Dear Examining Authority  
PINS Ref: EA1N - EN010077 and EA2 – EN010078

Re: East Anglia One North and East Anglia Two

I would like to respond and take issue with [National Grid's response to the Examining Authority's Written Questions](#) in which they have stated they will not attend Issue Specific Hearings 1 & 2 and have not fully answered the Examining Authority's Written Questions by using evasive and deflective answers.

I then ask how the Examining Authority can hope to continue with a fair, open and thorough examination when a major player such as National Grid does not participate and therefore the full extent of the Examination with regard to additional connections to the grid at Friston is not known.

I am respectfully calling for the Examining Authorities to enlist the support of the Secretary of State to then insist / summon / subpoena / or by whatever means, to get National Grid Electricity Transmission (NGET) to:

1. attend the Issue Specific Hearings and
2. answer the Examining Authority's Written Questions in full, in particular questions 1.0.16 and 1.0.17 with reference to ALL six additional energy projects that have been put on the table

Confidence will be lost in the NSIP Examination process should PINS not bring National Grid to account on these and other outstanding questions.

Kind regards

Sarah Gammon
