Statement of Reasons Table 3: Progress of Negotiations with Statutory Undertakers

Deadline 6

Progress of negotiations with Statutory Undertakers

	Statutory Undertaker	Relevant Representation	Details of apparatus requiring protection/works required and land impacts	Status of negotiations
1	National Grid (National Grid Electricity Transmission Limited and National Grid Gas Limited)	RR-024	Underground gas transmission pipeline (Feeder 32), and associated rights. Overhead electricity transmission lines and pylon.	The first draft protective provisions and side agreements were issued to National Grid on 23 May 2018. Statements of Common Ground (one for each statutory undertaker) were sent to National Grid on 12 September 2018 and were updated and submitted at Deadline 1. Only minor updates are anticipated. The protective provisions and side agreement have now been agreed. The side agreement is in the process of being signed.
2	Western Power Distribution Limited	RR-006	An overhead line which crosses above the temporary construction laydown area, new means of access and landscaping and ecological area. An overhead line which crosses the identified route for the new underground gas connection pipeline for the Project. Underground cables which run along and across the access road which is to be used for the Project (which is already in existence as it is an existing access road to National Grid's substation).	The first draft protective provisions and side agreements were issued to Western Power Distribution Limited on 21 May 2018. The protective provisions and side agreement have now been agreed and were submitted to the examination in the revised draft DCO at Deadline 3. The side agreement has been signed and dated on 22 January 2019.
3	DWR Cymru Cyfyngedig (Welsh Water)	RR-023	High pressure water main serving Swansea - there will be a 400kV cable which crosses the water main. Crossings required for permanent site access and temporary crossings for temporary laydown area. Protections required in relation to the exercise of streetworks powers. Protections required in relation to the exercise of powers of compulsory acquisition/extinguishment of rights.	The first draft protective provisions and side agreements were issued to Welsh Water on 22 May 2018. The protective provisions and side agreement have now been agreed and were submitted to the examination in the revised draft DCO at Deadline 3. The draft Statement of Common Ground was sent on 30 November 2018. Minor updates to reflect agreement of the protective provisions are submitted at Deadline 5. The side agreement has been signed and dated on 14 January 2019.
4	Abergelli Solar Farm Limited	RR-018	Underground cables connecting the eastern solar field to the DNO station and the private road which provides access to the solar farm. If NG switches off to connect to APL, that may not be compensated by APL.	The first draft protective provisions and side agreements were issued to Abergelli Solar Farm Limited on 22 May 2018. The protective provisions and side agreement have now been agreed and the protective provisions were submitted to the examination in the revised draft DCO at Deadline 5. The side agreement has been signed and dated on 13 March 2019.
5	Wales and West Utilities Limited	RR-013	High-pressure underground gas main which runs between the existing Swansea North Substation and the adjacent National Grid Gas Compressor Station.	The first draft protective provisions and side agreements were issued to Wales and West Utilities Limited on 21 May 2018. The protective provisions have been agreed. The side agreement is currently

			A 400kV cable crossing and the new section of Access Road which will cross the Wales and West pipeline.	in the process of being negotiated. APL considers these are likely to be agreed before the end of the examination.
