---

Dear Mr Price

As an 'interested party' representing Arfon Swimming Club I'd like to attend the preliminary meeting on Tuesday 8th March, 2016 at 9:30am

One point I'd like to get information on relates to Agenda Item 5 regarding the 'unaccompanied site inspections' Specifically this point in the document

<http://infrastructure.planninginspectorate.gov.uk/document/3528248>)

18022016\_092517\_0.png

I'd like to know what the 'alternative sites proposed for the pumping station' are, preferably displayed on a map

I'd also like to attend the Open Floor hearing at 1pm on 8th March and the DCO hearing on 9th March at 9:30am

I'd like to ask a question about potential pollution of Llyn Padarn due to discharge from the development in the light of the findings detailed in the site survey report by Zetica (as noted in my written submission)

I'd like to highlight the impact of potential pollution on swimming and other activities in Llyn Padarn that bring income to the local area (triathlons and other sporting events)

And I'd like to ask a question about access to the lagoons during construction

And would like to know if discharge and abstraction would occur in the same place in Llyn Padarn (i.e. the lagoons pumping station)

And where the pumping station is to be located - bearing in mind the first point regarding 'alternative sites' for the pumping station

many thanks

-----  
Dr Oggy East, FRSA
