Dear Sir/Madam

SCOTTISH POWER – EAST ANGLIA ONE NORTH AND EAST ANGLIA TWO

REFS – 20024254 & 20024255

As affected person I confirm that I wish to speak at Compulsory Acquisition Hearing 2.

In terms of the comments made by the Applicants on my written representations as set out in Applicants Comments on Written Representations Volume 4 Land Interests these comments do not address my concerns.

In reality all (or nearly all) the rights which are being sought over my land are not rights which are required by Scottish Power but by National Grid. Accordingly National Grid should be required to address my written representations.

Yours faithfully

Michael Mahony
