Dear Examining Authority

I would like to respond and take issue with ScottishPower Renewables [Submission of Oral Case Issue Specific Hearing 2 on 2nd and 3rd of December 2020: Onshore Siting, Design and Construction](#) in which they have argued that additional projects, widely perceived to be connecting to the Grid at Friston if this current Application is consented, should not be included in their Cumulative Impact Assessment.

I am calling on the Examining Authorities to uphold their pledge to take all additional projects into account by:

1. Asking ScottishPower Renewables to undertake a full Cumulative Impact Assessment of all known projects; and
2. Undertaking a rigorous examination of this Cumulative Impact Assessment

This should include not just the site of the additional substations but the landfall site and perhaps most importantly, the cable corridor. How many times will a 9 km cable corridor 60m+ wide be redug? [Appendix One of SASES Response to ISH2 Action Points](#) which looks at projects with actual or potential Grid Connections at Friston shows an ADDITIONAL 8 CABLE TRENCHES to be dug.

This will result in substantial interruption to the amenities and activities at Wardens Trust over multiple years and is, in the view of Warden Trust Trustees an existential threat to the viability of our charity which has, over 30 years, played a vital role in our local communities response to help physically and mental disadvantaged children and adults and in addressing social isolation in deprived elders, the holidays of numerous children from the local community and London

It must be emphasised that all the primary stakeholders in this Examination including The Rt Hon Thérèse Coffey MP, East Suffolk Council, Suffolk County Council, Aldeburgh Town Council, Natural England, SASES, SOS and SEAS believe that the effects of these projects and associated impacts should be fully considered within this Examination.

Confidence will be lost in the Examination should the Planning Inspectorate not bring SPR to account on this issue.

Acting on behalf of Wardens Trust

Dr Alexander Gimson MB FRCP  
Chair, Wardens Trust
