Date: 29 July 2016

Dear Mr Bosworth

**Planning Act 2008 (as amended) – Section 89 and the Infrastructure
Planning (Examination Procedure) Rules 2010 – Rule 17 (as amended)**

**Application by North London Waste Authority for an Order Granting
Development Consent for the North London Heat and Power Project**

Request for Further Information

I have taken the relevant representation dated 22 December 2015 you submitted on behalf of Thames Water Utilities Limited (TWUL) to constitute an objection to the temporary possession and compulsory acquisition of new rights concerning plots 16, 18 and 19 in the freehold ownership of TWUL. I have also taken your representation concerning plots 20 and 22 to constitute an objection to the compulsory temporary suspension and acquisition of new rights. These objections were restated in the written representation you submitted on 24 March 2016. I assume that TWUL has no objection to the temporary suspension, extinguishment and acquisition of new rights concerning variously nearly every other plot in the Order land except plots 4, 5 and 33.

I appreciate from your recent email dated 6 July 2016 that discussions have been taking place with the applicant, and I would be grateful therefore for a statement of the final position of TWUL by deadline 8 of the examination timetable, 22 August 2016, confirming whether the outstanding objection to compulsory acquisition of these plots is maintained or withdrawn.

Yours sincerely

Paul Hudson
