Dear Examining Authority

Reference the request by you requiring National Grid's attendance at the Specific Hearings and a full response to your questions, I am staggered at the arrogance of National Grid in not complying which signifies their contempt for the Examination process and urge you to encourage them to comply with your requirements.

I am respectfully calling for the Examining Authorities to enlist the support of the Secretary of State to then insist / summon / subpoena / or by whatever means, to get National Grid Electricity Transmission (NGET) to:

1. attend the Issue Specific Hearings and
2. answer the Examining Authority's Written Questions in full, in particular questions 1.0.16 and 1.0.17 with reference to ALL six additional energy projects that have been put on the table

Confidence will be lost in the NSIP Examination process should PINS not bring National Grid to account on these and other outstanding questions.

Yours faithfully

Alan Collett
