dr Cerys Rees, of the Defence Science and Technology Laboratory (Dstl), is to receive her award at a ceremony at Windsor Castle next month for her success in establishing a world-class facility for the analysis and identification of chemical and biological weapons for the defence and security of the UK.

Results of Dr Rees's work are said to have had a significant influence on UK Government diplomacy, most recently in Syria.

She said: "I'm thrilled to receive the award, and see it very much as recognition not only for me, but for all the work by the Dstl team to combat the use and development of chemical and biological weapons.

"It is an honour in every sense and I'm delighted to receive the award. My family often wonder what I do when I'm called away for work and this is a chance for them to be part of things."

Dr Rees is a Dstl fellow - a leading technical expert - for chemical and biological analysis and Attribution, with responsibility for the delivery of Dstl's research and operational capability in this area in support of defence and security stakeholders in the UK.

She is also trained to provide tactical and strategic level advice to UK police and military in support of operations.

Simon Earwicker, head of the chemistry, biology and radiological sciences division at Dstl, said: "Cerys has contributed so much to the international efforts to combat the use of chemical weapons.

"She's worked tirelessly behind the scenes to build the expertise, and it is because of her commitment and foresight that we can now respond so rapidly.

"She's provided strong personal leadership at the heart of

Dr Cerys Rees.

our work in this area, and her award is richly deserved."

Prior to taking up her current role in 2014 as a fellow, having worked in this area since 2004, Dr Rees worked in a number of roles, including research in microbial hazard assessment and the devel-

opment of novel medical counter-measures (1999-2004).

She is a member of the Chartered Society of Forensic Sciences and attended Cefn Hengoed school in Swansea, the University of Surrey and the University of Sheffield.

“It is an honour in every sense and I’m delighted to receive the award. My family often wonder what I do when I’m called away for work, and this is a chance for them to be part of things

- Dr Cerys Rees, of the Defence Science and Technology Laboratory

AROUND WALES

Contracts for internet upgrade

WALES Contracts to connect nearly 100,000 homes in Wales to high-speed internet are being put out to tender. It is hoped the 95,000 properties not reached by a previous project will be connected under the scheme, which is designed to be "tailored to the needs" of particular areas. Figures show superfast broadband is currently available to

around 94% of premises in Wales. It has been welcomed by businesses, who claim there is a "digital divide". Ofcom data analysed by the House of Commons Library found that communities in Wales had an average broadband speed of 35.4Mbps compared to a UK average of 44.6Mbps. Swansea West AM Julie James, the Minister

responsible for digital infrastructure, told the Welsh Assembly's economy committee a new scheme would tackle "specific problems for very specific parts of Wales". She added: "It will be tailored to the needs of particular areas that have differential coverage." She said BT Openreach had "done a good job" on the roll-out of the Superfast Cymru project.

Woman is killed in road collision

LLANDEILO A woman has died after being a collision with a van in Carmarthenshire. The incident happened outside Llandeilo at around 6pm on Monday. It is believed that the woman was walking along the B4302, between Llandeilo and Talley, when she collided with a green Volkswagen Transporter. The driver,

who was travelling from Pfosman towards Talley, drove straight to the local police station to report the incident. Dyfed-Powys Police are now investigating the incident and have asked the public for help. A spokeswoman for the force said: "We are appealing for witnesses, in order to understand the circumstances

surrounding this incident. "Anyone who saw this vehicle or a woman walking on roads around the Llandeilo area is urged to call Carmarthenshire RPU on 101, quoting reference DP-20180129-279." The woman, who is believed to have been aged in her late 50s to early 60s, has not yet been named by police.

World cup-themed number plates from the DVLA include the ones pictured here.

Number's up for fans to net a special World Cup memento

BOSSIES at Swansea's DVLA are reminding sports fans that football-themed licence plates are still available to buy, ahead of the World Cup in Russia.

The move comes on the closing day for ticket applications for this year's global football showcase event.

Fans of the game are invited to use the search facility on the Clac-based agency's website to find the perfect football-themed plate for them.

Among those still currently available are WO18 RLD, WE18 WON and FR18 NCE.

The licence plates are being offered as an alternative to footballing memorabilia, which can reach sky-high prices.

Jody Davies, DVLA personalised registrations senior sales manager, said: "Football memorabilia

Nino Williams
@nwilliams • 01792 545540
nino.williams@dvla.gov.uk

clearly has a market, and this top 10 highlights how much people are willing to spend on commemorating the game.

"But with more than 50 million registrations avail-

able on our website there are almost endless possibilities for football fans to celebrate their passion for the sport and their team.

"Motorists can get into World Cup fever straight away with 18 registrations now available."

Historically, football

memorabilia can go for hundreds of thousands of pounds. The most expensive item sold in the UK being an original FA Cup, dating from 1871, which went under the hammer for £420,000 at Christie's in 2005.

The most expensive items of World Cup football memorabilia ever sold include Nobby Stiles's 1966 World Cup medal, which sold for £188,200; Pele's 1970 second-half World Cup final shirt, which sold for £157,750; and Geoff Hurst's 1966 World Cup final shirt, which reached £91,750.

A spokesman for the DVLA, which employs around 6,000 people in the city added: "Football fans looking to secure a memento on a smaller budget could pick up a World Cup 2018-inspired personalised registration from DVLA."

Call to back trauma centre campaign

THE public is being urged to get behind the campaign to make Swansea home to a major trauma centre.

Morrison Hospital and the University of Wales

Hospital in Cardiff are in line for the project.

Dai Lloyd, AM for South Wales West, who has spoken out over the consultation, said he believed Morrison would better

serve patients. He added: "I am of the firm view that the major trauma centre for South Wales should be based at Morrison Hospital, Swansea."

"Morrison is unquestionably a superior geographic location."

Anyone wanting to comment should go to

<http://www.wales.nhs.uk/altplus/868/page/54073> before February 5.
