

Application by Abergelli Power Limited ("APL"), dated 25 May 2018 for development consent under s.37 of the Planning Act 2008 for a gas fired power generation plant of up to 299 Megawatts.

Statement of Common Ground

Statement of Common Ground between **Abergelli Power Limited** and **Michael Edwards**

[Draft 1 – 8 November 2018]

Revision	Date	Details
Draft 1	8 November 2018	Applicant's first draft

1. INTRODUCTION

Purpose of this Statement of Common Ground

- 1.1 This Statement of Common Ground ("**SOCG**") has been prepared by Abergelli Power Limited ("**APL**") and Michael Edwards (the "**Landowner**"). For the purpose of this SOCG, APL and the Landowner will jointly be referred to as 'the Parties'.
- 1.2 APL has applied to the Secretary of State under Planning Act 2008 for powers to construct, operate and maintain a Power Generation Plant.
- 1.3 The Project consists of:
- 1.3.1 A new Open Cycle Gas Turbine peaking power generating station, fuelled by natural gas and capable of providing a rated electrical output of up to 299 Megawatts ("**MW**"). The Power Generation Plant comprises:
- (a) Generating Equipment including one Gas Turbine Generator with one exhaust gas flue stack and Balance of Plant (together referred to as the 'Generating Equipment') which are located within the 'Generating Equipment Site';
 - (b) An Access Road to the Project Site from the B4489 which lies to the west, formed by upgrading an existing access road between the B4489 junction and the Swansea North Substation (the 'Substation') and constructing a new section of access road from the Substation to the Generating Equipment Site;
 - (c) A temporary construction compound for the storage of materials, plant and equipment as well as containing site accommodation and welfare facilities, temporary car parking and temporary fencing (the 'Laydown Area'). A small area within the Laydown Area will be retained permanently (the 'Maintenance Compound');
 - (d) Ecological Mitigation Area - area for ecological enhancement within the Project Boundary; and
 - (e) Permanent parking and drainage to include a site foul, oily water and surface water drainage system.
- 1.3.2 A Gas Connection in the form of a new Above Ground Installation (AGI) and underground Gas Pipeline to bring natural gas to the Generating Equipment from the National Gas Transmission System; and
- 1.3.3 An Electrical Connection which will be an underground electrical cable to export power from the Generating Equipment to the National Grid Electricity Transmission System.
- 1.4 The Planning Act 2008 restricts associated development for which consent can be sought under a Development Consent Order in Wales to development that is associated with a generating station with a capacity in excess of 350 MW. As the Power Generation Plant would have related electrical output of up to 299 MW, the Gas Connection and Electrical Connection are not part of the Development Consent Order Application. However, APL is seeking powers of compulsory acquisition over the land required for the Gas Connection and Electrical Connection, and is applying for planning permissions under the Town and Country Planning Act 1990 from City and County of Swansea in respect of the Gas Connection and Electrical Connection works.

- 1.5 This SOCG relates to matters relating to the Application for a Development Consent Order submitted by the Applicant on 25 May 2018 with reference EN010069 and is intended to give a clear position of the state and extent of agreement between the Parties as at the date on which this SOCG is signed and submitted to the Secretary of State.
- 1.6 Preparation of this SOCG has been informed by discussions between the Parties. The purpose of this SOCG is to set out agreed factual information about the Application.
- 1.7 It is intended that this SOCG will provide information to facilitate a smooth and efficient examination process.

2. THE APPLICATION

- 2.1 The Application for the Power Generation Plant was submitted on 25 May 2018 and accepted by the Secretary of State on 21 June 2018 (PINS reference number EN010069) and was accompanied by an Environmental Statement.

3. MATTERS AGREED BETWEEN THE PARTIES

- 3.1 The Parties agree that:
- 3.2 The Landowner's interests in land are comprised in the following plots:

Proposed permanent acquisition of freehold	Plot 12
Proposed permanent acquisition of rights	Plots 13, 14, 15 and 17
Proposed temporary possession	Plots 13A, 13B, 17A and 17B

- 3.3 The Book of Reference accurately identifies the Landowner's interests in the Order Land.
- 3.4 The Landowner was sent copies of the Applicant's statutory consultation materials, as follows:
- 3.4.1 Stage 1 s42 consultation materials on 8 October 2014; and
- 3.4.2 Stage 2 s42 consultation materials on 9 January 2018.
- 3.5 The Landowner did not respond to the Applicant's statutory consultation.
- 3.6 A licence to access the property of the Landowner was agreed on 22 July 2017 pursuant to which the Applicant was authorised to conduct ecological surveys on the Landowner's land. This licence remained valid for an agreed period to 1 March 2018.
- 3.7 The following table lists the relevant correspondence and meetings between the Parties in relation to the Application and the proposed acquisition of land:

Date	Meeting/Correspondence	Details
27 April 2018	Meeting	Meeting with the Applicant, the Landowner and the Landowner's land agent to commence

Date	Meeting/Correspondence	Details
		discussions.
2 May 2018	Discussion	The Applicant's land agents, Carter Jonas, discussed the terms of the offer to be made with the landowner's agent
18 May 2018	Correspondence	Fully termed written offer made to the Landowner by the Applicant
24 September 2018	Meeting	Meeting between land agents (with Applicant also in attendance)
10 October 2018	Meeting	Meeting between land agents (with Applicant also in attendance)
2 November 2018	Correspondence	Email providing comparables evidence from the Landowner's Agent to assist discussions.

3.8 The alternatives now put forward by the Landowner were first identified to the Applicant on 24 September 2018 by verbal description in a meeting between representatives of the Applicant and the Landowner.

4. **MATTERS NOT AGREED BETWEEN THE PARTIES**

4.1 It is not agreed by the Landowner that the compulsory acquisition powers sought by the Applicant are necessary to secure the objectives of the Project;

4.2 It is not agreed by the Landowner that the Project can be implemented within the areas shown on the Works Plan and Land Plans;

4.3 It is not agreed by the Landowner that the interference with the Landowner's land and rights is justified;

4.4 It is not agreed by the Landowner that the consideration of alternatives which is set out in the Statement of Reasons and in the Environmental Statement is adequate;

4.5 The alternatives proposed by the Landowner are not agreed by the Applicant. The Applicant does not have sufficient information to consider the alternatives raised by the Landowner in detail.

4.6 It is not agreed by the Landowner that the Applicant has presented a compelling case in the public interest for the acquisition of the Landowner's land;

This SOCG is prepared jointly and agreed by the Parties:
