Date: 24 February 2021

Dear Sir/Madam

**Application by East Anglia ONE North Limited for an Order Granting Development Consent for the East Anglia ONE North (EA1N) Offshore Windfarm project; and
Application by East Anglia TWO Limited for an Order Granting Development Consent for the East Anglia TWO (EA2) Offshore Windfarm project**

The Examining Authorities' Commentaries on the draft Development Consent Orders (dDCOs)

Please find below our responses to the questions posed:

Arts 16 – Discharge of water

We can confirm that we are broadly satisfied with Article 16; although we would suggest that 16(5) could be considered as an unnecessary duplication, because the need to obtain a flood risk activity permit for the described works is not being disapplied. Otherwise we are satisfied that the Article makes clear that it does not replace the need for an Environmental Permit for the discharge of water.

Arts 37 – Arbitration

We have no concerns in respect of this Article.

Arts 38 – Bodies discharging requirements

We have no concerns in respect of this Article.

Sch 1 Pt 1 para 1 – landscape and drainage works

We are supportive of the subdivision suggested by Suffolk County Council.

East Anglia area (East) - Iceni House

Cobham Road, Ipswich, Suffolk, IP3 9JD

General Enquiries: 08708 506506 Fax: 01473 724205

Weekday Daytime calls cost 8p plus up to 6p per minute from BT Weekend Unlimited.

Mobile and other providers' charges may vary

Sch 1 Pt 3 R41: Operational drainage management plan

Although we were content with R41 as previously worded, the changes suggested within points a) & c) would appear to be useful in providing further clarity. Point b) may already be deemed to be covered by the reference to maintenance in para (1). We are satisfied that we will be consulted by East Suffolk Council during the discharge of this requirement.

Yours faithfully

MR MARTIN BARRELL
