### **Statements of Common Ground**

Procedural Decision 7 contained within the Rule 6 Letter dated 21 February 2020 requested SoCGs with the Interested Parties and Other Parties listed in Annex G. Procedural Decision 15 contained within the Rule 6 Letter dated 16 July 2020 requested SoCGs with additional Interested Parties listed therein.

Signed versions of all SoCGs in negotiation during the Examination and not previously signed have been submitted at this deadline, save for National Air Traffic Services, East Suffolk Council and Suffolk County Council and Substation Action Save East Suffolk (SASES). An updated version of the SoCG with National Air Traffic Services has been submitted at this deadline and the Applicant hopes to submit the signed version at Deadline 9 following completion of a commercial agreement which is ongoing. An updated version of the SoCG with East Suffolk Council and Suffolk County Council has been submitted at this deadline and the Applicant hopes to submit the signed version at Deadline 9. The Applicant hopes to submit a signed SoCG by Deadline 9, however no SoCG has been submitted at this deadline.

Table 1 in Annex A to this letter contains the full list of Interested Parties and Other Parties for which a signed SoCG has been submitted at this deadline.

Table 2 in Annex A to this letter provides a list of the Interested Parties and Other Parties identified in Procedural Decision 7 and Procedural Decision 15 contained within the Rule 6 Letter for which a draft SoCG has not been provided, together with brief details of the status of the SoCG.

Table 3 in Annex A to this letter provides a list of the Interested Parties and Other Parties for which a draft SoCG was submitted at a previous deadline and a signed SoCG has not been provided at this deadline, together with brief details of the status of the SoCG.

Table 4 in Annex A to this letter provides a list of Interested Parties and Other Parties for which a signed SoCG was submitted at a previous deadline and therefore an updated SoCG will not be provided.

### **National Grid GIS Substation Photomontages**

In response to ExQ2.10.6, the Applicant produced an updated visual representation of a National Grid substation from Viewpoint 5 with a GIS substation, this was submitted at Deadline 7 (REP7-062). Although not requested formally in the following action points, the ExA did raise the possibility of having a fuller suite of viewpoints showing the National Grid substation GIS option. The Applicant has therefore included updated montages from Viewpoints 1, 2, 5, 8 and 9 and Cultural Heritage Viewpoints 3, 4 and 5 as part of this submission (ExA.AS-28.D8.V1\_01 to ExA.AS-28.D8.V1\_08).

### **Additional Submissions**

Annex B to this letter contains a list of additional submissions that are being made by the Applicant at this 25 March 2021 deadline. The Applicant considers that these provide information, clarifications and updates useful to both the Examining Authority and Interested Parties.

The Applicant has not provided an updated version of **ExQ1.3.3 Crown Land and Consent** (document reference REP1-123) in accordance with ExQ1.3.3 which states "*If at any given deadline an empty table is provided, a revised table need not be provided at any subsequent deadlines unless the Applicant becomes aware that the data and assumptions on which the empty table was provided have changed*". An empty table was submitted by the Applicant at Deadline 1 on 2 November 2020 and the Applicant is not aware of any changes which require an updated table to be submitted.

All of the documents enclosed with this submission are designed to be viewed electronically.

We would be grateful if you could kindly acknowledge safe receipt of this letter and the enclosures.

Yours faithfully

Richard Morris, Senior Project Manager
