

## Open Floor Hearings 4 and 5: Hearings Action Points

- Application by East Anglia ONE North Limited for an Order Granting Development Consent for the East Anglia ONE North Offshore Wind Farm.
- Application by East Anglia TWO Limited for an Order Granting Development Consent for the East Anglia TWO Offshore Wind Farm.

Actions arising from the **Open Floor Hearings 4** (OFHs 4) held virtually on **Thursday 5 November 2020**.

Action	Party	Deadline	
1	Action 2 for OFHs 2 <sup>[see Note B and C]</sup> refers to participants in that hearing speaking about the potential for additional energy projects to make connections at the Friston grid connection point, if it is consented for these applications. References to as many as ten potential project connections to the transmission system at Friston were made at OFHs 4. Speakers referring to possible additional transmission system connections at Friston are requested to identify the names of the projects to which they refer in writing and to provide any publicly available evidence to support their position.	Brigette D'Angelo and other speakers referring to this point	D2 <sup>[see Note A]</sup>
2	Action 1 for OFHs 1 <sup>[see Note B and C]</sup> asks participants in that hearing for an explanation of their oral submissions that the proposed developments would result in adverse impacts which would outweigh the benefits of the applications, with reference to the provisions of s104(7) of the Planning Act 2008. Could speakers in this hearing please do the same in writing.	Bobby Rusack and other speakers referring to this point	D2
3	Please provide digital photographs, scans or photocopies of relevant extracts from the history of Friston book referred to in your submission, together with the title, author and year of publication.	Marie Szpak	D2

Actions arising from the **Open Floor Hearings 5** (OFHs 5) held virtually on **Friday 6 November 2020**.

Action	Party	Deadline
1	The Applicants are asked to clarify whether local community concerns about road closures and diversions can be managed by a formal commitment to using Horizontal Directional Drilling (HDD) or equivalent methods to pass across roads without road closures for trenching. If such methods are not proposed to be used, the Applicants are asked to explain their approach and why it has been chosen.	The Applicants D2
2	References were made to the proceedings of an apparently relevant summit and to an engineering opinion on potential new offshore connection options. If these documents have not already been submitted at Deadline 1 then they should be submitted.	Fiona Gilmore D2

**Notes**

- A. D2 refers to Deadline 2 in the Examinations Timetables, which is the end of **Tuesday 17 November 2020**.
- B. Actions 1 & 2 from OFHs 4 are also applicable to participants in OFHs 5.
- C. Actions 1 & 2 from OFHs 4 also refer to the action lists from OFHs 1 – 3, which can be seen at the following links for [East Anglia ONE North](#) and [East Anglia TWO](#). The OFHs 1 – 3 action lists for each application are identical and do not need to be read twice.
